Agency Votes To Conduct Public Sale

Stroudsburg Municipal Authority decided last night to hold a public sale for $320,000 worth of bonds required to expand and rehabilitate the borough treatment works and extend sanitary sewers to all of West Stroudsburg.

Their action came after they had studied a negotiated sale offer made by Kidder, Peabody & Co., Philadelphia bonding house and financial advisers to both the authority and borough council.

Under a schedule set up last night the sale will be advertised and bids will be received by the authority in council chambers Jan. 19 at 7:30 p.m.

Bid of Kidder-Peabody was submitted by Willard Wright, Philadelphia, who with Harold Bond, Scranton, represented the financial house.

All members of the authority — Gerald M. Anderson, chairman; R. C. Hughes, Frank L. Stackhouse, Randall Marsh and Jack Kerlin — were present.

All members of the borough council attended the meeting.

Mr. Wright advised the authority that 95 per cent of such authority bonds are sold at a "negotiated sale" such as the Kidder, Peabody offer.

He also maintained that the Kidder, Peabody offer would not be bettered at a public sale. Mr. Wright went on to say he felt a public sale "would cost the community."

Howard Taylor of Morgan, Lewis and Bockius, bond counsel for the authority; Attorney George T. Robinson, authority and bond counsel solicitor, attended.

Before receiving the Kidder Peabody offer the authority formally fixed the amount of the issue and a maturity schedule for the 30-year issue.

The authority went into an executive session to consider the Kidder-Peabody offer. When the session ended, Mr. Anderson announced that the authority "thinks it can do better with competitive bidding."

Mossadegh Sentenced

Tehran, Iran (AP) — A military court yesterday found former Premier Mohammed Mossadegh guilty on 13 charges of attempting to overthrow the Shah and sentenced him to three years in solitary confinement. He is reputedly well past 70 years old.

The 35-day trial ended Saturday night but the Shah made a last minute plea for mercy for Mossadegh, a plea the old former Prime Minister hotly rejected.

The court began its consideration of the case yesterday at 2:20 p.m.

Brig. Paghi Riadi, Mossadegh's former chief of staff and co-defendant, was given two years and dismissed from the army.

The court said the unexpected mildness of the sentence was directly due to the Shah's intervention on Mossadegh's behalf.

Poisoned Fudge Is Mailed To Church Members

Lake Wales, Fla. (AP) — It was arsenic in the pink icing of fudge sent through the mail that poisoned at least 14 members of the Lake Wales First Baptist Church. There were no deaths.

Police Chief K. M. Mellick and Postal Inspector O. C. H. Willard said a laboratory analysis of the candy yesterday indicated the poison das lead arsenate, though it might have been a similar poison, lead arsenite.

Lead arsenate looks something liked powdered sugar and can easily be bought for use in killing pests and insects, the chief said.

Mellick said he believes the candy sender had death in mind when he mailed it. However, so much poison was put in the candy that it caused too violent a reaction.

The worst thing that happened was that 14 persons, including several children, reported being badly nauseated for a day.

Hoboes Asked To Mourn Connelly

Cincinnati (AP)—Jeff Davis, king of the hoboes, proclaimed 30 days or mourning for all hoboes in memory of James Leo (One-Eyed) Connelly, the world champion gatecrasher.

Connelly died Sunday in Zion, Ill.

Davis said he would petition all major league ball parks — the scenes of some of Connelly's greatest triumphs — to keep one seat reserved in One-Eyed's memory.

"Connelly was the one who put a smile into sports," the hobo king said.

Davis ordered all tanks — hobo units — to go into mourning for Connelly, a vice president and charter member of the Hoboes of America.

Airliner Guides Crippled Plane To Safe Landing

Shannon Airport, Ireland, Tuesday, (AP)—An American Trans World Airways plane went more than 1,000 miles out of its way last night to guide homeward a British Royal Air Force transport.

The British plane, bound from Greenland to Prestwick, Scotland, sent out a distress call while 700 miles from the Irish coast.

The American airliner, 500 miles on its way to New York, turned off its westward course over the Atlantic to search for the transport. It found the British plane and guided it all the way back to Scotland.

Pilot William Perkins of the TWA airliner, then flew on to Shannon, refueled, and took off again New York-bound with his 19 passengers and crew of nine.

Socialist Intervenes In Dispute

Versailles, France, (AP)—The Socialist presiding officer of France's weary Electoral Congress dramatically intervened in the presidential deadlock last night after a 10th ballot had failed to settle the race.

As a result, it was generally conceded last night that Edouard Herriot and Vincent Auriol, two tired old men who have insisted time and again that they do not want the job, were the leading dark horses for the presidency of the Fourth French Republic.

But Herriot, 81-year-old Radical Socialist (moderate) statesman, and Auriol, 69-year-old Socialist who wants to retire from the President's job he has held seven years, were generally conceded to be the only men who could be considered above the party squabbles which have thrown the Congress into its present deadlock.

The Congress, made up of members of the National Assembly and the Senate, split again along rigid left-right lines on the 10th ballot and failed to give Premier Joseph Laniel a majority.

It was then that Andre Le Troquer, Socialist presiding officer, made an unprecedented intervention in the deliberations by calling for the influential members of the Congress to meet in his office this morning to seek a solution. Le Troquer is the presiding officer because Herriot, suffering from phlebitis, is too ill to perform the duty.

The deputies and senators cheered his announcement that he would seek to help lead the members to a compromise candidate before the 11th ballot at 3 p.m.

Distribute Gifts

Berlin, (AP)—Maj. Gen. Thomas S. Timberman, U. S. commandant in Berlin, yesterday turned over 300,000 Christmas gift food parcels to the West Berlin government for distribution to needy West Berliners and refugees from the Soviet zone.

Father Of 7 Killed

Kittanning (AP)—Charles Shaffer, 49, father of seven, was fatally injured yesterday in a fall down an elevator shaft at a store where he worked.

River Bill Approved By Legislature

Trenton, N. J. (AP) — Both houses of the New Jersey Legislature, acting under emergency rules, gave quick approval last night to a water bill designed to end litigation among New York, New Jersey and Pennsylvania over rights to drinking water from the Delaware River.

The bill, introduced by retiring Sen. Alfred B. Littell (R-Sussex), increases the amount of water that may be diverted from the upper Delaware by the three states and authorizes the building of dams and a reservoir in Sussex County. The bill was approved, 17 to 0.

Littell told the Senate no objections to the bill were brought out at a recent public hearing. Sen. W. Howard Sharp (D-Cumberland), who did not vote on the bill, said it was his understanding the water bill also would increase the flow of the river and would thereby threaten extinction to oyster beds in Delaware Bay. He asked the Legislature to provide compensation for the oyster industry if such a situation arose.

In the Assembly, the water bill was approved 43 to 1 with Sussex Assemblyman Clarence J. Little, a Democrat, opposed. He said the plan would help North Jersey industry, but would hurt Sussex agriculture.

Labor Board Reverses Rule

Washington (AP) — The National Labor Relations Board (NLRB) yesterday reversed 3-1 a two-year rule that employers must give unions equal time to deliver speeches on unionism to employes during working hours.

"We reject the idea that the union has a statutory right to assemble and make campaign speeches to employes on the employer's premises and at the employer's expense," the NLRB majority said in a major reversal of policy.

In place of the former "captive audience" rule that a union must have an opportunity to make pro-union speeches on company time and premises when the employer has used his facilities for an anti-union address, the NLRB established a brand new regulation.

It announced that, henceforth, both employers and unions will be barred from making speeches during working hours on company premises for 24 hours preceding any NLRB election to determine whether employes want union bargaining representation.

The majority opinion said it recognized that the new rule itself could be taken as limiting the employer's free speech at his own business during the 24-hour period but declared it was "a rule of practical labor relations governing conduct of elections."

February Draft Call Announced

Harrisburg (AP)—The state selective service headquarters yesterday issued a draft call of 1,018 men for February.

Col. Henry M. Gross, director, said the call would be made up of 20-year-olds as far as possible. The call is 238 men less than the January call.

Low Bid Of $648,701 Listed For Widening Of Route 115, Brodheadsville To Blakeslee

An unofficial low bid of $648,701 was received by the State Highway Department yesterday for construction of 16.75 miles of highway in Monroe County.

The bid was entered by Herbert R. Imbt, State College.

The stretch of highway is Route 115, from Brodheadsville to Blakeslee Corners—or from Route 209 to Route 940.

The construction will turn the stretch of highway from a two-lant into a three-lane road.

Pavement will be widened, with a flexible base and bituminous surface. An existing concrete-reinforced arch bridge will be extended, as will be six reinforced concrete bridges. Existing bridge floors will be replaced with plain concrete wearing surfaces.

U. N. To Broadcast Appeal To 22 Americans, 78 Other Allies Still In POW Camps

Panmunjom, Tuesday, (AP)—Balked at face-to-face interviews, the Allies will make a last-ditch broadcast appeal tomorrow to the 22 American prisoners of the Korean War who have embraced Communism.

The deadline for "come home" explanations is Wednesday midnight.

The Indian Command today approved the broadcasts. They will be made also to the one Briton and 77 South Koreans who were not given regular interviews.

"We will allow it," an Indian spokesman said today. "We will make the facilities available. It is for them (the prisoners) to listen or not to listen."

The American prisoners earlier had refused to accept a 12-page appeal from the U. N. Command explaining why they should make a free and informed choice on coming home.

The U. N. Command also asked to make face-to-face explanations to any of the prisoners who would come out on the final day. But the Indian spokesman predicted they would remain firm in their refusal.

The Communists asked to give explanations tomorrow to 250 Chinese prisoners in B4 compound and also to 41 Chinese and Korean prisoners who have asked to be sent to neutral countries after their scheduled release Jan. 22.

The Indian spokesman said the Allied broadcasts tomorrow would be made from one point, with neutral nations and Communist observers on hand.

Some Chinese Coaxed Back

Panmunjom, Tuesday, (AP)—Communist officers with soft-voiced pleas today coaxed Chinese prisoners to drop their anti-Red stand and come home.

Sixteen of the first 176 asked to go went back to the Reds.

The same type of pleas yesterday won back 33 of 250 Chinese interviewed in the Korean demilitarized zone where prisoners of both sides are held in the neutral custody. They are the ones who refused to go home in the big armistice exchange.

The Communists called up 236 Chinese POWs for explanations today. Generally the captives were calm. Only a few raised their voices. Some displayed boredom by turning their backs on explainers and sitting quietly, chins in hands.

A few whooped as they left the explanation tents on the way back to the stockade which showed they had chosen against the Reds.

Ousted Dock Union May Join Lewis

Washington (AP) — John L. Lewis yesterday sided with one of two hotly-feuding longshoremen's unions in what appeared to be a carefully-timed bid to become labor boss over New York City's turbulent waterfront.

The 73-year-old president of the United Mine Workers Union (UMW) kept mum himself, but William V. Bardley, newly-elected chief of the International Longshoremen's Assn., which the AFL ousted on grounds it was crime-ridden, emerged from an hour-long conference with Lewis and said:

One—The ILA's "financial troubles are over" and its barren treasury has been replenished. Previously Lewis was reported as having extended the ILA a $50,000 loan. Neither Bradley nor Lewis would confirm or deny the loan report.

Two—If the ILA wins a government collective bargaining election on the New York and New Jersey piers, Bradley favors the ILA's affiliating with the independent UMW. He added that he previously had been talking about affiliating with the AFL or CIO.

The Lewis-Bradley meeting took place on the eve of balloting to be conducted today and Wednesday by the National Labor Relations Board (NLRB) among the 22,000 New York harbor dockworkers.

Bradley predicted a 10-1 victory in the NLRB polling, but AFL President George Meany also has expressed confidence that a new AFL union would win. The AFL established its own longshore group after ousting the ILA, which crime probers have accused of harboring criminal elements.

Letter Delayed; Woman Object Of Wide Search

Wilkes-Barre, (AP)—A letter that took almost four days to travel 72 miles yesterday cleared the mystery of a 40-year-old Plains woman, a Bethlehem school teacher, who was the object of an intensive search by police in 18 states.

The delay in delivering the letter, mailed Thursday from Allentown, resulted in relatives of Miss Theresa Herrick reporting her missing.

Miss Agnes Herrick, a sister, received the letter yesterday in which the missing school teacher said she was going to spend the weekend in New York with another teacher and would be home on Monday night.

Plane Catches Fire

New York (AP) — An engine fire occurred in a plane taking off from Idlewild Airport for Los Angeles yesterday with 60 passengers aboard, and three persons were slightly hurt.

14 Escape Death

Hong Kong, (AP)—A United States Navy plane on a holiday trip crashed and burned at Hong Kong's Kaitak Airport yesterday but most and probably all 14 aboard were saved.

N. J. Solons Fight Bridge Demolition

Trenton, N.J. (AP) — The New Jersey Legislature in special session last night approved a resolution calling on the state's attorney general to institute suit to stop the proposed demolition of a Delaware River Bridge just north of Phillipsburg.

But, the State Senate turned thumbs down on a bill by Sen. Wayne Dumont (R-Warren) to bar the sale or demolition of the bridge.

Dumont, who also introduced the resolution, which does not require the government's signature, ran into trouble when he sought to pass the bill under emergency rules.

His bill was questioned by Sens. John M. Summerill Jr., (R-Salem), David Van Alstyne (R-Bergen), Alfred B. Littell (R-Sussex) and W. Howard Sharp (D-Cumberland).

Summerill, Van Alstyne and Littell said they believed the legislature could not approve a measure which would interfere with the operation of a bi-state commission such as the Delaware River Joint Toll Bridge Commission.

Sharp jocularly asked if the bill would have any jurisdiction over the Pennsylvania side of the bridge.

"It seems to me this bill would take care of only that part of the bridge which is in New Jersey," Sharp said. "I think that if the commission took off say 50 feet on the Pennsylvania side, there would be no bridge."

Dumont had told a reporter he would fight to have his bill passed. When the count was taken in the House it received only seven affirmative votes. Eleven are needed for passage. Dument then asked to have the bill laid over until the Jan. 8 meeting of the special session.

The resolution said that the closing of the bridge "would result in severe hardship upon, and inconvenience to, the citizens of the area served by said bridge and the commerce and industry of such area."

Federal Judge Philip Forman has been petitioned by three Pennsylvania residents to prevent the toll bridge commission from destroying the free bridge. Forman said last week he was not sure whether he had jurisdiction in the case. He heard arguments, however, and said he would make an announcement on whether to rule in the case.

Dumont said if Forman removes himself from the case, action would be instituted in New Jersey Superior Court along the same lines.

Army Purchases Of Manufactured Goods Declines

Washington (AP) — Army purchasing of manufactured goods, which zoomed early in the Korean War, has slowed to a walk and will ease off even more next year, Undersecretary Earl D. Johnson reported yesterday.

The cutback, Johnson added, does not mean that money isn't still flowing into industry.

"It means rather," he said, "that industry's backlog of Army orders is shrinking. Money is still flowing out at close to peak rates because of old open orders."

Wanted Criminal Arrested By FBI

Washington (AP) — The Federal Bureau of Investigation last night announced the apprehension in Verdunville, W. Va., of Thomas Everett Dickerson, 30, one of the agency's 10 most wanted fugitives.

J. Edgar Hoover, director of the FBI, said Dickerson was picked up by state troopers and FBI agents last night.

Acceptance Only Conditional But Dulles 'Hopeful'

Washington (AP) — Soviet Russia agreed conditionally yesterday to talk about pooling atomic energy for peaceful purposes, and Secretary of State Dulles said he drew "hope" from the offer.

Every possibility of securing agreement on the plan will be explored, Dulles said.

The Soviet offer was made in a 3,000-word note replying to President Eisenhower's proposal that at least some atomic energy be diverted to humanitarian purposes under a United Nations agency.

Dulles, five hours later, issued a statement saying the Soviet Union "expresses its readiness to take part in confidential or diplomatic talks concerning the President's proposal' 'and adding, "this is hopeful."

John Foster Dulles

In regard to a Russian suggestion that the United States also consider an international ban on the H-bomb and all other weapons of mass destruction, Dulles said:

"The Soviet Union seems not to have caught the spirit of the President's proposal. Its very purpose was to find a new and clearly feasible basis which will permit actually getting started."

The White House said Eisenhower would have no comment "at this time."

The United States and Russia have been deadlocked for years on the question of outlawing atomic weapons, with the Americans insisting that before any ban there must be an ironclad system of inspection and control. The Communists want the ban first.

"It has long been evident, and the tone of the Soviet response makes it even clearer," Dulles said, "that little can be achieved by the continuance of public debate.

"The United States will, through the new channels which the Soviet Union now accepts, explore every possibility of securing agreement and bringing President Eisenhower's historic proposal into the realm of creative action."

Dulles did not say precisely what the next step will be. In all probability, he will consult further with the President, who laid his plan before the United Nations in an address at New York Dec. 8.

The secretary recalled that Eisenhower had said the United States was ready "to meet privately with such other countries as may be principally involved, including the Soviet Union, to seek an acceptable solution to the atomic armaments race."

"The President sought 'A way by which the miraculous inventiveness of man shall not be dedicated to his death but consecrated to his life,'" Dulles said.

Then he noted that the Soviet government criticizes the Eisenhower plan because it will not remove the threat of atomic weapons. "It also restates former positions taken by the Soviet Union," he said, adding at this point that Russia doesn't seem to have caught the spirit of the idea.

"I am very pleased at this news," said Rep. Cole (R-NY), chairman of the Senate-House Atomic Energy Committee. "It is at least hopeful."

Sen. McCarthy (R-Wis) commented that "The language sounds good, as so much of theirs does."

"But any agreement outlawing atomic and hydrogen weapons obviously has no effect on international Communism unless a foolproof system of nspection is agreed to by the Russians."

Eisenhower's new idea is that the United States, Russia and other atomic powers—"to the extent permitted by elementary prudence"—make joint contributions from their stockpiles of uranium and fissionable materials to a U. N. agency which would devote it to peaceful purposes, including medical research.

Yesterday the Russians replied: "It is necessary that not some part but the whole mass of atomic material be directed completely to peaceful aims . . ."

" . . . One must conclude," Moscow's note said, "that, in its present form, the proposal tabled by the U.S.A. does not stop the growing production of atomic weapons, neither does it limit the possibility of the use of these weapons."

The Soviet government said that, "following consistently its peace-loving policy," it is ready to enter discussions such as Eisenhower proposed. Then Moscow proposed that this idea be considered at the same time:

"The states taking part in the agreement, guided by their wish for reducing international tension, undertake solemn and unconditional pledges not to use atomic, hydrogen or other weapons of mass extermination."

$6 Billion Spending Cut Held Likely

Washington (AP) — A total federal spending cut of six billion dollars in the coming fiscal year is in the works, according to usually reliable sources who helped prepare next year's estimates.

That would mean going in the red in fiscal 1955, which starts next July 1, by 1¼ to 3½ billion dollars, according to what Congress does about taxes, and on the assumption that there is no radical change in business conditions over the next 18 months. The projected deficit for the current fiscal year is 3¾ billion.

About five billions of the expected saving, the sources said, would come from national security programs. Another billion, they said, would be pared from non-defense spending. Congress will get the administration's budget estimates for fiscal 1955 in a message from President Eisenhower which probably will not be ready until sometime between Jan. 18 and 21.

It was added that the budget message would present the administration's program, in considerable detail, for overhauling the federal tax system.

Any sharp downturn in business profits and personal income not anticipated in high administration quarters would alter the present budget estimates for fiscal 1955 because it would reduce government income and could force spending up considerably.

Hedy Lamarr To Marry Oil Man

New York, (AP)—Actress Hedy Lamarr and Texas oil man W. Howard Lee obtained a marriage license yesterday.

Miss Lamarr, who has been married four times, gave her age as 39. Lee, of Houston, Tex., is 45.

Miss Lamarr has been married to Fritz Mandell, film director Gene Markey, British Actor John Loder and Ted Stauffer. Lee formerly was married to Helen Torrance.

Surrender Of Three More Escaped Convicts Spurs Search For Last Two Still At Large

Detroit (AP)—Heavily armed police, acting on a tip to a newspaperman, yesterday captured three dangerous criminals who broke out of Southern Michigan prison with 10 other convicts Saturday night.

Only two still remained at large, trying to evade a great hunt.

The newly captured trio, Daniel B. Busha, 28, Edward J. Emrick, 43, and Virgil Lane, 27, were seized while watching television in an armed Westside Detroit home owned by an ex-convict.

The trio, part of the original fugitive gang of 13 who terrorized parts of Michigan in their flight, surrendered meekly.

Deputy Chief of Detectives Marvin Lane said the tip leading to the arrest of the three came from veteran reporter Ray Girardin of the Detroit Times.

An unidentified man came to the Times and asked to be permitted to give Girardin certain information.

"Through the information we developed the location of the house where they were hiding," Lane said.

The capture of the trio almost mopped-up the last of the fugitives who used an underground sewer to tunnel out of the prison at Jackson, 80 miles from Detroit.

One element of the gang kidnaped two young women in their flight, releasing them unharmed after holding them hostage for 11½ hours.

The two still at large were described as among the worst of the lot.

One, Roman Usiondek, 37, lifer and criminal psychopath, has repeatedly threatened to take vengeance on witnesses and prosecutor at his 1943 trial for the slaying of a bar owner, police said.

The other fugitive was Robert Dowling, 33, serving one to 15 years for breaking and entering in Detroit.

Eight others who participated in the mass break were rounded up Saturday night and Sunday.

Police said Busha, Emrick, and Lane offered no resistance when officers arrived at the home of Joseph Rocco.

"Don't shoot! Don't shoot!," the trio cried as 12 detectives headed by Lane burst into the house.

The three were questioned immediately as to the whereabouts of Usiondek and Dowling.

Also seized at the home was Rocco, 42, prison parolee who served a term for kidnaping. Police said there were knives, blackjacks and other weapons in the house.

Meanwhile police assigned guards to the witnesses at Usiondek's 1943 trial and investigations were pressed at the prison.

Major Repairs Not Needed On County Bridges

Inspection of county bridges was completed yesterday by commissioners.

No major repairs were found necessary.

Commissioners Amzi F. Altemose, W. Adolph Rake and Granville Shiffer spent a total of two days inspecting the county's 25 bridges.

The few minor repairs thought necessary will be made in the spring, commissioners decided.

The Courthouse will be closed Friday and Saturday because of the Christmas holidays, Chief Clerk Harry Taylor said.

Do A Double-Check

When you make that last minute check of your Christmas card list, or send out those greetings to people you never expected to hear from, make sure the Christmas Seals you received from Monroe County Tuberculosis and Health Society are used.

Make sure you have made your return for those stamps to the TB Society, using the self-addressed envelope this year-round health organization supplied for that purpose.

The 1953 seal sale campaign is still some $900 short of its required budgeted goal. That means that a lot of people have forgotten, or neglected to make a return for their seals.

The small sum you pay for these colorful 1953 stamps will go a long way toward keeping the TB Society on its 365 day a year schedule of health services to you, your neighbors and your children.

And, if you need more seals the TB Society headquarters at 621 Sarah St., Stroudsburg, will be happy to serve you.

About THE Tree

The U. S. Department of Agriculture has come up with some timely advice on the purchase of a Christmas tree.

Get a fresh one, it says. If the needles are turning brown, the tree has already dried out.

Saw an inch or so off the butt end and stand the tree in a container of water, so it will absorb some, the Department advises. Make sure the limbs are strong enough to hold ornaments.

All of that is good advice, no doubt, and will help to make Christmas safe as well as merry. But, after the tree is up, there are some more precautions to take. To wit—

Don't put inflammable material like cotton under the tree, especially with a toy train or other electrical device that might spark. Don't in fact, put a train under the tree.

String the lights carefully, so that the bulbs aren't touching the pine needles. Don't use any strings that are faulty in any way.

Anchor the tree so it cannot fall over, and never leave it with the lights burning.

Always remember that a Christmas tree is about as inflammable as paper.

The Once Over

—by H. I. Phillips

A startling thought continues to linger in the minds of TV fans since it recently was shown that a face can remain on a TV for days after a performer has finished. For if this can happen what's to prevent the commercials from staying on and on and on! As a matter of fact we just heard of a man who is in bad shape and insists that his condition is due to the fact a singing commercial, or jingle, got caught in the upper right-hand corner of his screen and has been there for the last four days and nights. (Doctors say that two minutes is all the average human being can stand of a thing like that.)

The worriment began a few few days ago when Mr. and Mrs. Jerry Travers of Blue Point, L. I., reported that the image of Francey Lane, a singer, got stuck on the screen and remained there 51 hours, through dozens of other programs. An electronic explosion can burn an image into the phosphorescent lining of a cathode tube and cause this, it was explained. This disturbs us no end. What if Groucho Marx remains on our screen during an address by John Foster Dulles? Suppose President Eisenhower's face gets stuck on our screen while Groucho is doing "Bet Your Life"? What would people think if they tuned into a United Nations program and Mr. Vishinsky appeared to be running "Name That Tune" or appearing as a guest star on "What's My Line?" Picture the situation if your TV set got into such shape in the cathode section that "Masquerade" remained in the upper right-hand corner with "Dragnet" in the lower left at a time when the scheduled program was "Arthur Godfrey And His Friends," or "Meet The Press"? What if you couldn't get "Howdy-Doody" out of "Omnibus?" . . . Julie Harris who, in the Yale Dramatic School a few years ago, dreamed of a break in the theater, opened as the star of "Madamoiselle Colombe" in New Haven this week . . . Baseball players are so strong for legal advice that we may hear of a shortstop who won't stop a fast one without seeing his lawyer . . . There wouldn't be so much crime in America if all the cops weren't busy directing traffic or checking parking meters . . . Jean Kerr, wife of the dramatic critic, contributes sketches which help make John Murray Anderson's "Almanac" pretty wunnerful and we would like to eavesdrop when Mr. Kerr tries to explain why his review of the show was so lukewarm . . . Now that stocks can be bought on the installment plan we can't wait to get our "closing-price blues" at so much down and so much per headache.

MODERN CLOCK WATCHER

Robert S. Allen Reports

Reed Will Seek Slash To 10 Per Cent In Excise Tax

Washington — Representative Daniel Reed (R., N. F.) chairman of the House Ways & Means Committee, which originates all revenue legislation has a wonderful Christmas gift up his sleeve for taxpayers.

"Uncle Dan" as colleagues affectionately call him, has decided to fight for an across-the-board slash in excise taxes at the coming session of Congress.

He will demand that they all be pared down to a uniform 10 percent level.

That would mean reductions ranging from 5 to 15 per cent; in most instances 10 pefcent.

In addition to this plan, Reed will vigorously oppose retention of emergency excise taxes scheduled to expire next April 1. Treasury Secretary George Humphrey has indicated he will seek continuance of these levies because of the prospective $5,000,000,000 loss in revenue through the demise on January 1 of the excess profits tax and the special 10 percent income tax.

But Reed is determined to both get rid of the expiring excise taxes and reduce such imposts that continue in effect.

His plan amounts to a second round of tax cuts in 1954.

The first round is the big one on New Year's Day when the Excess Profits Tax and the Emergency Income Tax vanish. The Administration is reluctantly reconciled to that. But Secretary Humphrey is balking at the second round of tax-cutting that Reed is preparing to put through.

Pro and Con—Treasury officials gravely point out that would mean an additional loss in Federal revenue of between $800,000,000 and $1,000,000,000.

"The government just can't afford that," one official protested. "Why, The Treasury would lose $90,000,000 alone in the excise cuts you are proposing on merely three items, furs, jewelry and movie admissions. At that rate, the Administration will never balance the budget."

"Uncle Dan" contended that is the wrong way to view the matter. He argued more is is at stake than balancing the budget in the immediate future.

"The country is facing a serious economic crisis," he asserted. "All authorities agree there will be a decline in business next year. I'm sure we are all agreed that the last thing we want is a depression. "Now, the best way to head off that is to increase the spending power of consumers, and cutting taxes is the most direct and effective way to do that. Certainly we won't deny that."

Reed got no argument on that pronouncement.

Secretary Humphrey hinted at a possible compromise. He indicate he might go part way with Reed on cutting excise taxes if the powerful House leader would agree to putting such levies on new items, such as furniture and clothing.

Reed did not reply to this feeler.

No Meddling Reed is determined to be boss of the roost on tax legislation a the coming session—at least so far as his committee and the House of Representatives are concerned.

The doughty upstate New Yorker made that clear shortly before departing with his wife for a Christmas vacation in Panama. He was asked to delay the trip for a week in order to take part in President Eisenhower's conferences with Congressional leaders. Reed sent back word that the President already knows Reed's views on taxes.

"Perhaps it would be helpful if you would designate an alternate for these meetings while you're away," a White House assistant suggested.

"That won't be necessary," Reed replied pleasantly. "I've already had a number of talks with the President, and I'll see him again when I get back after New Year's. I don't need an alternate, for these meetings or any other dealing with taxes."

Representative Carl Curtis (R., Neb.), ambitious member of the Ways and Means Committee, was similarly rebuffed when he proposed to substitute for Reed.

"You take care of Social Security," snapped Reed. "You've got plenty to do on that. If you do that job right, it will keep you busy full time. I'm taking care of taxes, and I don't need help from anyone on that, even temporarily."

George Sokolsky Says . . .

Christmas 1953 Finds World Facing Task Of Not Becoming Involved In Great War

The Will To Peace—The crucial problem that now faces nearly every country is how not to become involved in a fighting war. The United States and Soviet Russia face each other as enemies now engaged in minor scrapes which might generate a third World War. Great Britain and France cannot escape involvement in such a war because France would be speedily invaded and Great Britain would be bombed as an air base for NATO forces and on her own account.

Japan is a prime target for Soviet imperialism. Japan is now to be rearmed and remilitarized. The liberal elements of Japan would have preferred neutralization because they have had their great war, for which they had been planning since 1868 and they have been defeated. They know that war does not pay. Nevertheless, the forces of history are concentrating on the remilitarization of Japan, which contains this element of danger: should the revived Japanese militarists ever find it to their interests to combine with Communist China, the peril to the entire world would be beyond imagination. And such a combination is not impossible because each side would assume that it is using the other.

Communist China must expand southward in order to include all peoples influenced by the Sinic civilization within its orbit. Its danger is the same as Soviet Russia's, namely, the cost of maintaining a defense against a constant battering on its periphery. The farther out it can move its periphery, the lesser possibility there would be of an attack on China itself. Therefore, Communist China will seek in the course of the next several years to take Indochina, Malaya, Burma, Nepal, Assam and Bhutan. This is the farthest extent that the Sinic world has ever known.

India fears Pakistan for several reasons. First of all, Pakistan can be developed economically more effectively than India. Secondly, Pakistan lies in direct geographical relationship with the whole Moslem world, which is on the upgrade. Thirdly, the United States plans to arm Pakistan, which means a strong military power in the heart of Asia which can serve not only as a defense against Russia but also against India. India is fearful of the arming of Pakistan but can do nothing about it, having alienated public opinion in the United States.

The powerful Moslem states in the middle of the world are more united than they have been for many centuries. With the exception of Turkey, which moves alone, most of the Moslem countries are less antagonistic to Great Britain than appears on the surface. They fear the social and religious concepts of Soviet Russia. They can become an effective military force against Russia. But the peril is that such a force would take on so intense a nationalism that it could be used against the West as well.

Islam hopes to develop into the third force in the world, lying as a buffer between East and West, independent of both and encroaching upon the interests of both. Here, indeed, is an area that includes the whole of North Africa and runs from the Mediterranean to the Pacific in Asia, which could develop such strength as to alter all the present currents of history.

The Mediterranean cannot find peace, either on its Northern or Southern bank. Turkey and Greece know the value of cooperation with the United States but Egypt seeks an independence from Great Britain and a leadership in the Moslem world which produces a ferment in this entire area. The North African nations and tribes seek freedom from European domination and Negro tribes south of them hope to reclaim control of their national existence. Africa is the most nationalistic of continents at this particular moment in history. Such nationalism affects not only Great Britain and the Union of South Africa but also Spain and France.

Italy faces Yugoslavia for peace or war, depending upon pressure from Moscow and Washington upon both countries. Each of these nations would prefer to be free of both Russian and American influence. Tito of Yugoslavia labors at the formation of a Balkan Federation which could make him a primary power and weaken Russia. Thus far, his success in this direction has been slight, only Turkey and Greece joining with them.

Thus, we come to Christmas of 1953, and continue to wonder when peace may come to a world that yearns for peace.

Looking At Life

—by Erich Brandeis

When you SEE a beefsteak, do you THINK of a cow, or do you THINK of beefsteak when you SEE a cow?

That, according to Professor Judson Jerome of Antioch College, is how you can tell whether you have a liberal education or a practical one.

A liberal education, says Professor Jerome, is one that is not limited to specific or immediate use. A practical education can be applied to the immediate functions of living.

I get an endless procession of inquiries from readers who want to know how they can determine whether to send their children to college or let them get a job after they leave high school.

If that same question bothers you, you might apply the beefsteak and cow test to them.

You might go even farther than that. Tell your kid to think of a cow. Ask him what he or she thinks of when he sees or imagines one.

If it's beefsteak, the chances are that he is more interested in practical matters than in creative ones. He will most likely make a good butcher or baker or machinist or barber.

But if he associates the cow with green fields and luscious pastures, with blue skies and sunshine—then his talents probably lie in the fields of art, of imagination, of creative work. He should go to college.

But he may also be interested in the cow's activities that eventually convert it into beefsteak and its by-products. So he may show an interest in economics, or ranching, or in becoming a Swift, an Armour, a Wilson one of these days.

On the other hand, if you say cow and he thinks only of beefsteak, he may just be hungry and not at all interested in college or his future career.

Professor Jerome divides people into two classes.

One is the class that endures the world and wears out in it, but who does not live in it.

The other is the individual in whom there exists not only "that force pulling him toward his employment, toward adjustment, but another force pulling him away, never allowing him to settle into complacency, mediocrity, and uncritical conformity."

A lot of practical people may ask themselves what good is a liberal education, why go to college at all?

The professor answers that, too "There is an overhanging question which still occurs to most of us in our lonely and thoughtful hours, that question is 'WHY?'

Why is this vase beautiful? Why do I enjoy this painting, this piece of music, this poem, this novel? Why are love and charity good things in the scheme of the universe?

That is the difference between the educated and the uneducated.

Education teaches a man not only the beauties of life, but also the wherefores. It shows him not only how to LIVE but what life is worth in ABSTRACT values.

A good education is like a road map. There are a whole lot of places on the map that don't mean a thing to you. But it's mighty easy to get lost without one.

MERRY CHRISTMAS says the tag Officer James Smith attaches to this car parked at a meter showing violation in East Stroudsburg. The program will be continued today and tomorrow by the police department as a special gesture of Christmas spirit. Tag is shown below. (Daily Record Photo)

Overtime Parkers Receive Christmas 'Greeting' Card From East Borough Police

East Stroudsburg police department has come up with a new twist to express its Christmas greetings to motorists.

The idea, originating with new Burgess Jesse Flory as a goodwill gesture, went into effect yesterday with the public on the receiving end.

Motorists returning to their cars parked at meters showing violations found instead of a police summons to pay the regular fine for overparking, a Yule green tag informing them there is no penalty—and "Merry Christmas."

The man behind the wheel will get the same treatment today and tomorrow.

On Thursday, according to Burgess Flory, the department will unfold another project—this one aimed at benefiting everyone shopping in East Stroudsburg that day. Parking meters will be ignored completely that day—free parking for everyone.

The program now under way under the direction of Police Chief Arthur Swink, was welcomed by the untold number of parking meter violators yesterday. The tag attached to cars reads like this:

"The meter registers an overtime parking violation. There will be no penalty, however, as we realize that anyone is apt to forget during the Christmas season. Merry Christmas, East Stroudsburg Police Department."

Winter Makes Warm Debut

This may come as a surprise—after shivering for three weeks—but today is the first day of Winter.

Autumn bowed out at 10:32 last night.

Winter will hang (icicles) around until March 20.

Yesterday wasn't the most appropriate day to usher in the Winter season. Temperatures were higher than for weeks and a fair number of Christmas shoppers walked coatless on the main streets in midafternoon.

The weatherman expected the new season to catch up with itself today, however. Prediction was for rain, turning to snow, and colder tonight.

Cold May Move East

By The Associated Press

Cold Arctic air pushed its way through the northern Great Lakes area and southwestward as far as Central Kansas yesterday. It brought with it snow ranging from light flurries to three inches or more.

Iowa, Minnesota and northwestern Wisconsin were blanketed on the western flank of the cold thrust. Temperatures plummeted to near-zero before dawn in the three states.

The cold front was expected to move eastward in a broad sweep from the Plains States and into Kentucky and Tennessee by late today or Wednesday.

The northern and central Rockies also had light snow which turned to showers at lower levels. Light rain or drizzle Monday night covered much of the area from the southern Great Lakes district and eastward into the southern parts of the Middle Atlantic States.

Cloudiness spread over the eastern two-thirds of the country, with only the far Southwest having almost entirely sunny weather.

Resort Group, C Of C Will Share Equally

A $5,000 salary plus commissions was set up yesterday by the Pocono Mountains Chamber of Commerce and Vacation Bureau for a new executive secretary.

The $5,000 salary was described as a minimum compensation. In addition the secretary will receive 15 per cent of membership fees paid in after the $35,000 mark is reached by the two organizations.

Both the chamber and the bureau will share equally in the secretary's salary payments officials said.

Meeting at the Penn Stroud Hotel, members learned six applicants already are aspiring for the secretary's post which has not been advertised yet.

The appointment is to fill the vacancy created by the resignation of Jacob Wachtman two months ago.

Dale H. Learn, president, said a committee named yesterday will interview applicants. They expect to hold a meeting this week to launch plans.

Committee members include Leroy Mikels and M. F. Crowe, of the Chamber of Commerce; Harry Ahnert and Edward Jenkins, of the Vacation Bureau; Jack Shinn, G. P. O'Neill and Learn.

Sen. Crowe, chairman of the Chamber's industrial relations committee, reported on last Thursday's trip to York, Pa., where his group consulted with an industrial development concern.

The firm, according to the report, would come here after the Chamber provided a building site, and would construct a new building and make efforts in conjunction with the Chamber to find industry to occupy the building.

Learn, who made the trip to York with Crowe, O'Neill and Hanford L. Cleveland, said this concern already has located two industries in York and another somewhere in Ohio as an investment to their firm who gain revenue from rental.

No Charges To Be Filed Against Driver Involved In Fatal Accident Here

No charges will be filed in connection with the fatal accident on W. Main St., Stroudsburg, Saturday, District Attorney Elmer D. Christine said yesterday.

Ernest K. Bond, 51, of 2034 Miller St., Stroudsburg, was injured fatally in the collision in front of Rinehart's diner.

His wife, Helen was hospitalized. Last night she was reported in "good condition" at East Stroudsburg General Hospital.

The driver of the other vehicle, Glenn M. Werkheiser, 18, of 205 N. Ninth St., Stroudsburg, a carpenter, was released from the hospital after treatment for cuts and bruises.

Trooper Ed Beneski of the Stroudsburg substation said Bond pulled out onto the highway and was struck by the east-bound Werkheiser auto.

Mr. Christine said last night he had discussed the case at length with Beneski and heard reports of interviews with two disinterested witnesses and with Mrs. Bond at the hospital.

Mrs. Bond said she "wasn't interested in prosecuting" Werkheiser, Christine said.

The district attorney said the statements of witnesses and a study of what Beneski himself found during the investigation disclosed "no evidence of wanton or gross recklessness" on the part of Werkheiser.

A summary of the stories of witnesses and piecing together of evidence indicated that Bond "all of a sudden pulled out on the highway, then stopped dead. His lights were directly across the highway and were not in a position to be seen from the on-coming car," Mr. Christine said.

Three-foot skidmarks indicated Bond had braked sharply, the district attorney said. The Werkheiser car left eight-foot skidmarks to the point of impact, he added.

"The two witnesses did not give an opinion that the Werkheiser car was traveling at a high rate of speed," Mr. Christine said.

Mrs. Bond told Beneski she was looking toward the right, out of long habit, while her husband looked toward the left as the car pulled onto the highway. The car moved, then braked, Mrs. Bond turned her head, saw the headlights of the other car and felt the impact almost simultaneously, Christine reported.

Red Cross Seeks Table For Family

One local family will have a little trouble all gathering around the festive board at once this Christmas. There are nine in the family, and the only table they have is so small that only four can be seated at once.

However they have secured a bigger house and plan to move right after Christmas. There they'll have room for a bigger table—big enough to seat the whole family. Now all they need is the table, and the local chapter of the American Red Cross is asking for it in their name.

An old dining room table would be perfect, but any type of table large enough for the big family will be welcome, said Mrs. Ida E. Kunkle, executive secretary.

Anyone having a table to donate is asked to call the Red Cross headquarters, at Stroudsburg 357.

Choir To Visit Sick, Shut-Ins

The choir will meet in St. John's Lutheran Church, Stroudsburg, at 2:15 p.m. today and will visit the sick and shut-ins of the congregation, sing carols and present each with a cheer basket which has been prepared by the Ladies Aid Society.

Dean Believes Peace Outlook Discouraging, Not Hopeless

Washington, (AP)—Special Ambassador Arthur H. Dean told the nation last night outlook for peace in Korea "is discouraging but by no means hopeless."

Dean went before the nation's television and radio audiences with a prepared speech reporting on his seven weeks of fruitless negotiations for a Korean peace conference. He walked out of the talks 10 days ago in protest to a Communist charge accusing the United States of "perfidy."

Since his return, the 55-year-old special envoy has said he is sure Korea will have peace. But in his prepared talk tonight, he said:

"I do believe the Chinese Communists are determined to keep North Korea politically and economically integrated into their own economy.

"The outlook is discouraging but by no means hopeless. There is no easy, pat solution.

"It will take all the brains, energy, resolution and patience at our command."

As to the Communist charge of perfidy, Dean said, "my government has never been guilty of perfidy and pray God it never shall."

Dean said the Communists at Panmunjom aimed for a long, drawn-out conference in the hope that American public opinion would lose patience and force him to settle on Communist terms.

Charles Brish's Condition Fair

Condition of Charles J. Brish, 48, who was seriously injured Friday afternoon in an auto accident on Route 209 north of East Stroudsburg, is listed as "fair" at the General Hospital.

Brish suffered back injuries in the mishap when a car operated by Arno Thelemann, 44, of East Stroudsburg RD1, was reported by State police to have collided with the rear of Brish's truck.

Although there is no definite proof of its age, there is a turtle on St. Helena Island which inhabitants of the island say is 178 years old.

Volunteers Needed As Blood Donors

The Monroe County Red Cross blood doner committee is counting heavily on "walk-ins" at the blood donor center today from 10 a.m. to 4 p.m. when the mobile blood unit will be at the Stroudsburg Presbyterian Church on Main St., Stroudsburg.

The quota of 186 pints has been set up by LeRoy Mikels, blood donor chairman, to balance Monroe County's account with the area blood bank for the first six months of the fiscal year. So far fewer than 100 pints have been pledged for the visit, and it will be necessary for many new volunteers to stop in at the blood bank today.

Each donor will be asked to sign a card, which is to be attached to the container for his pint of blood and which will be kept attached until the blood is administered to some patient. That patient will then know who cared enough about his fellow men at Christmas time to give a pint of blood, Mr. Mikels said.

"It's the best kind of Christmas gift," he added, pointing to the continuing need for blood in the veterans hospitals where operations to restore wounded veterans to a useful life keep the military requirements high despite the truce in the shooting, and to the increasing use of blood in the local hospitals and for local residents in hospitals outside of this area.

"Any healthy person can spare a pint of blood," he said, "and replace it within a few hours. It is a gift that costs you nothing, but is priceless to the person who will receive it."

Tax Sale Bids Exceed Amount Owed By $8,450

Check of the amounts bid during Saturday's tax sales in Stroudsburg showed yesterday the bids exceeded taxes owed by $8,450.66.

The total amount of taxes, interest, penalties and costs was $760.34, said Chief Assessor George L. Smith.

The total, including taxes and amount bid, amounted to $9,211, Smith said.

If the properties bid on are not redeemed by their delinquent owners within two years, title passes to the successful bidder.

Sunday School Children Give Yule Program

Delaware Water Gap— Children of the Presbyterian Sunday School presented their annual Christmas program here Sunday night.

Linda Anthony, daughter of Mr. and Mrs. James Anthony, opened the program with a vocal solo. Francis Drake, superintendent gave the call to worship.

Beginners department, taught by Mrs. Richard Carlton, offered songs. Participating were Peter LeBar, Lavinia Singer, Patsy Flynn, Monte Hornbeck, John Howe Kulp, and Katrina Hawley.

Mrs. Elam Gray's primary group who decorated the birthday tree, sang. Participating were Linda LaBar, Elsa Jane Drake, Alam Bryfogle, Susan Metzgar, Douglas Baker, Linda Anthony William Metzgar and Lucille Williams.

Junior and senior girls attired in costumes presented an exercise. In the group were Mrs. Francis Drake's class: Sandra Carlton, Marianne Drake, Mary Etta Gray, Elizabeth Redzig, Ingrid Weckert and Patsy Haymer; Mrs. George Hauser's pupils, Eleanor Kulp, Annette Kulp, Vera Storm, Carol Snyder and Camille Buzzard.

Group singing was preceded by a duet by Marianne Drake and Ingrid Weckert. Drake read the pageant script and introduced the following, portraying various Biblical characters: William Buzzard, Alan Reinhart, Robert Ace, Jack Bryfogle, Monte Hornbeck, John Gray, William Carlton and Alan Metzgar. This was climaxed by the manger scene with Vera Storm and Marshall Metzgar.

Drake presented five and six-year perfect attendance awards to John Bedford, Mrs. Russell Buzzard, Miss Joyce Westbrooke, Douglas Baker, William Buzzard, Sandra Carlton, Elsa Jane and Marianne Drake.

Rev. Luther Markin offered invocation and benediction. Mrs. George Hauser was in charge of the program. Senior choir sang Christmas hymns.

Auto Liability Insurance Rates Revised; Unmarried Drivers Under 25 Pay More

Unmarried Monroe County drivers under age 25 will pay $71 instead of $49 for "basic" liability insurance starting immediately.

On the other hand the new rate schedule is good news if the motorist happens to be over 25, doesn't use his car for business, and doesn't usually drive it to work. He'll pay $28—the lowest rate—instead of the old $30 rate.

Steepest changes under the new schedule are in $50 deductible collision policies, with averages ranging as high as a 16.8 per cent increase in Philadelphia and as low as an 11.9 per cent decrease in Wilkes-Barre and Pittston.

In property damage and bodily injury insurance fields three former classifications of cars are expanded to seven, each with different rates. The changes, percentage-wise, are not as sharp however.

"Basic" limits coverage means protection up to $5,000 for bodily injury to one person; up to $10,000 for bodily injury resulting from one accident; and up to $5,000 for property damage.

Motorists 25 or older who do not use their cars for business, nor drive to work, will pay the least expensive rates in the property damage classifications.

Highest rates will be paid for cars driven by operators under 25 years of age who are not married and are owners or principal operators.

For the first time married operators 25 years old or over get special consideration under the new revisions. They pay lower rates than single persons.

These were the classifications under the old set-up:

Class 1: Non-business use with no operator under 25 years of age.

Class 2: Business and non-business use with an operator under 25 years of age.

Class 3: Individually-owned cars used for business with no operator under 25; and also cars owned by corporations, co-partnerships or unincorporated associations, regardless of age of operator.

Under the new rate schdules these classifications are listed by the National Bureau of Casualty Underwriters.

Class 1A: Non-business cars with no operator under 25 and not customarily driven to work.

Class 1B: Non-business car with no youthful operator, customarily driven to work and traveling a one-way distance of less than 10 miles.

Class 1C: Non-business car with no youthful operator, driven to work a one-way distance of 10 or more miles.

Individually-owned private passenger cars owned by a person under 25, or driven by a youthful operator who lives in the household or driven by a chauffeur come in the Class 2 division, for both business and non-business use.

Class 2 is subdivided this way:

Class 2A: When the youthful operator is not the owner but lives in the household or is employed as a chauffeur, or where the youthful car owner is married and has legal custody of one or more children living in the household.

Class 2B: When persons under 25 are the owners or principal operators, and are married but without children.

Class 2C: Cars owned by unmarried persons under 25.

Class 3 remains the same as before.

Farmers and clergymen receive lower rates under the new schedules than they did before. Private passenger cars owned by farmers and the clergy are not considered as being used for business or for going to or from work and are considered as non-business car risks.

Under the new plan farmers get rates 20 per cent lower than the rates which would otherwise apply to their private passenger cars.

Under the old set-up they received a 15 per cent discount.

These are the "basic" coverage rates for Monroe County:

Old rate: Class 1, $30; Class 2, $49; Class 3, $43.

New rate. Class 1A, $28; Class 1B, $31; Class 1C, $40; Class 2A, $51; Class 2B, $59; Class 2C, $71; Class 3, $47.

New farmers' rates: Class 1A, $22; Class 2A, $41, Class 2B, $47; Class 2C, $57.

The same rates apply to Pike County.

Under this classification plan the department said collision premiums for Class I cars are reduced approximately 11 per cent; Class 2, increased 15 per cent, and Class 3, same as Class 2 premiums.

Association Plays Host To Children

Bangor — Second Ward Community Association handed out gifts to 250 children of the ward's area at S. Main and Messinger Sts. last night.

Burgess Hayden B. Pritchard was master of ceremonies. Invocation and a short talk on Christmas was given by Rev. A. N. Herman of Salem Evangelical Church.

At Colonial Hotel a Christmas party for members and their children was held by the Kiwanis club. Ernest Turtzo presided. Children's films were shown and refreshments and gifts distributed to about 50 children.

Rogers Lines Gives Party

Some 150 representatives of Monroe County industries attended the party given last night in Stroudsburg by Rogers Motor Lines Inc., of Scranton.

Ray Langan of the Scranton office served as toastmaster. John Barrett, president; Ted Rogers Jr., board chairman; Jacob Silverman, executive vice president; Edward Taylor, vice president in charge of traffic; Lewis Pizzo, vice president in charge of sales; Clarence Sansenbach, controller; Frank Reiley, divisional traffic representative, and Willard Hazen, Monroe County representative, were among those present.

Swedish Note In DAR Party Decorations

The Christmas meeting of the Jacob Stroud Chapter, Daughters of the American Revolution, featured Christmas carols by the Madrigal Singers of Stroudsburg High School and two Christmas readings by Mrs. Sumner Bossler Jr. Members and their guests met in the Stroud Community House yesterday with Mrs. T. Manning Curtis, regent, giving the address of welcome.

Mrs. Herbert Bonser gave the invocation. The sixteen members of the Madrigal Singers were introduced by their director, Numa Snyder, who also announced the numbers: the English "The Geese are Getting Fat"; the old French "Lay Down Your Staffs, O Shepherds"; the Polish "Hark, Bethlehem"; an American carol, "Never a Child so Lovely"; from the Southern Mountains; and "Silent Night" sung in the original German.

The girls in white robes were seated around a candlelit table, and the boys in maroon robes stood behind them for the a capello numbers.

Mrs. Bossler read "Johnny Says His Piece," and "What Makes A Christmas."

Mrs. Marvin Abel, music chairman, led the group carols, with Mrs. Floyd Bachman as accompanist.

At the business meeting, Mrs. Curtis announced plans for the January workshop luncheon when committees within the chapter will consult with state chairmen. An explanation of the Bricker Bill was read and a petition was passed for the signature of those members who wished to sign.

The Christmas tea which followed was keyed around the Swedish theme with the table set with a Swedish wood carving of a Christmas tree, holding candles, tiny handcarved birds among the greens, and other Swedish dolls and carved figures in the meeting rooms. There were also Swedish cookies served.

Mrs. Curtis and Mrs. Edgar Sittig poured. Mrs. Horace G. Walters and Mrs. Mary Cottle were co-chairmen of the hostess committee which also included Mrs. Gordon P. Savage, Mrs. R. H. Roberts and Mrs. I. W. Foltz.

Need Brownie Uniforms

Outgrown Brownie uniforms are being sought by Mrs. Rachel Sarley in order to outfit her Brownie troop in East Stroudsburg. Any Girl Scouts who have graduated from Brownies, or any Brownies who have outgrown their uniforms may call Mrs. Sarley at 2203 J.

Just Between Us

—By Bobby Westbrook

What you need to spread the real spirit of Christmas is not an inexhaustible purse, I've decided, but an understanding eye and a heart as big as Christmas.

It's easy enough to complain—"Oh, if I only had the money, I'd settle this Christmas list in a hurry". But 'taint necessarily so, because often you can't buy a heart's desire with money at all.

What started me thinking along those lines were two unusual gifts. One was a miniature Christmas hat of white felt and holly, and a gold string—hand-made to hang on the Christmas tree. A tremendous amount of work, and a delicate thoughtfulness, but not much money involved there.

And the other, well, she said merely, "These are awfully busy days for you, aren't they? Stop in on your way home from work this Wednesday afternoon and I'll have a casserole for your supper". Now, really, what gift could be more appreciated.

But it does take a seeing eye. Perhaps the best gift you could give that young mother next door with the children continually hanging on her skirts would be to baby-sit for an afternoon so she could get her Christmas shopping done.

Maybe the gift that old Mrs. Shut-in would enjoy most would be an hour of your time, spent listening and telling her things.

Maybe, if we all spent more time and less money, we'd all have a merrier Christmas.

Wedding At St. John's Parsonage

A quiet wedding was performed on Saturday evening at 7 o'clock in the parsonage of St. John's Lutheran Church by the Rev. Dr. P. N. Wohlsen. Graydon Arthur Henry of the U. S. Navy took as his bride, Miss Sarah Elizabeth Bollenach of Wilmington, Delaware.

The single ring ceremony was used. Raymond Henry, father of the groom and Mrs. Mary Lee witnessed the ceremony. The bride is a member of the WAVES. For the present they will reside in Brooklyn.

Supper-Theater Party Held For Billy Brinker

Billy Brinker, son of Dr. and Mrs. William E. Brinker, celebrated his 11th birthday on Friday, December 18 with a supper and theatre party.

The supper was served at Biggs' Restaurant and was attended by Billy, his mother and little sister Judy; his grandmother, Mrs. Daniel Reimer of Stone Church; an aunt, Mrs. Abraham Buskirk of Pen Argyl; and by the following friends and classmates:

Glenn Reish, Gary Kester, Barry Gleim, Tommy Talasz, Harry Neumann, Raymond Poorstra and Bobby Bieler.

A colorful table was arranged at the restaurant and Mrs. Katherine James served the dinners. Two large birthday cakes, one in the form of an evergreen tree, were enjoyed along with ice cream as dessert. Entertainment was furnished by Billy's three-year old sister Judy who sang "Jingle Bells" to the delight of everyone in the restaurant.

The boys rounded out the evening by attending the show at the Sherman. Many gifts were received from the guests.

Housewarming At Werkheiser's In Scotrun

Scotrun—An old-fashioned housewarming was given in honor of Mr. and Mrs. Horace Werkheiser at their new home in Scotrun on Friday night. It came as a complete surprise to both of them. A miscellaneous shower marked the party, including food for the table.

A smorgasbord luncheon was served with coffee, Christmas cookies and nut roll on the menu.

Those present were Mrs. David Nelson and daughters Diane and Judy; Miss Mary Kathy Sims, of East Stroudsburg; Mr. and Mrs. Harold Hertrick, of Elmhurst; Mr. and Mrs. Claude Werkheiser, of Stroudsburg; Mr. and Mrs. Elwood W. THE Wyckoff SHOPPER

I never knew until the other day that it is possible to buy numbered pictures, similar to those we older folks work in oil, for children to complete with colored pencil. I'm told the younger people love them too, so why not ask about them in our artists' supplies department? . . . **Heard the story yesterday of the lad who went shopping for his mother in a local neighborhood store. He had a nickel to spend, but everything he requested exceeded that in price. As he started to leave the store keeper noticed the nickel on the edge of the counter, and called the child to take it. "Oh, keep it," said the very young man. "What good is it anyway? It won't buy anything."** . . . Which reminds me of our small Christmas shopper who wanted green thumb tacks because, "you just never know when a fellow can use them." As Donald O'Connor remarked on TV this past Sunday night, the bandages his child is giving her friends this Christmas will go beautifully with the mercurochrome she presented last year . . . **Some of our youthful shoppers are discovering the wooden spoons with the prettily carved handles from Sweden. The smaller size sels for 59c, and is just right for serving mayonnaise and other dressings. Mixing spoons and ladles are also available, as are tiny decorative wooden birds, wooden hot pads, and hot pads of cork. Another nice Christmas idea from our Swedish friends is the inexpensive hardwood tray with a scalloped edge of reed** . . . And speaking of trays, I wonder if you've noticed the very fine 59c buys from Holland on our center aisle table. These are round and are enameled in rich red or olive green. They're as spoofy as they are spiffy too—looking far more elegant than the price tag implies . . . **If you plan a small surprise for some one—a surprise that's sure to be appreciated—why not some of your most lucious Christmas cookies packed in one of our pretty boxes from the Netherlands or England? These would really be two gifts in one, for when the cookies are gone the painted tin containers would be lovely on a mantle or end table. They have the expensive appearance of fine china** . . . Shirley Shick of our gift department and some of her colleagues, are busy making big plans for a Christmas eve of carol singing. You realize, of course, that we close Thursday night at 5:30, so better hurry with those last minute errands . . . **"Hark the Herald Angels Sing" comes from the amplifying system, and in the street below someone calls, "Merry Christmas if I don't see you again." Into your office bounds a bright faced lad with a bundle a packages. "Here, Mommie—bring these home tonight, will you? But don't peek in this one because there's a hanky there for you nad I want you to be surprised." No doubt about it, Christmas is just around the corner—and shopping days are fewer than snowflakes on the equator. Almost anyway.**

Series Of Fires Puzzle Authorities At Bangor; Chief Suspects Juveniles

Bangor—Three fires which broke out here around noon yesterday had firemen mystified.

The first was at 12:15 p. m. at a garage owned by L. J. Bruschi of Murray St. between Market St. and Broadway in the heart of the business section.

It was put out with hand extinguishers as the three fire companies appeared on the scene.

At about the same time burning leaves and paper were discovered outside the building housing the DL&W trainmaster's office on Washington St. This fire was put out before an alarm was necessary.

A third fire in dry grass and paper was reported extinguished by an unidentified passerby near the Wellmade Novelty Co., a blouse plant on S. Murray St.

Firemen said yesterday's fires brought the total in 30 days to six blazes of undetermined origin. One was serious—the Miller Bros. Paint and Wallpaper Store, and an adjoining barn, with a loss of more than $12,000.

The damaged buildings are located just off Murray St. on High St.

Another blaze was extinguished when it threatened a row of vacant houses. Last Saturday afternoon paper was found burning in an alley at rear of Murray's cut rate store, a half block off Murray St.

Fire Chief Ben Albert said he suspected the fires were being set by juveniles.

School Closes At 1:15 Today

Clearview School will close for the Christmas and New Year's holidays at 1:15 p. m. today, Principal Rex Harding announced last night.

Grades will hold their annual parties beginning at 11:30 a. m. and continuing until about 1 p. m.

Mr. Harding said buses will leave the school between 1:15 and 2:15 p. m.

Since 1950, the U. S. Census Bureau has printed enough books about the census of that year to fill a three foot shelf and more books are on the way.

Barrett High Cagers Outlast Alumni In Close Struggle, 40-39

Murraymen Decide Issue In First Half

Canadensis— Barrett High wound up its pre-Christmas basketball schedule with a thrilling 40-39 victory over the Alumni before a large crowd here on the winning contingent's home hard wood last night.

The scholastic five held the upper hand throughout the ball game, although the charges of Coach Joe Murray were hard pressed to hold the advantage in the face of a closing drive by Barrett's former stars who have since graduated.

Barrett, one of the powers in the Monroe County League this season, opened a four-point gap at the end of the first period by holding a 14-10 edge during the first eight minutes of action.

The scholastic five completely dominated the second period by scoring 11 points, while the Alumni could register only one field goal and a single foul shot. The high school kids led at halftime, 25-13.

Scramble

Barrett had to scramble to preserve its one-point victory in the second half as the fast closing Alumni held the upper hand in the fourth stanza, 14-9, and dominated the last round, 12-6.

Dave Harris and Stan Cheslock led the Barrett offensive with 12 and 10 points respectively, as every player in the game scored at least two points.

The Alumni actually held a 16-15 edge in field goals, but the school kids made 10 of 22 foul shots, while the Alumni could make only seven charity shots in 23 attempts.

Two junior varsity teams clashed in the preliminary tussle, with the Blue taking the measure of the White, 29-23.

A seventh and eighth grade drill team performed during the halftime intermission, while the fourth grade presented a folk dance at the same time.

Martinez Stops Bethea

Holyoke, Mass. (AP)—Vince Martinez, 152, of Paterson, N. J., scored his fourth straight boxing victory and 27th in 30 professional bouts last night with a second round knockout over Jimmy Bethea, 147, New York, in a scheduled eight-round feature at Valley Arena.

Aggressor

Bethea was the aggressor in the first round, landing a few left hooks and one fair right to the body, while Martinez boxed easily.

Martinez slammed a stiff left hook and two quick rights to Bethea's head to floor him for the 10-count in 40 seconds of the second.

Lost Tickets Help Illinois

Chicago, (AP)—Christmas cheer note to horse racing fans:

Did you pick a winner last year only to find you lost your parimutuel ticket, or possibly, forget to cash it?

You have plenty of company.

Report

The Illinois Racing Board's annual report yesterday showed that in the last decade a yearly average of nearly $80,000 has been realized in revenue from uncashed parimutuel tickets at the state's six tracks.

Donora Enjoys Big Football Gate

Pittsburgh (AP) — Officials of nearby Donora High School yesterday said the school's football team which shared WPIAL class "AA" championship honors with Har-Brack High netted $21,574 during the 1953 season.

Home Games

Six home games attracted a net gate of $14,663 and the team received an additional $1,400 in guarantees for four games played away from home. Donora's share of the championship game came to $5,511.

SPEAKERS TABLE—Those shown at the head table at last night's East Stroudsburg High School Football Banquet are, from left to right, Lewis Hastie, faculty athletic manager; Ralph O. Burrows, high school principal and toastmaster; Carl T. Secor, supervising principal of East Stroudsburg public schools; Rev. William Wunder, Grace Lutheran Church; Rev. Harold Eaton, East Stroudsburg Methodist Church; Del Davis, junior varsity football coach, and Jack Kist, head varsity football mentor. The banquet was held at Bartonsville Hotel. Wunder, Eaton Speak At Banquet For East Stroudsburg High School Football Contingent

Bartonsville — Approximately 50 people attended a banquet to honor the East Stroudsburg High school football team last night, here at the Bartonsville Hotel.

It was an informal affair at which Rev. Harold C. Eaton, East Stroudsburg Methodist Church, and Rev. William F. Wunder, Grace Lutheran Church, served as main speakers.

Both members of the clergy congratulated the Cavaliers for their fine season and told of the importance of football and athletics to the student of today.

Each in turn told several funny stories and humorous incidents, as laughter dominated the entire affair. Rev. Wunder also delivered the invocation.

Ralph O. Burrows, East Stroudsburg High school principal, served as toastmaster and introduced several of the guests.

Burrows also introduced William Lee Sr. and William Lee Jr., the two men who launched the banquet drive among the residents of East Stroudsburg and John Gray and Al Kassner, two additional East Stroudsburg fans who helped to make the affair a reality.

John Verwey, co-captain of last season's grid Cavaliers, along with Dick Zukowski, presented a gift of cuff-links and tie clasp to Jack Kist and Dick Forster, head and assistant grid mentors, respecively.

Kist wound up the program by showing movies of the East Stroudsburg - Nazareth football game. Nazareth turned in a 14-7 victory as Eastburg suffered one of its defeats in 10 games during the past season.

A baked ham dinner, with all the trimmings, was served.

Possinger Leads Attack For Scholastic Five

Brodheadsville — Chestnuthill High closed out its pre-season basketball schedule last night with a convincing 62-41 victory over the Alumni, here on the winning contingent's home floor.

The scholastic five, accounting for its initial victory of the current campaign, held the upper hand the entire distance, despite a near fatal second period, when the high school five was outscored by a 13-1 margin.

Chestnuthill ran wild in the first period to earn a 22-6 edge and was top dog at halftime, 23-19.

The scholastic charges of Coach Otto "Junior" Mills put the game on ice in the second half by holding bulges of 17-8 in the third period and 22-14 in the final round.

Foul Shooting

Chestnuthill made good on 12 of 26 foul shots, while the Alumni rang the bell from the same distance with 11 conversions in 19 attempts. The scholastic five held a wide 25-15 edge in field goals.

Harry Possinger once again led the Chestnuthill scoring with 25 points, on 10 goals from the floor and six from the foul line. Bill Everett and Dick Kreger were next in line with 14 and 12 counters respectively.

Lloyd Brong led the losing offensive with 10 tallies, while John Bonser and Al Conklin followed with nine counters each.

Chestnuthill had suffered defeats at the hands of Coolbaugh, Pocono and Frank's Barbers prior to last night's victory. Chestnuthill opens the Monroe County League season on Friday, January 8, at Barrett, in its next outing.

World Champion Gate-Crasher Dies After Exciting Career

Zion, Ill., (AP)—James Leo "One-Eyed" Connelly, world champion gate-crasher, is dead.

He died Sunday in a rest home at the age of 84. He had no relatives.

For a half century, Connelly carried on a personal crusade to outwit the gatemen at sporting events and political conventions.

He succeeded, posing as vendor, iceman, carpenter, or anything else that struck his fancy. By his own count, he crossed the U. S. 102 times on gate-crashing forays and also invaded Europe and Australia.

Connelly, who lost the sight of his left eye in a boxing ring at the age of 18, once told friends that he had crashed nearly all heavyweight championship fights since 1897.

Starter

"It started with the Corbett-Fitzsimmons match in Carson City, Nev.," he recalled. "I told the gatekeepers I had overheard two thugs plotting in town to rob the counting room. I was invited through the gates to keep a watch for them."

Connelly also used to tell of the Dempsey-Carpentier bout at Boyle's Thirty Acres in Jersey City, N. J.

"I was tossed out of 13 of the 15 entrances, but went through the 14th," he said. "I borrowed a pail of coffee and a basket of sandwiches from the teletg raph sandwiches from the telegraph was a vendor."

At the Dempsey-Gibbons fight in Shelby, Mont., Connelly said he posed as an iceman and lugged 80 pounds of ice through the door for the coolers.

When the Democratic Party held a nominating session in 1940, Connelly walked in carrying a door he had appropriated from a nearby cafe.

"I've used doors, umbrellas, apples, brooms—and just about every thing you can think of—as props," Connelly once said. "At a Democratic convention in Houston, some fun-loving fellow handcuffed me to a bench in the hall. I lugged it inside, obtained my freedom and also a badge to the convention."

When he gave up gate-crashing eight years ago, he worked for a while as a chef and greeter in a tavern owned by friends, as an elevator operator and finally as an Andy Frain usher at sports and political events.

The ushering job put "One-Eyed" on the other side of the gate.

Henry Scores Ring Upset Over Baker

Brooklyn (AP) — Underdog Clarence Henry gave away 27 pounds last night and hammered Bob Baker around the ring in a savage ninth round to nail down a unanimous 10-round decision victory at Eastern Parkway. Henry weighed 184½ and Baker 211½.

Out-boxing the hulking Pittsburgh Negro, Henry scored consistently with his left hooks and then beat off an attack by Baker in the wild ninth.

Wild Round

Henry, a 2-1 underdog from Los Angeles, met Baker's ninth round barrage and forced him to give ground with his own solid counter fire. The West Coast heavyweight back the ponderous Baker against the ropes and pounded him with both hands.

Henry opened up a wide lead, stalking Baker who appeared dull, in the early rounds. But in the sixth and seventh Baker began to come on as Henry appeared tired. Clarence, however, had plenty left for a strong finish.

Judge Charley Shortell scored the fight a shutout, 10-0, for Henry. Judge Americo Schiavone had it for Henry 8-2 and Referee Barney Felix scored it for Henry 7-2-1. The Associated Press card had the sharp boxing Henry on top seven to three.

Turner Marries In Mexico

Philadelphia, (AP)—Gil Turner, 23, Philadelphia's welterweight and middleweight boxing title contender, was married in Acapulco, Mexico, last Tuesday, his manager, George Katz, disclosed yesterday.

Student

Katz said the bride is Esther Handley, 22-year-old Philadelphia business college student.

All Diamond Clubs Present At Meeting

Bartonsville—A general business meeting of the Pocono Mountains Baseball League was held here at the Bartonsville Hotel last night, and each of the 10 teams in the circuit was represented at the gathering.

M. N. Warner, circuit treasurer, announced that every team in the league had squared up its bills at last night's gathering and that each in turn will receive a sizeable refund from the circuit treasury in the very near future.

Henry Weiss, chairman of the trophy committee, announced at last night's gathering that all recipients of trophies at the recent circuit banquet are to appear at the Lake House, Saylorsburg, on Sunday, with their trophies. Graydon Praetorius, president of the Saylorsburg entry in the Pocono Mountains League, will sponsor a banquet for all trophy winners at 4 p. m. on that date.

Date

It was also announced that the constitution and by-laws committee will meet at the Lake Harmony Hotel on Monday, January 11.

The committee is composed of Clinton Getz, league president; Harry Janson, first vice president; Clarence Smith, second vice president; John Wernett, secretary; Warner, and Walter Stem, umpire-in-chief.

Getz was in charge of last night's meeting.

Mr. and Mrs. William Cassati, owners of Bartonsville Hotel, prepared a lunch for those gathered at the meeting.

Teams represented were Saylorsburg, Kunkletown, West End A. C., Bushkill, Reeders, Tannersville, Analomink, Lake Harmony, Pocono Lake and Barrett.

'Seattle Slicker' Takes Over For O'Brien

Seattle, (AP)—The successor to fabulous Johnny O'Brien is a six-foot-nine Pennsylvania giant who made the grade from gawk to slicker in four seasons.

When Joe Pehanick came out from Scranton he knew the difference between a basketball and a hunk of coal. The chisel-chinned highboy had never played the hoop game in high school.

Now he's the hottest hotshot in the state of Washington and people who laughed when he tripped over the foul lines only a few years ago are cheering themselves hoarse for the Seattle University senior.

Joe wandered west to visit his married sister in Seattle and maybe find a job. To kill a bit of time he strayed into a gymnasium where an AAU league was playing.

All that altitude couldn't go unnoticed and he was spotted by Sammy White, the Boston Red Sox catcher who was doubling as coach of one of the league basketball teams. Joe agreed to give the game a whirl, but what he gave it was a laugh. He fell over his own feet, caught his fingers in the lacings of the ball, bumped his head on the double post. Pehanick was a panic.

Tuition

But the big guy ambled out to Seattle University and offered his immense lack of talent to the chieftains. His height got him free tuition, but nobody at the school thought the untutored Joe ever could make the grade.

As if awkwardness and greenness weren't enough, Pehanick was short of breath, the result of a childhood traffic accident in which his chest was crushed.

"It isn't what we did for him," says Father Robert Carmody, faculty athletic moderator, "but what Joe did for himself. No kid ever had a tougher road to follow."

But Pehanick worked, even sneaking into the gym to practice alone. "He'd practice 18 hours a day if I didn't run him out," says coach Al Brightman.

Seattle lost its opener to Wichita, but then Joe began to percolate and the team has spun a victory skein of six, with Pehanick hitting an average 21.7 points per tussle.

The people who laughed and called him "The Slob" now speak fondly of Joe as the "Big Chief."

Dewey Names Monaghan Chief Of New York's Harness Racing

New York, (AP)—Democratic Police Commissioner George P. Monaghan of New York, yesterday was named czar of the state's scandal-ridden $272,000,000 a year harness racing industry.

Republican Gov. Thomas E. Dewey crossed party lines to single out an old friend for aid in the midst of the worst GOP state scandal of his three-term administration.

He asked Monaghan to rule harness racing "with an iron hand."

"And if he ever needs more power, I will undertake to get it for him," the governor told a press conference.

Seek Sanction

Dewey indicated he will seek legislative sanction for Monaghan to regulate labor unions whose members work at harness tracks —at least to the extent of keeping them free of hoodlums.

Monaghan, 52, is a member of the lame duck Democratic city administration. There have been persistent reports he would lose his $15,000 a year police commissionership when the new Democratic city administration takes over January 1.

His new salary will be fixed by the State Legislature. The roughly comparable job as chairman of the State Athletic Commission in charge of prize fighting pays about $12,000 a year.

Dewey called Monaghan "the best police commissioner New York City ever had."

Thinking Duel In Prospect For Sunday

By Joe Falls

Detroit (AP) — A "thinking duel" is in prospect for Sunday's pro football championship game in Briggs Stadium.

Matching wits will be coach Paul Brown of the Cleveland Browns and quarterback Bobby Layne of the Detroit Lions.

Brown, a demon for detail, calls the Cleveland plays from the sidelines, sending them in to his quarterback, Otto Graham, via a relay system of linemen. He sometimes calls an entire series of plays, sometimes only one play at a time.

The burden of calling Detroit's plays rests almost entirely with Layne, a six-year veteran who learned his football at Texas University.

Praise

"Layne calls most of the plays," says Lion Coach Buddy Parker. "I have complete confidence in him.

"Sometimes, I'll send in a play," Parker added, "but never more than three or four a game. Our coaching staff may see something which Layne doesn't.

"When we're on defense, Layne and I talk over the plays on the sidelines. But he calls 'em when he's out there."

Detroit's system is more conventional but you can't deny Brown's near-perfect success. In eight seasons the Browns have won eight straight divisional titles. That includes four in the old All-America Conference.

In the last two years, though, Cleveland went all the way to the title game, where it was upset.

Brown and Parker disagree on another point. Brown hopes the weather remains above freezing, for fear the frozen turf might cause injury to his players.

"The cold doesn't bother us at all," says Parker. "We're used to playing in sub-freezing weather."

Idaho Football Coach Resigns

Moscow, Idaho (AP) — Raymond A. "Babe" Curfman resigned yesterday as football coach at the University of Idaho. His three assistants also resigned.

Effective

The resignations were accepted efective at the end of the current semester.

Curfman's Vandals won only one out of nine games last fall and he has been under fire for some alumni.

New Jersey To Reduce Tracks

Trenton, N.J. (AP) — The New Jersey Legislature last night gave Gov. Alfred E. Driscoll his choice of two bills to reduce the number of race tracks in New Jersey from four to three.

Opposition

The Republican-dominated Senate and Assembly batted down Democratic opposition to the bills at the third meeting of a special session and adjourned until January 8.

Driscoll has said he would sign either bill. The legislative action dooms a proposed race track at Secaucus, which proponents said would produce 20 million dollars a year for the state in taxes and commissions.

Mentor Praises Coast Basketball

New York, (AP)—Bob Feerick, outspoken young coach of Santa Clara's basketball team, said college basketball definitely is on the upgrade in the Far West and predicted that UCLA and Oregon State would meet in the Pacific Coast Conference championship playoff next February.

Pairings

Feerick's Broncos clash with St. John's of Brooklyn in Madison Square Garden tonight as part of an intersectional doubleheader that also features Utah State and New York University.

Russia Blasts 'New' U.S. Sport

Moscow, (AP)—American sport is criticized in the Soviet press almost as frequently and bitterly as American foreign policy.

Often American sport is denounced as professional, mercenary, brutal, murderous, degrading. And sometimes, like the game of baseball, it is called piracy on a Russian invention.

The latest Soviet criticism hits the game of auto polo. Many Americans here haven't even heard about it, but Soviet newspaper readers were told about it recently in a news item which proclaimed:

Quote

"United States advertises sensational new sport called auto polo. Drivers of autos fight for the ball on rough and broken field at very high speeds. And the result of such games is victims among the spectators as well as the players."

The newspaper Ukraine Pravda (December 10) held that this was going a little far even for the Americans and that it should speak its piece in denunciation of the new "sport" which leaves dead and dying not only on the field, but in the stands as well.

Sunbury Club Votes To Join Piedmont League

Sunbury, (AP)—Directors of the Sunbury Baseball Association last night voted to purchase a franchise in the class "B" Piedmont baseball league for the 1954 season.

Sunbury was invited to join the league Thursday by Piedmont President Frank Summers to fill the vacancy left by the movement of Richmond, Va., from the Piedmont to the class "AAA" International League.

Former Entry

Sunbury last had a baseball team in the defunct class "B" Inter-State League in 1952.

Stroudsburg High To Feature Three Basketball Tilts

Life of Riley

By JIM RILEY
Sports Editor

Last night's banquet for the East Stroudsburg High school football team was one of those refreshing things that remain in one's memory for a long time. It was light in nature and there were plenty of laughs for all present. The banquet was made possible by the residents of East Stroudsburg and among the guests were the school's cheer leaders, a very nice gesture indeed. Everyone apparently had a good time, especially the players who could eat to their heart's content. There was second and third helpings of ham for everyone interested.

The people of East Stroudsburg have treated their football team in fine fashion this season, of which everyone is proud. But the Mountaineers of Stroudsburg have received only one banquet, that put on by the school board. East Stroudsburg won seven games and lost three. Stroudsburg on the other hand won seven tussles, lost two and tied one. The records are almost identical, but the Cavaliers have fared much better than the Mountaineers, thanks to their thoughtful supporters. The big difference appears to be that East Stroudsburg won the Thanksgiving Day struggle and not Stroudsburg.

It certainly would be nice if an organization or group of people were to honor the Stroudsburg gridders with some sort of an affair right after the holidays. East Stroudsburg has had two banquets in behalf of its football squad and 33 members of the varsity grid machine were guests at the recent pro football game between the Eagles and Browns. Roger Roan, star forward on the Barrett High school basketball team, is currently vacationing in Florida—lucky guy.

Palmerton High contacted some 40 basketball teams to fill open dates in its present schedule, but reportedly received only a few favorable answers. Bill Wilhelm, current track coach and former basketball mentor at Palmerton, will launch his 25th track campaign with the Bombers in the spring. The only Blue Mountain League basketball game to be played during the Christmas holidays is the one between the Stroudsburg Poconos and Hackettstown, at Hackettstown, N. J., next Monday. Pro basketball fans in the area are increasing in number, all because of Rev. Ernest T. Campbell, of the Stroudsburg Presbyterian Church. He's the expert on pro cagers in this locality.

Bangor High school's basketball team may see the Lafayette-Moravian College court tussle on Saturday, January 2. The Slaters are anxious to watch Joe Heard, former teammate, do his stuff for Moravian. Joe is the brother of John Heard, Bangor High coach. The younger Heard has started the past two ball games for Moravian and apparently is improving as the present season progresses. He's only a freshman. Speaking of freshmen brings to mind the fact that Bill Bailey helped spark St. Paul College, Virginia, to its initial football win since 1948 during the past campaign.

Bailey, playing first string fullback as a first year student, also helped lead St. Paul to its initial CIIA grid victory in 13 years. The CIAA is made up of several colleges, including Morgan and Lincoln, the latter a well known Pennsylvania school. St. Paul finished the recent campaign with three wins and seven defeats and had a scheduled battle with Lincoln snowed off the books. Bailey is a former Stroudsburg High football and basketball star.

What pair of coaches are still waiting for two other coaches to buy a steak dinner and all the trimmings? According to reports the first two mentors have been waiting a month for the treat, but still no signs of action. At least one basketball coach in the area was upset over the manner in which "face-guarding" was called by an official in a recent outing. The coach claims that "face-guarding" is the act of disregarding the ball entirely, and fixing one's entire attention on a man without the ball. The mentor claims this rule went out the window sometime between 1930 and 1934.

The area is flooded with college men who formerly took part in athletics in this region and are now home for their Christmas-New Year's vacation. Several shots that appeared in the basket, only to pop out again, reportedly was the difference between victory and defeat for East Stroudsburg High against Wilson Borough last Friday. Jim Werkheiser, former baseball and basketball star at Pocono High and a diamond standout at East Stroudsburg State Teachers College, is currently very active in choral work with the Army in Europe. Jim was also a star infielder for Pocono A.C. of the Blue Mountain League.

Coach Dick Forster, director of the East Stroudsburg High basgetball team and assistant grid boss, and family will spend Christmas at their former home, Newaris, N.J. Dick will be back in time to carry out a regular slated practice session on Saturday.

Former Stars To Appear In Two Games

Clowning and serious basketball will be featured by turns at a giant tripleheader court attraction at Stroudsburg High school tonight, as stars of the present and past play in a special benefit attraction, with all proceeds going to the Varsity "S" Club.

Tonight's basketball show is one of the largest of its kind to ever be presented in Monroe County. The initial contest will get underway at 7:30 p.m.

The lid lifter will feature the Alumni women against girls currently enrolled at Stroudsburg High. The second battle will send the Old Timers, to be known as the Downtown Coaches, against the Stroudsburg High faculty.

Needless to say no official time has been set for the first two games, but pre-game reports indicated that they would try to stretch each quarter to five minutes.

The headline attraction on the bargain bill will feature the Alumni against the Stroudsburg High varsity.

Lineups

Coach John Kupice will probably stick with the same lineup that has carried the bulk of the load thus far this season. The Mountaineers will open with Dave Nevil and Don Diebler at the forward posts, while Dick Little operates at center. Captain Karl Weingartner and Don Garaventi will handle the guard positions.

The Alumni will feature many of the stars who carried the Stroudsburg High banner in recent court campaigns.

Action in the first two games is almost guaranteed to bring forth laughter from the most grouchy of people.

Tickets are still available for the affair, at one dollar for adults and 35 cents for students. The tickets may be purchased at Buck's Soda Mart and DeVivo's Shoe Repair and at Stroudsburg High.

Proceeds from the program will be used by the Varsity "S" Club to partially defray the cost of the annual spring athletic banquet.

Square dancing is scheduled to follow the last game tonight and anyone wishing to remain for the dancing is welcome.

LT. COL. BANKS is shown presenting M/Sgt. Andrew J. Dippre, East Stroudsburg, with a softball trophy in Japan recenily.

Dippre Wins Trophy In Army Softball

M/Sgt. Andrew J. Dippre, former student at East Stroudsburg High school, recently was honored as the best softball player in the entire 82nd Cavalry Division.

The trophy was won when Dippre was stationed in Georgia, but the award took place recently in Japan, where Dippre is currently stationed. The trophy was presented by Lt. Col. Banks during divisional ceremonies. Several lesser awards were passed out to other players at the same time.

Relatives

Dippre is the husband of Mrs. Ann Dippre, 92 Lackawanna Ave., and the son of Mr. and Mrs. Andrew P. Dippre, 24 S. Kistler St., East Stroudsburg.

The former East Stroudsburg student is a right handed pitcher and bats from the left side of the plate.

Dippre reportedly played with several baseball and softball teams in Monroe County before entering the service.

Colts Acquire Purdue End

Baltimore (AP) — The Baltimore Colts announced last night that Bernie Flowers, All-America end at Perdue in 1952 who jumped to Canadian pro football, has agreed to play for Baltimore in the National Football League next season.

The announcement was made after the 23-year-old Flowers had conferred here with Don Kellett, president of the Colts, on contract terms. Kellett said he expected to sign him next week.

Confirmation

Flowers confirmed the agreement and said he planned to sign his contract "after talking it over with my family and lawyer."

Flowers was an all-league end at Ottawa in the Canadian Football League in 1953, catching nine touchdown passes to become the loop's seventh highest scorer. He also palyed defensive halfback. His home is in Erie, Pa.

New Post For Pony Loop Head

Buffalo, N.Y. (AP) — Vincent M. McNamara, president of the Pony Baseball League and president of the class "D" Baseball Leagues of America, yesterday was appointed city recreation director.

Promotion

He was named by Mayor-elect Steven Pankow to succeed Randolph A. Mineo in the $7,500-a-year post. McNamara had been assistant director.

West Virginia In Two Drills

Biloxi, Miss., (AP)—West Virginia University's football team went through two spirited practice sessions yesterday, although a soup-like fog grounded passing.

The Mountaineers preparing for their Sugar Bowl clash with Georgia Tech New Year's Day, ran through lengthy ground attack drills against a defensive unit wearing Georgia Tech jerseys.

Warning

Coach Art Lewis, who brought West Virginia to the front as a Southern Conference football power, said each player must "go all out" if the Mountaineers are to beat the speedy Tech team in the New Orleans football classic.

Coolbaugh Plays Host To Greene-Dreher Cage Machine; TTHS Tangles With Alumni Quintet

Two members of the Monroe County Basketball League swing into action tonight, each on its home court.

In each case the preliminary game gets under way at 7:15 p. m., and the main event approximately one hour later.

Probably the number one game in the trio of outings will pit Coolbaugh and Greene-Dreher-Sterling against each other, on the former's court. Coolbaugh apparently is one of the powers in the Monroe County League, while the Stags of Greene-Dreher are annually one of the top dogs in the Wayne County Conference.

Both teams will swing into action tonight with only one black mark on its schedule. The Stags have been defeated by Pocono, while Coolbaugh suffered its one reversal at the hands of Moscow.

Greene-Dreher has won five games, while Coolbaugh has made three trips to the winner's circle.

The other contest on the agenda tonight will pit Tobyhanna Township High against its Alumni, at Pocono Pines.

TTHS is searching for its initial win of the season, to go with four setbacks, but the scholastic five will be up against many of the cagers who led TTHS to four straight Monroe County League championships in the past four years.

Other Monroe County League teams are idle tonight. Barrett and Chestnuthill tangled with their respective Alumni teams last night, while Polk meets its Alumni tomorrow night and Pocono doesn't play again until after the Christmas holidays.

The actual Monroe County League season opens with a full schedule on Friday, January 8.

Waymart Returns To Thick Of Basketball Title Fight

Newfoundland—Waymart knocked Lake Township out of a first place tie in both divisions of the Wayne County Basketball Conference by shellacking the Lakers 61-37 at Waymart Friday night, and Hawley, registering a 81-61 win over Preston, remained unbeaten and took over the leading role exclusively.

By virtue of its victory, Waymart moved right back into contention for both division crowns, standing third in the North and second in the South, as all action is suspended in the loop until January 5.

Big Guns

The Warriors' brother-combination, Daryl and Clive Gustin, came through with 16 points each to pace the Pat Walsh-coached outfit while Wade Keen added 10. Heater was high for the Lakers with 10 markers.

Hawley led all the way to top Preston. Four of the Buckhorns were in double figures with Joe Gellatt high with 21. Top scoring honors for the game, however, went to Preston's Jerry Matarse, who socked in a neat 34 operating from a guard position.

In the other game, Honesdale nipped Pleasant Mount, 55-53, to score its first WCC win.

The standings:

North	W.	L.	Pct.
Hawley	4	0	1.000
Lake Township	3	1	.750
Waymart	2	1	.667
Preston	1	2	.333

SPORTSMAN'S DIGEST by hal sharp

IMPROVE RABBIT'S FLAVOR AFIELD....

DON'T SHOOT RABBITS WITHIN A 10 YD. RANGE OF YOUR SHOTGUN. IT TEARS THE MEAT SO IT IS UNFIT FOR EATING.

DISCARD

ALWAYS REMOVE ENTRAILS AS SOON AS YOU KILL A RABBIT. IF YOU "PEPPERED" YOUR KILL, SKIN IT AT ONCE. THEN CUT THE FRONT LEGS FREE OF RIBS AND BACK. CUT RIBS AND FLANK FROM BACK'S TENDERLOIN AND DISCARD IT, SAVING BACK AND LEGS. IT'S THAT "SHOT-UP" ABDOMINAL WALL THAT RUINS THE FLAVOR OF MANY BUNNIES.

Tropical Park Suspends Rider

Miami, Fla., (AP)—Jockey Norman Mercier was held responsible by the Tropical Park stewards yesterday for causing Royal Battle to fall with apprentice Darrell Harrier during the running of the Coral Gables Purse on Saturday.

Hat Box

Mercier, who handled Hat Box in the event, was suspended 10 racing days, effective December 24 through January 4.

Harrier was reported resting well at Coral Gables Hospital and his condition is not as serious as first reported on Saturday.

Attendance Battle In Making

Milwaukee, (AP)—A new inter-league rivalry for baseball fans seems in the cards.

The attendance battle between Baltimore's Orioles of the American League and Milwaukee's Braves of the National may come close to equalling interest in the World Series and All-Star games by next fall.

Figures

The Braves set a National League mark of 1,826,397 this Summer in a 36,000-seat capacity stadium designed expressly for major league baseball. Baltimore hopes to beat it with the transplanted Browns from St. Louis in a stadium built originally for football.

"We wish them luck," says General Manager John Quinn of the Braves, "but they better be ready to hit 2,000,000."

Yankees Add To List Of Night Contests

New York (AP) — The New York Yankees yesterday joined the trend to more night baseball with the announcement they will play 16 night games in 1954—two more than usual.

The club also broke tradition by scheduling two of the night games on Saturdays.

Experiment

General Manager George Weiss said an experiment the past season with one Saturday night contest had met with favorable response.

The Yankees usually confine their home night play to Tuesdays and Fridays.

Three Matches Slated

Three matches are on the agenda of the East Stroudsburg Ladies' League at Harmon's Recreation today, at 6:45 p.m.

Your Horoscope Today

By FRANCIS DRAKE

TUESDAY, DECEMBER 22, 1953

March 21 to April 20 (Aries)—The difference in results now will depend on how you see, plan and evaluate possibilities. Success usually follows a careful formula, but comes unexpectedly at times. Gain through intelligent consistency.

April 21 to May 20 (Taurus)—Step out and do things; make some mistakes if you must, but find out what makes things click, what makes makes success, failure. You will be better informed than those who wait or are over-conservative.

May 21 to June 21 (Gemini)—Today's rays are generous in outlook. Forge ahead to earn your share; it's there for you. Romance, family, personal affairs have high rating now.

June 22 to July 23 (Cancer)—Some unfriendly aspects. Especially aim to avoid that which borders on the risky or uncertain. However there must be action to expect results; so have faith, make your effort and trust in God.

July 24 to August 22 (Leo)—A slightly elastic outlook. Those of you who study, plan and deserve, can advance. You who are easily led, or drift, look again; things can happen that you won't like. Help yourself, be responsible.

August 23 to September 23 (Virgo)—Mixed vibrations for most endeavors. You will have to take and make the best of it. Remember my advice; "Stars may tell but do not compel." Take certain chances, sensibly.

September 24 to October 23 (Libra)—God gave each one of us a free will, but how we use it is our own responsibility. Scrutinize self as well as others, and don't rush. Better to be slow but sure.

October 24 to November 22 (Scorpio)—Steer clear of the "cinch" schemes that promise easy, effortless success. Use the best methods you know and don't give up without really hard and sufficient effort. Reward always worth it.

November 23 to December 22 (Sagittarius)—A fairly good outlook for well-handled and well-planned programs, business, trading, banking. Sound investments could bring returns eventually. Avoid speculative ventures.

December 23 to January 21 (Capricorn)—First things today; seek to learn, analyze and re-illuminate all situations. Remain in your own environment. You can make more progress there than far afield.

January 22 to February 20 (Aquarius)—A "faint heart" will not accomplish much today. It will take masterful hands and sterling efforts to match some of the exacting, exciting conditions facing us. You can win if you will.

February 21 to March 20 (Pisces)—You may have to hustle harder, have less time for recreation, but reward will be well worth while. Meet today's demands fearlessly, keep pace with events and don't take first rejections as final.

YOU BORN TODAY are jovial, friendly, self-reliant, enterprising characters. You have philosophical minds, sober temperament; are steadfast, hold friends through your magnetism, though you may have a tendency to brusqueness, blunt speech. Curb these traits carefully; they can drive away those you really want to like you. You are inherently loyal, and detest dishonesty, bickering. Seek higher education, follow your religion always.

Girl Loses Finger Tip In Safe Door

A four-year-old Stroudsburg girl had the tip of her left forefinger partially amputated Saturday at the General Hospital after her hand was caught in a safe door at her father's business establishment.

The child is listed as Elizabeth Ann Hintze, 55 Brown St. She was one of five persons treated in the dispensary.

Two of the patients suffered cuts self-inflicted accidentally by hunting knives.

Anthony Horlacher, 14, of 148 Ridgeway St., East Stroudsburg, cut his left index finger, and Isaac Martin, 36, of Oak St., East Stroudsburg cut his left hand.

Four-year-old Grover Hawley, RD2, suffered multiple cuts of the face, head and hands in an auto accident near Saylorsburg.

Peg Hauser, Delaware Water Gap, suffered bruises of the scalp when she bumped her head on a low ceiling while descending steps.

Saylorsburg

Mrs. Ralph Bond
Ph. Say. 46-R-16

Larry Lee Hill was the name chosen for the six pound one ounce son born Tuesday, December 8 at the General Hospital in East Stroudsburg to Mr. and Mrs. George Hill, Saylorsburg. Mrs. Hill was the former Joyce Halstead, daughter of Mr. and Mrs. Clair Halstead, Saylorsburg.

Callers at the home of Mr. and Mrs. J. E. Serfass this week were: Mrs. Eugene Smith, East Stroudsburg, Mrs. Thelma Darr, Mrs. Betty Andre, Mrs. Lela Heller, Mrs. Mary Ejdys, Mrs. Anna Serfass, Stroudsburg, Mrs. J. H. Newhart, daughter Beatrice, son Russell, Stockertown, Mr. and Mrs. William Knecht, Mrs. William Butts, Bangor, Mrs. George Simms, Mr. and Mrs. P. Clair Meixsell, Col. and Mrs. Harry Serfass, Rev. and Mrs. Adan Bohner, Kunkletown.

Mr. and Mrs. Thomas Trach were Sunday guests of Mr. and Mrs. J. Stotz Singer, Bethlehem.

Pvt. James H. Butz

Pvt. Butz Ends Course At Pickett

Pvt. James H. Butz, son of Mr. and Mrs. Harris Butz, Tannersville, completed basic training recently at the Medical Replacement Training Center, Camp Pickett, Va. and is now home on furlough.

At MRTC, the Army's basic training school for medical enlisted men, he has received eight weeks of basic infantry training and eight weeks of medical training.

The infantry training covered subjects given to all new soldiers. Medical subjects studied included: anatomy, physiology, military sanitation, method of evacuation, emergency medical treatment, administration of medicines, ward management, hypodermic injection, and operating room technique.

Latin Club Holds Panel Discussion

About 25 members of the Latin Club, the Collegium Latinum of East Stroudsburg Senior High School, held their meeting at the home of the adviser, Mrs. Eugene Martin, at 8 p.m. on Dec. 20.

Frank Ciofalo served as chairman of a panel discussion in which the following took part: Eleanor DeNike Heffner, who is majoring in Latin at Drew University; Harry Caulfield, who is taking Latin in pursuing his pre-med course at Harvard, and Constance Beers, who is majoring in music in the Yale University School of Music.

In their discussion, the panel members touched upon high school preparation, college requirements, scholarships, and college board examinations. A question and answer period followed the discussion. Caulfield and Miss Beers were members of last year's group.

After the panel, games were played under the direction of the program chairman, Sidney Heller and refreshments were served with Betsy Peeney as chairman. Other members of the committees were Elizabeth Kinerim, Constance Werkheiser, Eleanor Decker, Audrey Treible, Harold White and John Wiggins.

The officers of the Collegium Latinum are Ciofalo, consul, and Miss Quinlan, scriba.

Car Collides With Bus On Route 611

Arlington Heights — About $200 damages resulted at 6:35 a.m. yesterday when a car collided with the rear of a Delaware Valley Transit Co. bus on Route 611 near here. There were no injuries.

State police of Stroudsburg listed the auto operator as Martin L. McConnell, 30, of Pittston, and the bus driver as Leo A. Smith, 40, of 201 Smith St., East Stroudsburg.

Police said McConnell was following several other cars, all passing the bus, and in attempting to swing to his left, struck the left rear portion of the bus. Both car and bus were damaged an estimated $100 each.

Jamestown Cabinets Sold By Archibald

Whether you plan to build a new home or to modernize your present kitchen, you will profit by selecting Jamestown White Steel cabinets, sinks and tops.

The Jamestown White Steel line, referred to as the "aristocrat of steel kitchen cabinets," is sold and installed by the H. C. Archibald Co., 406 Main St., Stroudsburg.

Jamestown cabinets are reputed to be the "best on the market" for design, workmanship and quality.

Homeowners choosing Jamestown cabinets for their home have a large selection of standard and featured cabinets and accessories from which to choose. Stainless steel sinks and tops are "tailor-made" to fit particular conditions and space.

In addition to the standard white enamel finish, H. C. Archibald Co. also offers the Jamestown line in a choice of four popular colors: apricot, aqua, green and yellow.

In Pidgin English "grass" may mean grass, beard, feathers, fur or hair.

Color Guide Helps Select Right Shades

Next month, after the mad whirl of the holidays have past, you may want to do a little painting around the house.

Here's a tip in that regard from the folks at the Paint Service Center, the "Progressive Store for Color, Style and Service," across from the Sherman Theater.

If you want walls that are simply beautiful—yet practical because they're washable—then start enjoying the easiest decorating in the world with Super Kem-Tone.

After it is thoroughly dried, tests show Super Kem-Tone will withstand repeated washings with usual household cleaners without losing its beauty. Dust, grime, grease, even crayon marks wash right off its tight, rubber-tough surface.

Ordinary flat wall paints are as slow and old-fashioned as the horse and buggy. Today . . . right now . . . enjoy the easiest decorating in the world with Super Kem-Tone, the amazing new wall paint that dries so quickly you get a colorful "new" room in a day. It's so easy to wash because dirt can't penetrate its tough, tight surface. Choose from hundreds of the most beautiful, most fashionable colors you ever dreamed about . . . and for your woodwork, matching colors in Kem-Glo.

Payments Of $4 Million Recommended

Scranton (AP) — A special master recommended yesterday that the Bethlehem Steel Co. pay $4,073,124 to past and present stockholders of the Williamsport Wire Rope Co.

This recommendation by Albert H. Alston covers approximately two-thirds of the six million dollar cash settlement in Bethlehem's disputed 1937 purchase of the wire rope firm.

If yesterday's finding is upheld by U.S. District Judge Albert L. Watson—and that is deemed likely—lawyers representing the stockholders stand to collect about $1,800,000 in legal fees.

Charles R. Bidelspacher Jr., of Williamsport and four associates began working on the case in 1945, eight years after the wire rope firm was sold for $3,300,000. They were to collect—only if they won the case.

Judge Watson set aside the sale a year ago, and Bethlehem made the settlement offer which was accepted by the attorneys representing the protesting stockholders.

Aston's recommendations call for payment of $2,516,339 to holders of 6,004 shares of common stock and $1,556,784 to holders of 7,966 shares of preferred.

It is understood that preferred stockholders who retained possession of their securities would receive $247 a share. Those who sold their holdings to Bethlehem will get about $45 less a share.

Common stockholders, under the recommendation, would get $443 a share.

Aston pointed out that most of the stockholders are residents of the Williamsport area who had invested their life savings in the wire rope firm.

Still pending are recommendations for disposal of claims for 1,000 shares of preferred and 1,986 shares of common.

Biggest payments, under the recommendations, go to:

George S. Munson and family, of Philadelphia, $629,925; George W. Hartke, Buffalo, N.Y., $640,000; estate of Robert Gilmore, former president of Wire Rope, $469,350; estate of Henry McCormack Cochran, Williamsport, $290,850.

The judge probably will set a date for next month for objections to the recommendations, though none is expected. Payments probably will be made in February.

It is estimated that 400,000 people in the United States now have active tuberculosis. About 150,000 of these are unknown to health authorities. People can have TB in its early stages without knowing they are ill.

New Rule Permits Registrars To Copy Death Certificates

Harrisburg, (AP)—A new plan under which local registrars will be permitted to make copies of death certificates goes into operation in Pennsylvania next month.

By speeding up issuance of death certificates, the new program is expected to prove a boon to obtaining quick action on documents needed to collect insurance, Social Security benefits, settling estates and transferring automobile titles.

"This is a new idea which should meet wide general public approval," said Dr. Albert E. Bailey, director of the Bureau of Statistics and Records.

"Funeral directors, in particular, will see their duties lessened in behalf of clients."

At present, death certificates are sent immediately to the state Capitol at Harrisburg, thus delaying the issuance of copies.

Operation of the new plan will begin in Philadelphia, Pittsburgh, Erie, Scranton, Wilkes-Barre, Reading and Allentown. It will be applied later in other communities.

All local registrars must be briefed by state officials on the new procedure. Since all cannot be visited at one time, only the selected cities will inaugurate the plan at the beginning.

Local registrars number some 500 in the state. They are part-time Health Department appointees who record births and deaths on a fee basis.

Under the new plan the registrar will be given a supply of death certificate forms for copying purposes only. As in the past, he will make an official record of the death.

But instead of immediately forwarding it to Harrisburg, he will retain it until the fifth day of the month following the death.

During this period—ranging from 5 to 36 days—funeral directors will be able to obtain any number of required copies for the family of the deceased.

Registrars will be paid $1 for issuing each certificate. That's the same amount charged by the state Vital Statistics Bureau.

Programs At Ramsey Today

All Ramsey School Christmas programs will be presented today, according to Roger A. Dunning, Stroudsburg elementary school principal.

All parents and friends of pupils in the Ramsey school are invited to attend the special programs throughout the day, Dunning said.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 2. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figure give you.

Midnight Candlelight Service Scheduled Christmas Eve In St. John's Church Here

The Festival of our Lord's Nativity will be ushered in at a midnight candlelight service in St. John's Lutheran Church on Thursday night beginning at 11.

Each year this service attracts a large throng to keep the holy night vigil in the church. The service features special music along with the singing of familiar Christmas carols by the congregation.

The pastor, Rev. Dr. P. N. Wholsen will bring the Christmas message on the theme "Light at Night."

Richard Lindroth, choirmaster at St. John's, announced that the service will be preceded by a 15-minute recital by Richard Manheim, organist. He will play "Carol Song," "Saviour of the Heathen" and "Coventry Carol."

The service will open with the singing of "Holy Night" by Frances Hartzell Meredith, local soprano. The processional in which congregation will unite is "O Come All Ye Faithful."

During the service the Senior Choir will sing "Peace on Earth" and "Bethlehem," while the chancel choir will sing "Angels O'er The Fields Were Flying" and Mrs. Meredith will sing "Jesu Bambino."

The church has been adorned with Christmas decorations. Altar flowers will be placed by Mrs. John B. Van Why as a memorial to her mother, Mrs. A. F. Everitt, while a chancel basket of flowers will be placed by Mrs. Arthur E. Kitzman and Anna Sorenson as a memorial to their parents, Mr. and Mrs. Edwin Frable.

Robert Kitchen will serve as acolyte, while Calvin Butts, A. E. Kitzman, A. W. Munson and William Heckman will serve as ushers.

The service will conclude at 12:15 a.m. The public is invited to attend. The special offering will be used to meet the indebtedness of the church.

In 1952, the United States for the first time had fewer trucks in use than the rest of the world combined.

Agency Votes To Conduct Public Sale

Stroudsburg Municipal Authority decided last night to hold a public sale for $320,000 worth of bonds required to expand and rehabilitate the borough treatment works and extend sanitary sewers to all of West Stroudsburg.

Their action came after they had studied a negotiated sale offer made by Kidder, Peabody & Co., Philadelphia bonding house and financial advisers to both the authority and borough council.

Under a schedule set up last night the sale will be advertised and bids will be received by the authority in council chambers Jan. 19 at 7:30 p.m.

Bid of Kidder-Peabody was submitted by Willard Wright, Philadelphia, who with Harold Bond, Scranton, represented the financial house.

All members of the authority — Gerald M. Anderson, chairman; R. C. Hughes, Frank L. Stackhouse, Randall Marsh and Jack Kerlin — were present.

All members of the borough council attended the meeting.

Mr. Wright advised the authority that 95 per cent of such authority bonds are sold at a "negotiated sale" such as the Kidder, Peabody offer.

He also maintained that the Kidder, Peabody offer would not be bettered at a public sale. Mr. Wright went on to say he felt a public sale "would cost the community."

Howard Taylor of Morgan, Lewis and Bockius, bond counsel for the authority; Attorney George T. Robinson, authority and bond counsel solicitor, attended.

Before receiving the Kidder Peabody offer the authority formally fixed the amount of the issue and a maturity schedule for the 30-year issue.

The authority went into an executive session to consider the Kidder-Peabody offer. When the session ended, Mr. Anderson announced that the authority "thinks it can do better with competitive bidding.'

Mossadegh Sentenced

Tehran, Iran (AP) — A military court yesterday found former Premier Mohammed Mossadegh guilty on 13 charges of attempting to overthrow the Shah and sentenced him to three years in solitary confinement. He is reputedly well past 70 years old.

The 35-day trial ended Saturday night but the Shah made a last minute plea for mercy for Mossadegh, a plea the old former Prime Minister hotly rejected.

The court began its consideration of the case yesterday at 2:20 p.m.

Brig. Paghi Riadi, Mossadegh's former chief of staff and co-defendant, was given two years and dismissed from the army.

The court said the unexpected mildness of the sentence was directly due to the Shah's intervention on Mossadegh's behalf.

Poisoned Fudge Is Mailed To Church Members

Lake Wales, Fla. (AP) — It was arsenic in the pink icing of fudge sent through the mail that poisoned at least 14 members of the Lake Wales First Baptist Church. There were no deaths.

Police Chief K. M. Mellick and Postal Inspector O. C. H. Willard said a laboratory analysis of the candy yesterday indicated the poison das lead arsenate, though it might have been a similar poison, lead arsenite.

Lead arsenate looks something liked powdered sugar and can easily be bought for use in killing pests and insects, the chief said.

Mellick said he believes the candy sender had death in mind when he mailed it. However, so much poison was put in the candy that it caused too violent a reaction.

The worst thing that happened was that 14 persons, including several children, reported being badly nauseated for a day.

Hoboes Asked To Mourn Connelly

Cincinnati (AP) — Jeff Davis, king of the hoboes, proclaimed 30 days or mourning for all hoboes in memory of James Leo (One-Eyed) Connelly, the world champion gatecrasher.

Connelly died Sunday in Zion, Ill.

Davis said he would petition all major league ball parks — the scenes of some of Connelly's greatest triumphs — to keep one seat reserved in One-Eyed's memory.

"Connelly was the one who put a smile into sports," the hobo king said.

Davis ordered all tanks — hobo units — to go into mourning for Connelly, a vice president and charter member of the Hoboes of America.

Airliner Guides Crippled Plane To Safe Landing

Shannon Airport, Ireland, Tuesday, (AP)—An American Trans World Airways plane went more than 1,000 miles out of its way last night to guide homeward a British Royal Air Force transport.

The British plane, bound from Greenland to Prestwick, Scotland, sent out a distress call while 700 miles from the Irish coast.

The American airliner, 500 miles on its way to New York, turned off its westward course over the Atlantic to search for the transport. It found the British plane and guided it all the way back to Scotland.

Pilot William Perkins of the TWA airliner, then flew on to Shannon, refueled, and took off again New York-bound with his 19 passengers and crew of nine.

Socialist Intervenes In Dispute

Versailles, France, (AP)—The Socialist presiding officer of France's weary Electoral Congress dramatically intervened in the presidential deadlock last night after a 10th ballot had failed to settle the race.

As a result, it was generally conceded last night that Edouard Herriot and Vincent Auriol, two tired old men who have insisted time and again that they do not want the job, were the leading dark horses for the presidency of the Fourth French Republic.

But Herriot, 81-year-old Radical Socialist (moderate) statesman, and Auriol, 69-year-old Socialist who wants to retire from the President's job he has held seven years, were generally conceded to be the only men who could be considered above the party squabbles which have thrown the Congress into its present deadlock.

The Congress, made up of members of the National Assembly and the Senate, split again along rigid left-right lines on the 10th ballot and failed to give Premier Joseph Laniel a majority.

It was then that Andre Le Troquer, Socialist presiding officer, made an unprecedented intervention in the deliberations by calling for the influential members of the Congress to meet in his office this morning to seek a solution. Le Troquer is the presiding officer because Herriot, suffering from phlebitis, is too ill to perform the duty.

The deputies and senators cheered his announcement that he would seek to help lead the members to a compromise candidate before the 11th ballot at 3 p.m.

River Bill Approved By Legislature

Trenton, N. J. (AP) — Both houses of the New Jersey Legislature, acting under emergency rules, gave quick approval last night to a water bill designed to end litigation among New York, New Jersey and Pennsylvania over rights to drinking water from the Delaware River.

The bill, introduced by retiring Sen. Alfred B. Littell (R-Sussex), increases the amount of water that may be diverted from the upper Delaware by the three states and authorizes the building of dams and a reservoir in Sussex County. The bill was approved, 17 to 0.

Littell told the Senate no objections to the bill were brought out at a recent public hearing. Sen. W. Howard Sharp (D-Cumberland), who did not vote on the bill, said it was his understanding the water bill also would increase the flow of the river and would thereby threaten extinction to oyster beds in Delaware Bay. He asked the Legislature to provide compensation for the oyster industry if such a situation arose.

In the Assembly, the water bill was approved 43 to 1 with Sussex Assemblyman Clarence J. Little, a Democrat, opposed. He said the plan would help North Jersey industry, but would hurt Sussex agriculture.

Labor Board Reverses Rule

Washington (AP) — The National Labor Relations Board (NLRB) yesterday reversed 3-1 a two-year rule that employers must give unions equal time to deliver speeches on unionism to employes during working hours.

"We reject the idea that the union has a statutory right to assemble and make campaign speeches to employes on the employer's premises and at the employer's expense," the NLRB majority said in a major reversal of policy.

In place of the former "captive audience" rule that a union must have an opportunity to make pro-union speeches on company time and premises when the employer has used his facilities for an anti-union address, the NLRB established a brand new regulation.

It announced that, henceforth, both employers and unions will be barred from making speeches during working hours on company premises for 24 hours preceding any NLRB election to determine whether employes want union bargaining representation.

The majority opinion said it recognized that the new rule itself could be taken as limiting the employer's free speech at his own business during the 24-hour period but declared it was "a rule of practical labor relations governing conduct of elections."

February Draft Call Announced

Harrisburg (AP)—The state selective service headquarters yesterday issued a draft call of 1,018 men for February.

Col. Henry M. Gross, director, said the call would be made up of 20-year-olds as far as possible. The call is 238 men less than the January call.

Low Bid Of $648,701 Listed For Widening Of Route 115, Brodheadsville To Blakeslee

An unofficial low bid of $648,701 was received by the State Highway Department yesterday for construction of 16.75 miles of highway in Monroe County.

The bid was entered by Herbert R. Imbt, State College.

The stretch of highway is Route 115, from Brodheadsville to Blakeslee Corners—or from Route 209 to Route 940.

The construction will turn the stretch of highway from a two-lant into a three-lane road.

Pavement will be widened, with a flexible base and bituminous surface. An existing concrete-reinforced arch bridge will be extended, as will be six reinforced concrete bridges. Existing bridge floors will be replaced with plain concrete wearing surfaces.

U.N. To Broadcast Appeal To 22 Americans, 78 Other Allies Still In POW Camps

Panmunjom, Tuesday, (AP)—Balked at face-to-face interviews, the Allies will make a last-ditch broadcast appeal tomorrow to the 22 American prisoners of the Korean War who have embraced Communism.

The deadline for "come home" explanations is Wednesday midnight.

The Indian Command today approved the broadcasts. They will be made also to the one Briton and 77 South Koreans who were not given regular interviews.

"We will allow it," an Indian spokesman said today. "We will make the facilities available. It is for them (the prisoners) to listen or not to listen."

The American prisoners earlier had refused to accept a 12-page appeal from the U. N. Command explaining why they should make a free and informed choice on coming home.

The U. N. Command also asked to make face-to-face explanations to any of the prisoners who would come out on the final day. But the Indian spokesman predicted they would remain firm in their refusal.

The Communists asked to give explanations tomorrow to 250 Chinese prisoners in B4 compound and also to 41 Chinese and Korean prisoners who have asked to be sent to neutral countries after their scheduled release Jan. 22.

The Indian spokesman said the Allied broadcasts tomorrow would be made from one point, with neutral nations and Communist observers on hand.

Some Chinese Coaxed Back

Panmunjom, Tuesday, (AP)—Communist officers with soft-voiced pleas today coaxed Chinese prisoners to drop their anti-Red stand and come home.

Sixteen of the first 176 asked to go went back to the Reds.

The same type of pleas yesterday won back 33 of 250 Chinese interviewed in the Korean demilitarized zone where prisoners of both sides are held in the neutral custody. They are the ones who refused to go home in the big armistice exchange.

The Communists called up 236 Chinese POWs for explanations today. Generally the captives were calm. Only a few raised their voices. Some displayed boredom by turning their backs on explainers and sitting quietly, chins in hands.

A few whooped as they left the explanation tents on the way back to the stockade which showed they had chosen against the Reds.

Ousted Dock Union May Join Lewis

Washington (AP) — John L. Lewis yesterday sided with one of two hotly-feuding longshoremen's unions in what appeared to be a carefully-timed bid to become labor boss over New York City's turbulent waterfront.

The 73-year-old president of the United Mine Workers Union (UMW) kept mum himself, but William V. Bardley, newly-elected chief of the International Longshoremen's Assn., which the AFL ousted on grounds it was crime-ridden, emerged from an hour-long conference with Lewis and said:

One—The ILA's "financial troubles are over" and its barren treasury has been replenished. Previously Lewis was reported as having extended the ILA a $50,000 loan. Neither Bradley nor Lewis would confirm or deny the loan report.

Two—If the ILA wins a government collective bargaining election on the New York and New Jersey piers, Bradley favors the ILA's affiliating with the independent UMW. He added that he previously had been talking about affiliating with the AFL or CIO.

The Lewis-Bradley meeting took place on the eve of balloting to be conducted today and Wednesday by the National Labor Relations Board (NLRB) among the 22,000 New York harbor dockworkers.

Bradley predicted a 10-1 victory in the NLRB polling, but AFL President George Meany also has expressed confidence that a new AFL union would win. The AFL established its own longshore group after ousting the ILA, which crime probers have accused of harboring criminal elements.

Letter Delayed; Woman Object Of Wide Search

Wilkes-Barre, (AP)—A letter that took almost four days to travel 72 miles yesterday cleared the mystery of a 40-year-old Plains woman, a Bethlehem school teacher, who was the object of an intensive search by police in 18 states.

The delay in delivering the letter, mailed Thursday from Allentown, resulted in relatives of Miss Theresa Herrick reporting her missing.

Miss Agnes Herrick, a sister, received the letter yesterday in which the missing school teacher said she was going to spend the weekend in New York with another teacher and would be home on Monday night.

Plane Catches Fire

New York (AP) — An engine fire occurred in a plane taking off from Idlewild Airport for Los Angeles yesterday with 60 passengers aboard, and three persons were slightly hurt.

14 Escape Death

Hong Kong, (AP)—A United States Navy plane on a holiday trip crashed and burned at Hong Kong's Kaitak Airport yesterday but most and probably all 14 aboard were saved.

N. J. Solons Fight Bridge Demolition

Trenton, N.J. (AP) — The New Jersey Legislature in special session last night approved a resolution calling on the state's attorney general to institute suit to stop the proposed demolition of a Delaware River Bridge just north of Phillipsburg.

But, the State Senate turned thumbs down on a bill by Sen. Wayne Dumont (R-Warren) to bar the sale or demolition of the bridge.

Dumont, who also introduced the resolution, which does not require the government's signature, ran into trouble when he sought to pass the bill under emergency rules.

His bill was questioned by Sens. John M. Summerill Jr., (R-Salem), David Van Alstyne (R-Bergen), Alfred B. Littell (R-Sussex) and W. Howard Sharp (D-Cumberland).

Summerill, Van Alstyne and Littell said they believed the legislature could not approve a measure which would interfere with the operation of a bi-state commission such as the Delaware River Joint Toll Bridge Commission.

Sharp jocularly asked if the bill would have any jurisdiction over the Pennsylvania side of the bridge.

"It seems to me this bill would take care of only that part of the bridge which is in New Jersey," Sharp said. "I think that if the commission took off say 50 feet on the Pennsylvania side, there would be no bridge."

Dumont had told a reporter he would fight to have his bill passed. When the count was taken in the House it received only seven affirmative votes. Eleven are needed for passage. Dumont then asked to have the bill laid over until the Jan. 8 meeting of the special session.

The resolution said that the closing of the bridge "would result in severe hardship upon, and inconvenience to, the citizens of the area served by said bridge and the commerce and industry of such area."

Federal Judge Philip Forman has been petitioned by three Pennsylvania residents to prevent the toll bridge commission from destroying the free bridge. Forman said last week he was not sure whether he had jurisdiction in the case. He heard arguments, however, and said he would make an announcement on whether to rule in the case.

Dumont said if Forman removes himself from the case, action would be instituted in New Jersey Superior Court along the same lines.

Army Purchases Of Manufactured Goods Declines

Washington (AP) — Army purchasing of manufactured goods, which zoomed early in the Korean War, has slowed to a walk and will ease off even more next year, Undersecretary Earl D. Johnson reported yesterday.

The cutback, Johnson added, does not mean that money isn't still flowing into industry.

"It means rather," he said, "that industry's backlog of Army orders is shrinking. Money is still flowing out at close to peak rates because of old open orders."

Wanted Criminal Arrested By FBI

Washington (AP) — The Federal Bureau of Investigation last night announced the apprehension in Verdunville, W. Va., of Thomas Everett Dickerson, 30, one of the agency's 10 most wanted fugitives.

J. Edgar Hoover, director of the FBI, said Dickerson was picked up by state troopers and FBI agents last night.

Acceptance Only Conditional But Dulles 'Hopeful'

Washington (AP) — Soviet Russia agreed conditionally yesterday to talk about pooling atomic energy for peaceful purposes, and Secretary of State Dulles said he drew "hope" from the offer.

Every possibility of securing agreement on the plan will be explored, Dulles said.

The Soviet offer was made in a 3,000-word note replying to President Eisenhower's proposal that at least some atomic energy be diverted to humanitarian purposes under a United Nations agency.

Dulles, five hours later, issued a statement saying the Soviet Union "expresses its readiness to take part in confidential or diplomatic talks concerning the President's proposal' 'and adding, "this is hopeful."

John Foster Dulles

In regard to a Russian suggestion that the United States also consider an international ban on the H-bomb and all other weapons of mass destruction, Dulles said:

"The Soviet Union seems not to have caught the spirit of the President's proposal. Its very purpose was to find a new and clearly feasible basis which will permit actually getting started."

The White House said Eisenhower would have no comment "at this time."

The United States and Russia have been deadlocked for years on the question of outlawing atomic weapons, with the Americans insisting that before any ban there must be an ironclad system of inspection and control. The Communists want the ban first.

"It has long been evident, and the tone of the Soviet response makes it even clearer," Dulles said, "that little can be achieved by the continuance of public debate.

"The United States will, through the new channels which the Soviet Union now accepts, explore every possibility of securing agreement and bringing President Eisenhower's historic proposal into the realm of creative action."

Dulles did not say precisely what the next step will be. In all probability, he will consult further with the President, who laid his plan before the United Nations in an address at New York Dec. 8.

The secretary recalled that Eisenhower had said the United States was ready "to meet privately with such other countries as may be principally involved, including the Soviet Union, to seek an acceptable solution to the atomic armaments race."

"The President sought 'A way by which the miraculous inventiveness of man shall not be dedicated to his death but consecrated to his life,'" Dulles said.

Then he noted that the Soviet government criticizes the Eisenhower plan because it will not remove the threat of atomic weapons. "It also restates former positions taken by the Soviet Union," he said, adding at this point that Russia doesn't seem to have caught the spirit of the idea.

"I am very pleased at this news," said Rep. Cole (R-NY), chairman of the Senate-House Atomic Energy Committee. "It is at least hopeful."

Sen. McCarthy (R-Wis) commented that "The language sounds good, as so much of theirs does."

"But any agreement outlawing atomic and hydrogen weapons obviously has no effect on international Communism unless a foolproof system of nspection is agreed to by the Russians."

Eisenhower's new idea is that the United States, Russia and other atomic powers—"to the extent permitted by elementary prudence"—make joint contributions from their stockpiles of uranium and fissionable materials to a U. N. agency which would devote it to peaceful purposes, including medical research.

Yesterday the Russians replied: "It is necessary that not some part but the whole mass of atomic material be directed completely to peaceful aims . . ."

". . . One must conclude," Moscow's note said, "that, in its present form, the proposal tabled by the U.S.A. does not stop the growing production of atomic weapons, neither does it limit the possibility of the use of these weapons."

The Soviet government said that, "following consistently its peace-loving policy," it is ready to enter discussions such as Eisenhower proposed. Then Moscow proposed that this idea be considered at the same time:

"The states taking part in the agreement, guided by their wish for reducing international tension, undertake solemn and unconditional pledges not to use atomic, hydrogen or other weapons of mass extermination."

$6 Billion Spending Cut Held Likely

Washington (AP) — A total federal spending cut of six billion dollars in the coming fiscal year is in the works, according to usually reliable sources who helped prepare next year's estimates.

That would mean going in the red in fiscal 1955, which starts next July 1, by 1¼ to 3¼ billion dollars, according to what Congress does about taxes, and on the assumption that there is no radical change in business conditions over the next 18 months. The projected deficit for the current fiscal year is 3¾ billion.

About five billions of the expected saving, the sources said, would come from national security programs. Another billion, they said, would be pared from non-defense spending. Congress will get the administration's budget estimates for fiscal 1955 in a message from President Eisenhower which probably will not be ready until sometime between Jan. 18 and 21.

It was added that the budget message would present the administration's program, in considerable detail, for overhauling the federal tax system.

Any sharp downturn in business profits and personal income—not anticipated in high administration quarters—would alter the present budget estimates for fiscal 1955 because it would reduce government income and could force spending up considerably.

Hedy Lamarr To Marry Oil Man

New York, (AP)—Actress Hedy Lamarr and Texas oil man W. Howard Lee obtained a marriage license yesterday.

Miss Lamarr, who has been married four times, gave her age as 39. Lee, of Houston, Tex., is 45.

Miss Lamarr has been married to Fritz Mandell, film director Gene Markey, British Actor John Loder and Ted Stauffer. Lee formerly was married to Helen Torrance.

Surrender Of Three More Escaped Convicts Spurs Search For Last Two Still At Large

Detroit (AP)—Heavily armed police, acting on a tip to a newspaperman, yesterday captured three dangerous criminals who broke out of Southern Michigan prison with 10 other convicts Saturday night.

Only two still remained at large, trying to evade a great hunt.

The newly captured trio, Daniel B. Busha, 28, Edward J. Emrick, 43, and Virgil Lane, 27, were seized while watching television in an armed Westside Detroit home owned by an ex-convict.

The trio, part of the original fugitive gang of 13 who terrorized parts of Michigan in their flight, surrendered meekly.

Deputy Chief of Detectives Marvin Lane said the tip leading to the arrest of the three came from veteran reporter Ray Girardin of the Detroit Times.

An unidentified man came to the Times and asked to be permitted to give Girardin certain information.

"Through the information we developed the location of the house where they were hiding," Lane said.

The capture of the trio almost mopped-up the last of the fugitives who used an underground sewer to tunnel out of the prison at Jackson, 80 miles from Detroit.

One element of the gang kidnaped two young women in their flight, releasing them unharmed after holding them hostage for 11½ hours.

The two still at large were described as among the worst of the lot.

One, Roman Usiondek, 37, lifer and criminal psychopath, has repeatedly threatened to take vengeance on witnesses and prosecutor at his 1943 trial for the slaying of a bar owner, police said.

The other fugitive was Robert Dowling, 33, serving one to 15 years for breaking and entering in Detroit.

Eight others who participated in the mass break were rounded up Saturday night and Sunday.

Police said Busha, Emrick, and Lane offered no resistance when officers arrived at the home of Joseph Rocco.

"Don't shoot! Don't shoot!," the trio cried as 12 detectives headed by Lane burst into the house.

The three were questioned immediately as to the whereabouts of Usiondek and Dowling.

Also seized at the home was Rocco, 42, prison parolee who served a term for kidnaping. Police said there were knives, blackjacks and other weapons in the house.

Meanwhile police assigned guards to the witnesses at Usiondek's 1943 trial and investigations were pressed at the prison.

Major Repairs Not Needed On County Bridges

Inspection of county bridges was completed yesterday by commissioners.

No major repairs were found necessary.

Commissioners Amzi F. Altemose, W. Adolph Rake and Granville Shiffer spent a total of two days inspecting the county's 25 bridges.

The few minor repairs thought necessary will be made in the spring, commissioners decided.

The Courthouse will be closed Friday and Saturday because of the Christmas holidays, Chief Clerk Harry Taylor said.

Do A Double-Check

When you make that last minute check of your Christmas card list, or send out those greetings to people you never expected to hear from, make sure the Christmas Seals you received from Monroe County Tuberculosis and Health Society are used.

Make sure you have made your return for those stamps to the TB Society, using the self-addressed envelope this year-round health organization supplied for that purpose.

The 1953 seal sale campaign is still some $900 short of its required budgeted goal. That means that a lot of people have forgotten, or neglected to make a return for their seals.

The small sum you pay for these colorful 1953 stamps will go a long way toward keeping the TB Society on its 365 day a year schedule of health services to you, your neighbors and your children.

And, if you need more seals the TB Society headquarters at 621 Sarah St., Stroudsburg, will be happy to serve you.

About THE Tree

The U. S. Department of Agriculture has come up with some timely advice on the purchase of a Christmas tree.

Get a fresh one, it says. If the needles are turning brown, the tree has already dried out.

Saw an inch or so off the butt end and stand the tree in a container of water, so it will absorb some, the Department advises. Make sure the limbs are strong enough to hold ornaments.

All of that is good advice, no doubt, and will help to make Christmas safe as well as merry. But, after the tree is up, there are some more precautions to take. To wit—

Don't put inflammable material like cotton under the tree, especially with a toy train or other electrical device that might spark. Don't in fact, put a train under the tree.

String the lights carefully, so that the bulbs aren't touching the pine needles. Don't use any strings that are faulty in any way.

Anchor the tree so it cannot fall over, and never leave it with the lights burning.

Always remember that a Christmas tree is about as inflammable as paper.

The Once Over

—by H. I. Phillips

A startling thought continues to linger in the minds of TV fans since it recently was shown that a face can remain on a TV for days after a performer has finished. For if this can happen what's to prevent the commercials from staying on and on and on! As a matter of fact we just heard of a man who is in bad shape and insists that his condition is due to the fact a singing commercial, or jingle, got caught in the upper right-hand corner of his screen and has been there for the last four days and nights. (Doctors say that two minutes is all the average human being can stand of a thing like that.)

The worriment began a few few days ago when Mr. and Mrs. Jerry Travers of Blue Point, L. I., reported that the image of Francey Lane, a singer, got stuck on the screen and remained there 51 hours, through dozens of other programs. An electronic explosion can burn an image into the phosphorescent lining of a cathode tube and cause this, it was explained. This disturbs us no end. What if Groucho Marx remains on our screen during an address by John Foster Dulles? Suppose President Eisenhower's face gets stuck on our screen while Groucho is doing "Bet Your Life"? What would people think if they tuned into a United Nations program and Mr. Vishinsky appeared to be running "Name That Tune" or appearing as a guest star on "What's My Line?" Picture the situation if your TV set got into such shape in the cathode section that "Masquerade" remained in the upper right-hand corner with "Dragnet" in the lower left at a time when the scheduled program was "Arthur Godfrey And His Friends," or "Meet The Press"? What if you couldn't get "Howdy-Doody" out of "Omnibus?" . . . Then there's the story of the fellow who ran into a home-town girl in the Waldorf lobby during the event who asked, "What are you doing here?" and gave her one of those wholly skeptical looks when she replied frankly, "I'm baking a pie." . . . Felix Aylmer is the perfect "stand-in" for Malenkov or Malik, in "The Prescott Proposals." . . . The National Motorboat Show, for years packing 'em in at Grand Central Palace, must be shifted to Kingsbridge Armory away up near Ultima Thule next month and we can imagine a yachtsman finally locating it and exclaiming, "Boy did this show drag its anchor!" . . . Eddie Albert, doing a replacement job in "Seven Year Itch," finds a part that fits him like a glove . . . It was about 176 years ago today that George Washington's ragged and bleeding troops crossed the frozen bridges and entered Valley Forge for the most terrible Christmas in American history . . . Three thousand died of cold, starvation, sickness and wounds . . . Julie Harris who, in the Yale Dramatic School a few years ago, dreamed of a break in the theater, opened as the star of "Madamoiselle Colombe" in New Haven this week . . . Baseball players are so strong for legal advice that we may hear of a shortstop who won't stop a fast one without seeing his lawyer . . . There wouldn't be so much crime in America if all the cops weren't busy directing traffic or checking parking meters . . . Jean Kerr, wife of the dramatic critic, contributes sketches which help make John Murray Anderson's "Almanac" pretty wunnerful and we would like to eavesdrop when Mr. Kerr tries to explain why his review of the show was so lukewarm . . . Now that stocks can be bought on the installment plan we can't wait to get our "closing-price blues" at so much down and so much per headache.

MODERN CLOCK WATCHER

Robert S. Allen Reports

Reed Will Seek Slash To 10 Per Cent In Excise Tax

Washington — Representative Daniel Reed (R., N. Y.) chairman of the House Ways & Means Committee, which originates all revenue legislation has a wonderful Christmas gift up his sleeve for taxpayers.

"Uncle Dan" as colleagues affectionately call him, has decided to fight for an across-the-board slash in excise taxes at the coming session of Congress.

He will demand that they all be pared down to a uniform 10 percent level.

That would mean reductions ranging from 5 to 15 per cent; in most instances 10 percent.

In addition to this plan, Reed will vigorously oppose retention of emergency excise taxes scheduled to expire next April 1. Treasury Secretary George Humphrey has indicated he will seek continuance of these levies because of the prospective $5,000,000,000 loss in revenue through the demise on January 1 of the excess profits tax and the special 10 percent income tax.

But Reed is determined to both get rid of the expiring excise taxes and reduce such imposts that continue in effect.

His plan amounts to a second round of tax cuts in 1954.

The first round is the big one on New Year's Day when the Excess Profits Tax and the Emergency Income Tax vanish. The Administration is reluctantly reconciled to that. But Secretary Humphrey is balking at the second round of tax-cutting that Reed is preparing to put through.

Pro and Con—Treasury officials gravely point out that would mean an additional loss in Federal revenue of between $800,000,000 and $1,000,000,000.

"The government just can't afford that," one official protested. "Why, The Treasury would lose $90,000,000 alone in the excise cuts you are proposing on merely three items, furs, jewelry and movie admissions. At that rate, the Administration will never balance the budget."

"Uncle Dan" contended that is the wrong way to view the matter. He argued more is at stake than balancing the budget in the immediate future.

"The country is facing a serious economic crisis," he asserted. "All authorities agree there will be a decline in business next year. I'm sure we are all agreed that the last thing we want is a depression. "Now, the best way to head off that is to increase the spending power of consumers, and cutting taxes is the most direct and effective way to do that. Certainly we won't deny that."

Reed got no argument on that pronouncement.

Secretary Humphrey hinted at a possible compromise. He indicate he might go part way with Reed on cutting excise taxes if the powerful House leader would agree to putting such levies on new items, such as furniture and clothing.

Reed did not reply to this feeler.

No Meddling Reed is determined to be boss of the roost on tax legislation a the coming session—at least so far as his committee and the House of Representatives are concerned.

The doughty upstate New Yorker made that clear shortly before departing with his wife for a Christmas vacation in Panama. He was asked to delay the trip for a week in order to take part in President Eisenhower's conferences with Congressional leaders. Reed sent back word that the President already knows Reed's views on taxes.

"Perhaps it would be helpful if you would designate an alternate for these meetings while you're away," a White House assistant suggested.

"That won't be necessary," Reed replied pleasantly. "I've already had a number of talks with the President, and I'll see him again when I get back after New Year's. I don't need an alternate, for these meetings or any other dealing with taxes."

Representative Carl Curtis (R., Neb.), ambitious member of the Ways and Means Committee, was similarly rebuffed when he proposed to substitute for Reed.

"You take care of Social Security," snapped Reed. "You've got plenty to do on that. If you do that job right, it will keep you busy full time. I'm taking care of taxes, and I don't need help from anyone on that, even temporarily."

George Sokolsky Says . . .

Christmas 1953 Finds World Facing Task Of Not Becoming Involved In Great War

The Will To Peace—The crucial problem that now faces nearly every country is how not to become involved in a fighting war. The United States and Soviet Russia face each other as enemies now engaged in minor scrapes which might generate a third World War. Great Britain and France cannot escape involvement in such a war because France would be speedily invaded and Great Britain would be bombed as an air base for NATO forces and on her own account.

Japan is a prime target for Soviet imperialism. Japan is now to be rearmed and remilitarized. The liberal elements of Japan would have preferred neutralization because they have had their great war, for which they had been planning since 1868 and they have been defeated. They know that war does not pay. Nevertheless, the forces of history are concentrating on the remilitarization of Japan, which contains this element of danger: should the revived Japanese militarists ever find it to their interests to combine with Communist China, the peril to the entire world would be beyond imagination. And such a combination is not impossible because each side would assume that it is using the other.

Communist China must expand southward in order to include all peoples influenced by the Sinic civilization within its orbit. Its danger is the same as Soviet Russia's, namely, the cost of maintaining a defense against a constant battering on its periphery. The farther out it can move its periphery, the lesser possibility there would be of an attack on China itself. Therefore, Communist China will seek in the course of the next several years to take Indochina, Malaya, Burma, Nepal, Assam and Bhutan. This is the farthest extent that the Sinic world has ever known.

India fears Pakistan for several reasons. First of all, Pakistan can be developed economically more effectively than India. Secondly, Pakistan lies in direct geographical relationship with the whole Moslem world, which is on the upgrade. Thirdly, the United States plans to arm Pakistan, which means a strong military power in the heart of Asia which can serve not only as a defense against Russia but also against India. India is fearful of the arming of Pakistan but can do nothing about it, having alienated public opinion in the United States.

The powerful Moslem states in the middle of the world are more united than they have been for many centuries. With the exception of Turkey, which moves alone, most of the Moslem countries are less antagonistic to Great Britain than appears on the surface. They fear the social and religious concepts of Soviet Russia. They can become an effective military force against Russia. But the peril is that such a force would take on so intense a nationalism that it could be used against the West as well.

Islam hopes to develop into the third force in the world, lying as a buffer between East and West, independent of both and encroaching upon the interests of both. Here, indeed, is an area that includes the whole of North Africa and runs from the Mediterranean to the Pacific in Asia, which could develop such strength as to alter all the present currents of history.

The Mediterranean cannot find peace, either on its Northern or Southern bank. Turkey and Greece know the value of cooperation with the United States but Egypt seeks an independence from Great Britain and a leadership in the Moslem world which produces a ferment in this entire area. The North African nations and tribes seek freedom from European domination and Negro tribes south of them hope to reclaim control of their national existence. Africa is the most nationalistic of continents at this particular moment in history. Such nationalism affects not only Great Britain and the Union of South Africa but also Spain and France.

Italy faces Yugoslavia for peace or war, depending upon pressure from Moscow and Washington upon both countries. Each of these nations would prefer to be free of both Russian and American influence. Tito of Yugoslavia labors at the formation of a Balkan Federation which could make him a primary power and weaken Russia. Thus far, his success in this direction has been slight, only Turkey and Greece joining with them.

Thus, we come to Christmas of 1953, and continue to wonder when peace may come to a world that yearns for peace.

Looking At Life

—by Erich Brandeis

When you SEE a beefsteak, do you THINK of a cow, or do you THINK of beefsteak when you SEE a cow?

That, according to Professor Judson Jerome of Antioch College, is how you can tell whether you have a liberal education or a practical one.

A liberal education, says Professor Jerome, is one that is not limited to specific or immediate use. A practical education can be applied to the immediate functions of living.

I get an endless procession of inquiries from readers who want to know how ehey can determine whether to send their children to college or let them get a job after they leave high school.

If that same question bothers you, you might apply the beefsteak and cow test to them.

You might go even farther than that. Tell your kid to think of a cow. Ask him what he or she thinks of when he sees or imagines one.

If it's beefsteak, the chances are that he is more interested in practical matters than in creative ones. He will most likely make a good butcher or baker or machinist or barber.

But if he associates the cow with green fields and luscious pastures, with blue skies and sunshine—then his talents probably lie in the fields of art, of imagination, of creative work. He should go to college.

But he may also be interested in the cow's activities that eventually convert it into beefsteak and its by-products. So he may show an interest in economics, or ranching, or in becoming a Swift, an Armour, a Wilson one of these days.

On the other hand, if you say cow and he thinks only of beefsteak, he may just be hungry and not at all interested in college or his future career.

Professor Jerome divides people into two classes.

One is the class that endures the world and wears out in it, but who does not live in it.

The other is the individual in whom there exists not only "that force pulling him toward his employment, toward adjustment, but another force pulling him away, never allowing him to settle into complacency, mediocrity, and uncritical conformity."

A lot of practical people may ask themselves what good is a liberal education, why go to college at all?

The professor answers that, too "There is an overhanging question which still occurs to most of us in our lonely and thoughtful hours, that question is 'WHY?'

Why is this vase beautiful? Why do I enjoy this painting, this piece of music, this poem, this novel? Why are love and charity good things in the scheme of the universe?

That is the difference between the educated and the uneducated.

Education teaches a man not only the beauties of life, but also the wherefores. It shows him not only how to LIVE but what life is worth in ABSTRACT values.

A good education is like a road map. There are a whole lot of places on the map that don't mean a thing to you. But it's mighty easy to get lost without one.

"It was nothing but fight, fight,fight!" "That must have been difficult to put up with," admitted Madam. "It sure was," agreed the cook. "When it wasn't me and him, it was her and me."

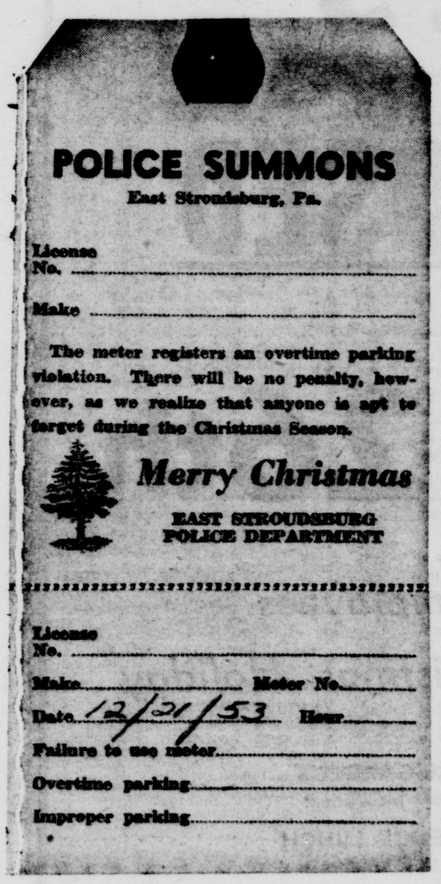
MERRY CHRISTMAS says the tag Officer James Smith attaches to this car parked at a meter showing violation in East Stroudsburg. The program will be continued today and tomorrow by the police department as a special gesture of Christmas spirit. Tag is shown below. (Daily Record Photo)

Overtime Parkers Receive Christmas 'Greeting' Card From East Borough Police

East Stroudsburg police department has come up with a new twist to express its Christmas greetings to motorists.

The idea, originating with new Burgess Jesse Flory as a goodwill gesture, went into effect yesterday with the public on the receiving end.

Motorists returning to their cars parked at meters showing violations found instead of a police summons to pay the regular fine for overparking, a Yule green tag informing them there is no penalty—and "Merry Christmas."



The man behind the wheel will get the same treatment today and tomorrow.

On Thursday, according to Burgess Flory, the department will unfold another project—this one aimed at benefiting everyone shopping in East Stroudsburg that day—free parking for everyone.

The program now under way under the direction of Police Chief Arthur Swink, was welcomed by the untold number of parking meter violators yesterday. The tag attached to cars reads like this:

"The meter registers an overtime parking violation. There will be no penalty, however, as we realize that anyone is apt to forget during the Christmas season. Merry Christmas, East Stroudsburg Police Department."

Dean Believes Peace Outlook Discouraging, Not Hopeless

Washington, (AP)—Special Ambassador Arthur H. Dean told the nation last night outlook for peace in Korea "is discouraging but by no means hopeless."

Dean went before the nation's television and radio audiences with a prepared speech reporting on his seven weeks of fruitless negotiations for a Korean peace conference. He walked out of the talks 10 days ago in protest to a Communist charge accusing the United States of "perfidy."

Since his return, the 55-year-old special envoy has said he is sure Korea will have peace. But in his prepared talk tonight, he said:

"I do believe the Chinese Communists are determined to keep North Korea politically and economically integrated into their own economy.

"The outlook is discouraging but by no means hopeless. There is no easy, pat solution.

"It will take all the brains, energy, resolution and patience at our command."

As to the Communist charge of perfidy, Dean said, "my government has never been guilty of perfidy and pray God it never shall."

Dean said the Communists at Panmunjom aimed for a long, drawn-out conference in the hope that American public opinion would lose patience and force him to settle on Communist terms.

Charles Brish's Condition Fair

Condition of Charles J. Brish, 48, who was seriously injured Friday afternoon in an auto accident on Route 209 north of East Stroudsburg, is listed as "fair" at the General Hospital.

Brish suffered back injuries in the mishap when a car operated by Arno Thelemann, 44, of East Stroudsburg RD1, was reported by State police to have collided with the rear of Brish's truck.

Executive's Salary Schedule Approved

Resort Group, C Of C Will Share Equally

A $5,000 salary plus commissions was set up yesterday by the Pocono Mountains Chamber of Commerce and Vacation Bureau for a new executive secretary.

The $5,000 salary was described as a minimum compensation. In addition the secretary will receive 15 per cent of membership fees paid in after the $35,000 mark is reached by the two organizations.

Both the chamber and the bureau will share equally in the secretary's salary payments officials said.

Meeting at the Penn Stroud Hotel, members learned six applicants already are aspiring for the secretary's post which has not been advertised yet.

The appointment is to fill the vacancy created by the resignation of Jacob Wachtman two months ago.

Dale H. Learn, president, said a committee named yesterday will interview applicants. They expect to hold a meeting this week to launch plans.

Committee members include Leroy Mikels and M. F. Crowe, of the Chamber of Commerce; Harry Ahnert and Edward Jenkins, of the Vacation Bureau; Jack Shinn, G. P. O'Neill and Learn.

Sen. Crowe, chairman of the Chamber's industrial relations committee, reported on last Thursday's trip to York, Pa., where his group consulted with an industrial development concern.

The firm, according to the report, would come here after the Chamber provided a building site, and would construct a new building and make efforts in conjunction with the Chamber to find industry to occupy the building.

Learn, who made the trip to York with Crowe, O'Neill and Hanford L. Cleveland, said this concern already has located two industries in York and another somewhere in Ohio as an investment to their firm who gain revenue from rental.

Winter Makes Warm Debut

This may come as a surprise—after shivering for three weeks—but today is the first day of Winter.

Autumn bowed out at 10:32 last night.

Winter will hang (icicles) around until March 20.

Yesterday wasn't the most appropriate day to usher in the Winter season. Temperatures were higher than for weeks and a fair number of Christmas shoppers walked coatless on the main streets in midafternoon.

The weatherman expected the new season to catch up with itself today, however. Prediction was for rain, turning to snow, and colder tonight.

Cold May Move East

By The Associated Press

Cold Arctic air pushed its way through the northern Great Lakes area and southwestward as far as Central Kansas yesterday. It brought with it snow ranging from light flurries to three inches or more.

Iowa, Minnesota and northwestern Wisconsin were blanketed on the western flank of the cold thrust. Temperatures plummeted to near-zero before dawn in the three states.

The cold front was expected to move eastward in a broad sweep from the Plains States and into Kentucky and Tennessee by late today or Wednesday.

The northern and central Rockies also had light snow which turned to showers at lower levels.

Light rain or drizzle Monday night covered much of the area from the southern Great Lakes district and eastward into the southern parts of the Middle Atlantic States.

Cloudiness spread over the eastern two-thirds of the country, with only the far Southwest having almost entirely sunny weather.

No Charges To Be Filed Against Driver Involved In Fatal Accident Here

No charges will be filed in connection with the fatal accident on W. Main St., Stroudsburg, Saturday, District Attorney Elmer D. Christine said yesterday.

Ernest K. Bond, 51, of 2034 Miller St., Stroudsburg, was injured fatally in the collision in front of Rinehart's diner.

His wife, Helen was hospitalized. Last night she was reported in "good condition" at East Stroudsburg General Hospital.

The driver of the other vehicle, Glenn M. Werkheiser, 18, of 205 N. Ninth St., Stroudsburg, a carpenter, was released from the hospital after treatment for cuts and bruises.

Trooper Ed Beneski of the Stroudsburg substation said Bond pulled out onto the highway and was struck by the east-bound Werkheiser auto.

Mr. Christine said last night he had discussed the case at length with Beneski and heard reports of interviews with two disinterested witnesses and with Mrs. Bond at the hospital.

Mrs. Bond said she "wasn't interested in prosecuting" Werkheiser, Christine said.

The district attorney said the statements of witnesses and a study of what Beneski himself found during the investigation disclosed "no evidence of wanton or gross recklessness" on the part of Werkheiser.

A summary of the stories of witnesses and piecing together of evidence indicated that Bond "all of a sudden pulled out on the highway, then stopped dead. His lights were directly across the highway and were not in a position to be seen from the on-coming car," Mr. Christine said.

Three-foot skidmarks indicated Bond had braked sharply, the district attorney said. The Werkheiser car left eight-foot skidmarks to the point of impact, he added.

"The two witnesses did not give an opinion that the Werkheiser car was traveling at a high rate of speed," Mr. Christine said.

Mrs. Bond told Beneski she was looking toward the right, out of long habit, while her husband looked toward the left as the car pulled onto the highway. The car moved, then braked, Mrs. Bond turned her head, saw the headlights of the other car and felt the impact almost simultaneously, Christine reported.

Red Cross Seeks Table For Family

One local family will have a little trouble all gathering around the festive board at once this Christmas. There are nine in the family, and the only table they have is so small that only four can be seated at once.

However they have secured a bigger house and plan to move right after Christmas. There they'll have room for a bigger table—big enough to seat the whole family. Now all they need is the table, and the local chapter of the American Red Cross is asking for it in their name.

An old dining room table would be perfect, but any type of table large enough for the big family will be welcome, said Mrs. Ida E. Kunkle, executive secretary.

Anyone having a table to donate is asked to call the Red Cross headquarters, at Stroudsburg 357.

Choir To Visit Sick, Shut-Ins

The choir will meet in St. John's Lutheran Church, Stroudsburg, at 2:15 p.m. today and will visit the sick and shut-ins of the congregation, sing carols and present each with a cheer basket which has been prepared by the Ladies Aid Society.

Volunteers Needed As Blood Donors

The Monroe County Red Cross blood doner committee is counting heavily on "walk-ins" at the blood donor center today from 10 a.m. to 4 p.m. when the mobile blood unit will be at the Stroudsburg Presbyterian Church on Main St., Stroudsburg.

The quota of 186 pints has been set up by LeRoy Mikels, blood donor chairman, to balance Monroe County's account with the area blood bank for the first six months of the fiscal year. So far fewer than 100 pints have been pledged for the visit, and it will be necessary for many new volunteers to stop in at the blood bank today.

Each donor will be asked to sign a card, which is to be attached to the container for his pint of blood and which will be kept attached until the blood is administered to some patient. That patient will then know who cared enough about his fellow men at Christmas time to give ;a pint of blood, Mr. Mikels said.

"It's the best kind of Christmas gift," he added, pointing to the continuing need for blood in the veterans hospitals where operations to restore wounded veterans to a useful life keep the military requirements high despite the truce in the shooting, and to the increasing use of blood in the local hospitals and for local residents in hospitals outside of this area.

"Any healthy person can spare a pint of blood," he said, "and replace it within a few hours. It is a gift that costs you nothing, but is priceless to the person who will receive it."

Tax Sale Bids Exceed Amount Owed By $8,450

Check of the amounts bid during Saturday's tax sales in Stroudsburg showed yesterday the bids exceeded taxes owed by $8,450.66.

The total amount of taxes, interest, penalties and costs was $760.34, said Chief Assessor George L. Smith.

The total, including taxes and amount bid, amounted to $9,211, Smith said.

If the properties bid on are not redeemed by their delinquent owners within two years, title passes to the successful bidder.

Sunday School Children Give Yule Program

Delaware Water Gap— Children of the Presbyterian Sunday School presented their annual Christmas program here Sunday night.

Linda Anthony, daughter of Mr. and Mrs. James Anthony, opened the program with a vocal solo. Francis Drake, superintendent gave the call to worship.

Beginners department, taught by Mrs. Richard Carlton, offered songs. Participating were Peter LeBar, Lavinia Singer, Patsy Flynn, Monte Hornbeck, John Howe Kulp, and Katrina Hawley.

Mrs. Elam Gray's primary group who decorated the birthday tree, sang. Participating were Linda LaBar, Elsa Jane Drake, Alam Bryfogle, Susan Metzgar, Douglas Baker, Linda Anthony William Metzgar and Lucille Williams.

Junior and senior girls attired in costumes presented an exercise. In the group were Mrs. Francis Drake's class: Sandra Carlton, Marianne Drake, Mary Etta Gray, Elizabeth Redzig, Ingrid Weckert and Patsy Haymer; Mrs. George Hauser's pupils, Eleanor Kulp, Annette Kulp, Vera Storm, Carol Snyder and Camille Buzzard.

Group singing was preceded by a duet by Marianne Drake and Ingrid Weckert. Drake read the pageant script and introduced the following, portraying various Biblical characters: William Buzzard, Alan Reinhart, Robert Ace, Jack Bryfogle, Monte Hornbeck, John Gray, William Carlton and Alan Metzgar. This was climaxed by the manger scene with Vera Storm and Marshall Metzgar.

Drake presented five and six-year perfect attendance awards to John Bedford, Mrs. Russell Buzzard, Miss Joyce Westbrooke, Douglas Baker, William Buzzard, Sandra Carlton, Elsa Jane and Marianne Drake.

Rev. Luther Markin offered invocation and benediction. Mrs. George Hauser was in charge of the program. Senior choir sang Christmas hymns.

Auto Liability Insurance Rates Revised; Unmarried Drivers Under 25 Pay More

Unmarried Monroe County drivers under age 25 will pay $71 instead of $49 for "basic" liability insurance starting immediately.

On the other hand the new rate schedule is good news if the motorist happens to be over 25, doesn't use his car for business, and doesn't usually drive it to work. He'll pay $28—the lowest rate—instead of the old $30 rate.

Steepest changes under the new schedule are in $50 deductible collision policies, with averages ranging as high as a 16.8 per cent increase in Philadelphia and as low as an 11.9 per cent decrease in Wilkes-Barre and Pittston.

In property damage and bodily injury insurance fields three former classifications of cars are expanded to seven, each with different rates. The changes, percentage-wise, are not as sharp however.

"Basic" limits coverage means protection up to $5,000 for bodily injury to one person; up to $10,000 for bodily injury resulting from one accident; and up to $5,000 for property damage.

Motorists 25 or older who do not use their cars for business, nor drive to work, will pay the least expensive rates in the property damage classifications.

Highest rates will be paid for cars driven by operators under 25 years of age who are not married and are owners or principal operators.

For the first time married operators 25 years old or over get special consideration under the new revisions. They pay lower rates than single persons.

These were the classifications under the old set-up:

Class 1: Non-business use with no operator under 25 years of age.

Class 2: Business and non-business use with an operator under 25 years of age.

Class 3: Individually-owned cars used for business with no operator under 25; and also cars owned by corporations, co-partnerships or unincorporated associations, regardless of age of operator.

Under the new rate schdules, these classifications are listed by the National Bureau of Casualty Underwriters.

Class 1A: Non-business cars with no operator under 25 and not customarily driven to work.

Class 1B: Non-business car with no youthful operator, customarily driven to work and traveling a one-way distance of less than 10 miles.

Class 1C: Non-business car with no youthful operator, driven to work a one-way distance of 10 or more miles.

Individually-owned private passenger cars owned by a person under 25, or driven by a youthful operator who lives in the household or driven by a chauffeur come in the Class 2 division, for both business and non-business use.

Class 2 is subdivided this way:

Class 2A: When the youthful operator is not the owner but lives in the household or is employed as a chauffeur, or where the youthful car owner is married and has legal custody of one or more children living in the household.

Class 2B: When persons under 25 are the owners or principal operators, and are married but without children.

Class 2C: Cars owned by unmarried persons under 25.

Class 3 remains the same as before.

Farmers and clergymen receive lower rates under the new schedules than they did before. Private passenger cars owned by farmers and the clergy are not considered as being used for business or for going to or from work and are considered as non-business car risks.

Under the new plan farmers get rates 20 per cent lower than the rates which would otherwise apply to their private passenger cars.

Under the old set-up they received a 15 per cent discount.

These are the "basic" coverage rates for Monroe County:

Old rate: Class 1, $30; Class 2, $49; Class 3, $43.

New rate. Class 1A, $28; Class 1B, $31; Class 1C, $40; Class 2A, $51; Class 2B, $59; Class 2C, $71; Class 3, $47.

New farmers' rates: Class 1A, $22; Class 2A, $41, Class 2B, $47; Class 2C, $57.

The same rates apply to Pike County.

Under this classification plan the department said collision premiums for Class I cars are reduced approximately 11 per cent; Class 2, increased 15 per cent, and Class 3, same as Class 2 premiums.

Association Plays Host To Children

Bangor — Second Ward Community Association handed out gifts to 250 children of tha. ward's area at S. Main and Messinger Sts. last night.

Swedish Note In DAR Party Decorations

The Christmas meeting of the Jacob Stroud Chapter, Daughters of the American Revolution, featured Christmas carols by the Madrigal Singers of Stroudsburg High School and two Christmas readings by Mrs. Sumner Bossler Jr. Members and their guests met in the Stroud Community House yesterday with Mrs. T. Manning Curtis, regent, giving the address of welcome.

Mrs. Herbert Bonser gave the invocation. The sixteen members of the Madrigal Singers were introduced by their director, Numa Snyder, who also announced the numbers: the English "The Geese are Getting Fat"; the old French "Lay Down Your Staffs, O Shepherds"; the Polish "Hark, Bethlehem"; an American carol, "Never a Child so Lovely"; from the Southern Mountains; and "Silent Night" sung in the original German.

The girls in white robes were seated around a candlelit table, and the boys in maroon robes stood behind them for the a capello numbers.

Mrs. Bossler read "Johnny Says His Piece," and "What Makes A Christmas."

Mrs. Marvin Abel, music chairman, led the group carols, with Mrs. Floyd Bachman as accompanist.

At the business meeting, Mrs. Curtis announced plans for the January workshop luncheon when committees within the chapter will consult with state chairmen. An explanation of the Bricker Bill was read and a petition was passed for the signature of those members who wished to sign.

The Christmas tea which followed was keyed around the Swedish theme with the table set with a Swedish wood carving of a Christmas tree, holding candles, tiny handcarved birds among the greens, and other Swedish dolls and carved figures in the meeting rooms. There were also Swedish cookies served.

Mrs. Curtis and Mrs. Edgar Sittig poured. Mrs. Horace G. Walters and Mrs. Mary Cottle were co-chairmen of the hostess committee which also included Mrs. Gordon P. Savage, Mrs. R. H. Roberts and Mrs. I. W. Foltz.

Need Brownie Uniforms

Outgrown Brownie uniforms are being sought by Mrs. Rachel Sarley in order to outfit her Brownie troop in East Stroudsburg. Any Girl Scouts who have graduated from Brownies, or any Brownies who have outgrown their uniforms may call Mrs. Sarley at 2203 J.

Just Between Us

—By Bobby Westbrook

What you need to spread the real spirit of Christmas is not an inexhaustible purse, I've decided, but an understanding eye and a heart as big as Christmas.

It's easy enough to complain—"Oh, if I only had the money, I'd settle this Christmas list in a hurry". But 'taint necessarily so, because often you can't buy a heart's desire with money at all.

What started me thinking along those lines were two unusual gifts. One was a miniature Christmas hat of white felt and holly, and a gold string—hand-made to hang on the Christmas tree. A tremendous amount of work, and a delicate thoughtfulness, but not much money involved there.

And the other, well, she said merely, "These are awfully busy days for you, aren't they? Stop in on your way home from work this Wednesday afternoon and I'll have a casserole for your supper". Now, really, what gift could be more appreciated.

But it does take a seeing eye. Perhaps the best gift you could give that young mother next door with the children continually hanging on her skirts would be to baby-sit for an afternoon so she could get her Christmas shopping done.

Maybe the gift that old Mrs. Shut-in would enjoy most would be an hour of your time, spent listening and telling her things.

Maybe, if we all spent more time and less money, we'd all have a merrier Christmas.

THE Wyckoff SHOPPER

I never knew until the other day that it is possible to buy numbered pictures, similar to those we older folks work in oil, for children to complete with colored pencil. I'm told the younger people love them too, so why not ask about them in our artists' supplies department? . . . **Heard the story yesterday of the lad who went shopping for his mother in a local neighborhood store. He had a nickel to spend, but everything he requested exceeded that in price. As he started to leave the store keeper noticed the nickel on the edge of the counter, and called the child to take it. "Oh, keep it," said the very young man. "What good is it anyway? It won't buy anything."** . . . Which reminds me of our small Christmas shopper who wanted green thumb tacks because, "you just never know when a fellow can use them." As Donald O'Connor remarked on TV this past Sunday night, the bandages his child is giving her friends this Christmas will go beautifully with the mercurochrome she presented last year . . . **Some of our youthful shoppers are discovering the wooden spoons with the prettily carved handles from Sweden. The smaller size sels for 59c, and is just right for serving mayonnaise and other dressings. Mixing spoons and ladles are also available, as are tiny decorative wooden birds, wooden hot pads, and hot pads of cork. Another nice Christmas idea from our Swedish friends is the inexpensive hardwood tray with a scalloped edge of reed** . . . And speaking of trays, I wonder if you've noticed the very fine 59c buys from Holland on our center aisle table. These are round and are enameled in rich red or olive green. They're as spoofy as they are spiffy too—looking far more elegant than the price tag implies . . . **If you plan a small surprise for some one—a surprise that's sure to be appreciated—why not some of your most lucious Christmas cookies packed in one of our pretty boxes from the Netherlands or England? These would really be two gifts in one, for when the cookies are gone the painted tin containers would be lovely on a mantle or end table. They have the expensive appearance of fine china** . . . Shirley Shick of our gift department and some of her colleagues, are busy making big plans for a Christmas eve of carol singing. You realize, of course, that we close Thursday night at 5:30, so better hurry with those last minute errands . . . **"Hark the Herald Angels Sing" comes from the amplifying system, and in the street below someone calls, "Merry Christmas if I don't see you again." Series Of Fires Puzzle Authorities At Bangor; Chief Suspects Juveniles

Bangor—Three fires which broke out here around noon yesterday had firemen mystified.

The first was at 12:15 p. m. at a garage owned by L. J. Bruschi of Murray St. between Market St. and Broadway in the heart of the business section.

It was put out with hand extinguishers as the three fire companies appeared on the scene.

At about the same time burning leaves and paper were discovered outside the building housing the DL&W trainmaster's office on Washington St. This fire was put out before an alarm was necessary.

A third fire in dry grass and paper was reported extinguished by an unidentified passerby near the Wellmade Novelty Co., a blouse plant on S. Murray St.

Firemen said yesterday's fires brought the total in 30 days to six blazes of undetermined origin. One was serious—the Miller Bros. Paint and Wallpaper Store, and an adjoining barn, with a loss of more than $12,000.

The damaged buildings are located just off Murray St. on High St.

Another blaze was extinguished when it threatened a row of vacant houses. Last Saturday afternoon paper was found burning in an alley at rear of Murray's cut rate store, a half block off Murray St.

Fire Chief Ben Albert said he suspected the fires were being set by juveniles.

School Closes At 1:15 Today

Clearview School will close for the Christmas and New Year's holidays at 1:15 p. m. today, Principal Rex Harding announced last night.

Grades will hold their annual parties beginning at 11:30 a. m. and continuing until about 1 p. m.

Mr. Harding said buses will leave the school between 1:15 and 2:15 p. m.

Since 1950, the U. S. Census Bureau has printed enough books about the census of that year to fill a three foot shelf and more books are on the way.

Barrett High Cagers Outlast Alumni In Close Struggle, 40-39

Murraymen Decide Issue In First Half

Canadensis— Barrett High wound up its pre-Christmas basketball schedule with a thrilling 40-39 victory over the Alumni before a large crowd here on the winning contingent's home hard wood last night.

The scholastic five held the upper hand throughout the ball game, although the charges of Coach Joe Murray were hard pressed to hold the advantage in the face of a closing drive by Barrett's former stars who have since graduated.

Barrett, one of the powers in the Monroe County League this season, opened a four-point gap at the end of the first period by holding a 14-10 edge during the first eight minutes of action.

The scholastic five completely dominated the second period by scoring 11 points, while the Alumni could register only one field goal and a single foul shot. The high school kids led at halftime, 25-13.

Scramble

Barrett had to scramble to preserve its one-point victory in the second half as the fast closing Alumni held the upper hand in the fourth stanza, 14-9, and dominated the last round, 12-6.

Dave Harris and Stan Cheslock led the Barrett offensive with 12 and 10 points respectively, as every player in the game scored at least two points.

The Alumni actually held a 16-15 edge in field goals, but the school kids made 10 of 22 foul shots, while the Alumni could make only seven charity shots in 23 attempts.

Two junior varsity teams clashed in the preliminary tussle, with the Blue taking the measure of the White, 29-23.

A seventh and eighth grade drill team performed during the halftime intermission, while the fourth grade presented a folk dance at the same time.

Martinez Stops Bethea

Holyoke, Mass. (AP)—Vince Martinez, 152, of Paterson, N. J., scored his fourth straight boxing victory and 27th in 30 professional bouts last night with a second round knockout over Jimmy Bethea, 147, New York, in a scheduled eight-round feature at Valley Arena.

Aggressor

Bethea was the aggressor in the first round, landing a few left hooks and one fair right to the body, while Martinez boxed easily.

Martinez slammed a stiff left hook and two quick rights to Bethea's head to floor him for the 10-count in 40 seconds of the second.

Lost Tickets Help Illinois

Chicago, (AP)—Christmas cheer note to horse racing fans:

Did you pick a winner last year only to find you lost your parimutuel ticket, or possibly, forget to cash it?

You have plenty of company.

Report

The Illinois Racing Board's annual report yesterday showed that in the last decade a yearly average of nearly $80,000 has been realized in revenue from uncashed parimutuel tickets at the state's six tracks.

Donora Enjoys Big Football Gate

Pittsburgh (AP) — Officials of nearby Donora High School yesterday said the school's football team which shared WPIAL class "AA" championship honors with Harbrack High netted $21,574 during the 1953 season.

Home Games

Six home games attracted a net gate of $14,663 and the team received an additional $1,400 in guarantees for four games played away from home. Donora's share of the championship game came to $5,511.

Chestnuthill Rolls Over Alumni, 62-41

Possinger Leads Attack For Scholastic Five

Brodheadsville — Chestnuthill High closed out its pre-season basketball schedule last night with a convincing 62-41 victory over the Alumni, here on the winning contingent's home floor.

The scholastic five, accounting for its initial victory of the current campaign, held the upper hand the entire distance, despite a near fatal second period, when the high school five was outscored by a 13-1 margin.

Chestnuthill ran wild in the first period to earn a 22-6 edge and was top dog at halftime, 23-19.

The scholastic charges of Coach Otto "Junior" Mills put the game on ice in the second half by holding bulges of 17-8 in the third period and 22-14 in the final round.

Foul Shooting

Chestnuthill made good on 12 of 26 foul shots, while the Alumni rang the bell from the same distance with 11 conversions in 19 attempts. The scholastic five held a wide 25-15 edge in field goals.

Harry Possinger once again led the Chestnuthill scoring with 25 points, on 10 goals from the floor and six from the foul line. Bill Everett and Dick Kreger were next in line with 14 and 12 counters respectively.

Lloyd Brong led the losing offensive with 10 tallies, while John Bonser and Al Conklin followed with nine counters each.

Chestnuthill had suffered defeats at the hands of Coolbaugh, Pocono and Frank's Barbers prior to last night's victory. Chestnuthill opens the Monroe County League season on Friday, January 8, at Barrett, in its next outing.

Wunder, Eaton Speak At Banquet For East Stroudsburg High School Football Contingent

Bartonsville — Approximately 50 people attended a banquet to honor the East Stroudsburg High school football team last night, here at the Bartonsville Hotel.

It was an informal affair at which Rev. Harold C. Eaton, East Stroudsburg Methodist Church, and Rev. William F. Wunder, Grace Lutheran Church, served as main speakers.

Both members of the clergy congratulated the Cavaliers for their fine season and told of the importance of football and athletics to the student of today.

Each in turn told several funny stories and humorous incidents, as laughter dominated the entire affair. Rev. Wunder also delivered the invocation.

Ralph O. Burrows, East Stroudsburg High school principal, served as toastmaster and introduced several of the guests.

Burrows also introduced William Lee Sr. and William Lee Jr., the two men who launched the banquet drive among the residents of East Stroudsburg and John Gray and Al Kassner, two additional East Stroudsburg fans who helped to make the affair a reality.

John Verwey, co-captain of last season's grid Cavaliers, along with Dick Zukowski, presented a gift of cuff-links and tie clasp to Jack Kist and Dick Forster, head and assistant grid mentors, respecively.

Kist wound up the program by showing movies of the East Stroudsburg - Nazareth football game. Nazareth turned in a 14-7 victory as Eastburg suffered one of its defeats in 10 games during the past season.

A baked ham dinner, with all the trimmings, was served.

'Seattle Slicker' Takes Over For O'Brien

Seattle, (AP)—The successor to fabulous Johnny O'Brien is a six-foot-nine Pennsylvania giant who made the grade from gawk to slicker in four seasons.

When Joe Pehanick came out from Scranton he knew the difference between a basketball and a hunk of coal. The chisel-chinned highboy had never played the hoop game in high school.

Now he's the hottest hotshot in the state of Washington and people who laughed when he tripped over the foul lines only a few years ago are cheering themselves hoarse for the Seattle University senior.

Joe wandered west to visit his married sister in Seattle and maybe find a job. To kill a bit of time he strayed into a gymnasium where an AAU league was playing.

All that altitude couldn't go unnoticed and he was spotted by Sammy White, the Boston Red Sox catcher who was doubling as coach of one of the league basketball teams. Joe agreed to give the game a whirl, but what he gave it was a laugh. He fell over his own feet, caught his fingers in the lacings of the ball, bumped his head on the double post. Pehanick was a panic.

Tuition

But the big guy ambled out to Seattle University and offered his immense lack of talent to the chieftains. His height got him free tuition, but nobody at the school thought the untutored Joe ever could make the grade.

As if awkwardness and greenness weren't enough, Pehanick was short of breath, the result of a childhood traffic accident in which his chest was crushed.

"It isn't what we did for him," says Father Robert Carmody, faculty athletic moderator, "but what Joe did for himself. No kid ever had a tougher road to follow."

But Pehanick worked, even sneaking into the gym to practice alone. "He'd practice 18 hours a day if I didn't run him out," says coach Al Brightman.

Seattle lost its opener to Wichita, but then Joe began to percolate and the team has spun a victory skein of six, with Pehanick hitting an average 21.7 points per tussle.

The people who laughed and called him "The Slob" now speak fondly of Joe as the "Big Chief."

Dewey Names Monaghan Chief Of New York's Harness Racing

New York, (AP)—Democratic Police Commissioner George P. Monaghan of New York, yesterday was named czar of the state's scandal-ridden $272,000,000 a year harness racing industry.

Republican Gov. Thomas E. Dewey crossed party lines to single out an old friend for aid in the midst of the worst GOP state scandal of his three-term administration.

He asked Monaghan to rule harness racing "with an iron hand."

"And if he ever needs more power, I will undertake to get it for him," the governor told a press conference.

Seek Sanction

Dewey indicated he will seek legislative sanction for Monaghan to regulate labor unions whose members work at harness tracks —at least to the extent of keeping them free of hoodlums.

Monaghan, 52, is a member of the lame duck Democratic city administration. There have been persistent reports he would lose his $15,000 a year police commissionership when the new Democratic city administration takes over January 1.

His new salary will be fixed by the State Legislature. The roughly comparable job as chairman of the State Athletic Commission in charge of prize fighting pays about $12,000 a year.

Dewey called Monaghan "the best police commissioner New York City ever had."

Thinking Duel In Prospect For Sunday

By Joe Falls

Detroit (AP) — A "thinking duel" is in prospect for Sunday's pro football championship game in Briggs Stadium.

Matching wits will be coach Paul Brown of the Cleveland Browns and quarterback Bobby Layne of the Detroit Lions.

Brown, a demon for detail, calls the Cleveland plays from the sidelines, sending them in to his quarterback, Otto Graham, via a relay system of linemen. He sometimes calls an entire series of plays, sometimes only one play at a time.

The burden of calling Detroit's plays rests almost entirely with Layne, a six-year veteran who learned his football at Texas University.

Praise

"Layne calls most of the plays," says Lion Coach Buddy Parker. "I have complete confidence in him.

"Sometimes, I'll send in a play," Parker added, "but never more than three or four a game. Our coaching staff may see something which Layne doesn't.

"When we're on defense, Layne and I talk over the plays on the sidelines. But he calls 'em when he's out there."

Detroit's system is more conventional but you can't deny Brown's near-perfect success. In eight seasons the Browns have won eight straight divisional titles. That includes four in the old All-America Conference.

In the last two years, though, Cleveland went all the way to the title game, where it was upset.

Brown and Parker disagree on another point. Brown hopes the weather remains above freezing, for fear the frozen turf might cause injury to his players.

"The cold doesn't bother us at all," says Parker. "We're used to playing in sub-freezing weather."

New Jersey To Reduce Tracks

Trenton, N.J. (AP) — The New Jersey Legislature last night gave Gov. Alfred E. Driscoll his choice of two bills to reduce the number of race tracks in New Jersey from four to three.

Opposition

The Republican-dominated Senate and Assembly batted down Democratic opposition to the bills at the third meeting of a special session and adjourned until January 8.

Driscoll has said he would sign either bill. The legislative action dooms a proposed race track at Secaucus, which proponents said would produce 20 million dollars a year for the state in taxes and commissions.

Mentor Praises Coast Basketball

New York, (AP) — Bob Feerick, outspoken young coach of Santa Clara's basketball team, said college basketball definitely is on the upgrade in the Far West and predicted that UCLA and Orgon State would meet in the Pacific Coast Conference championship playoff next February.

Pairings

Feerick's Broncos clash with St. John's of Brooklyn in Madison Square Garden tonight as part of an intersectional doubleheader that also features Utah State and New York University.

Idaho Football Coach Resigns

Moscow, Idaho (AP) — Raymond A. "Babe" Curfman resigned yesterday as football coach at the University of Idaho. His three assistants also resigned.

Effective

The resignations were accepted efective at the end of the current semester.

Curfman's Vandals won only one out of nine games last fall and he has been under fire for some alumni.

Sunbury Club Votes To Join Piedmont League

Sunbury, (AP)—Directors of the Sunbury Baseball Association last night voted to purchase a franchise in the class "B" Piedmont baseball league for the 1954 season.

Sunbury was invited to join the league Thursday by Piedmont President Frank Summers to fill the vacancy left by the movement of Richmond, Va., from the Piedmont to the class "AAA" International League.

Former Entry

Sunbury last had a baseball team in the defunct class "B" Inter-State League in 1952.

World Champion Gate-Crasher Dies After Exciting Career

Zion, Ill., (AP)—James Leo "One-Eyed" Connelly, world champion gate-crasher, is dead.

He died Sunday in a rest home at the age of 84. He had no relatives.

For a half century, Connelly carried on a personal crusade to outwit the gatemen at sporting events and political conventions.

He succeeded, posing as vendor, iceman, carpenter, or anything else that struck his fancy. By his own count, he crossed the U. S. 102 times on gate-crashing forays and also invaded Europe and Australia.

Connelly, who lost the sight of his left eye in a boxing ring at the age of 18, once told friends that he had crashed nearly all heavyweight championship fights since 1897.

Starter

"It started with the Corbett-Fitzsimmons match in Carson City, Nev.," he recalled. "I told the gatekeepers I had overheard two thugs plotting in town to rob the counting room. I was invited through the gates to keep a watch for them."

Connelly also used to tell of the Dempsey-Carpentier bout at Boyle's Thirty Acres in Jersey City, N. J.

"I was tossed out of 13 of the 15 entrances, but went through the 14th," he said. "I borrowed a pail of coffee and a basket of sandwiches from the teletg raph sandwiches from the telegraph was a vendor."

At the Dempsey-Gibbons fight in Shelby, Mont., Connelly said he posed as an iceman and lugged 80 pounds of ice through the door for the coolers.

When the Democratic Party held a nominating session in 1940, Connelly walked in carrying a door he had appropriated from a nearby cafe.

"I've used doors, umbrellas, apples, brooms—and just about every thing you can think of—as props," Connelly once said. "At a Democratic convention in Houston, some fun-loving fellow handcuffed me to a bench in the hall. I lugged it inside, obtained my freedom and also a badge to the convention."

When he gave up gate-crashing eight years ago, he worked for a while as a chef and greeter in a tavern owned by friends, as an elevator operator and finally as an Andy Frain usher at sports and political events.

The ushering job put "One-Eyed" on the other side of the gate.

Henry Scores Ring Upset Over Baker

Brooklyn (AP) — Underdog Clarence Henry gave away 27 pounds last night and hammered Bob Baker around the ring in a savage ninth round to nail down a unanimous 10-round decision victory at Eastern Parkway. Henry weighed 184½ and Baker 211½.

Out-boxing the hulking Pittsburgh Negro, Henry scored consistently with his left hooks and then beat off an attack by Baker in the wild ninth.

Wild Round

Henry, a 2-1 underdog from Los Angeles, met Baker's ninth round barrage and forced him to give ground with his own solid counter fire. The West Coast heavyweight back the ponderous Baker against the ropes and pounded him with both hands.

Henry opened up a wide lead, stalking Baker who appeared dull, in the early rounds. But in the sixth and seventh Baker began to come on as Henry appeared tired. Clarence, however, had plenty left for a strong finish.

Judge Charley Shortell scored the fight a shutout, 10-0, for Henry. Judge Americo Schiavone had it for Henry 8-2 and Referee Barney Felix scored it for Henry 7-2-1. The Associated Press card had the sharp boxing Henry on top seven to three.

Turner Marries In Mexico

Philadelphia, (AP) — Gil Turner, 23, Philadelphia's welterweight and middleweight boxing title contender, was married in Acapulco, Mexico, last Tuesday, his manager, George Katz, disclosed yesterday.

Student

Katz said the bride is Esther Handley, 22-year-old Philadelphia business college student.

Russia Blasts 'New' U.S. Sport

Moscow, (AP)—American sport is criticized in the Soviet press almost as frequently and bitterly as American foreign policy.

Often American sport is denounced as professional, mercenary, brutal, murderous, degrading. And sometimes, like the game of baseball, it is called piracy on a Russian invention.

The latest Soviet criticism hits the game of auto polo. Many Americans here haven't even heard about it, but Soviet newspaper readers were told about it recently in a news item which proclaimed:

Quote

"United States advertises sensational new sport called auto polo. Drivers of autos fight for the ball on rough and broken field at very high speeds. Often the result of such games is victims among the spectators as well as the players."

The newspaper Ukraine Pravda (December 10) held that this was going a little far even for the Americans and that it should speak its piece in denunciation of the new "sport" which leaves dead and dying not only on the field, but in the stands as well.

All Diamond Clubs Present At Meeting

Bartonsville—A general business meeting of the Pocono Mountains Baseball League was held here at the Bartonsville Hotel last night, and each of the 10 teams in the circuit was represented at the gathering.

M. N. Warner, circuit treasurer, announced that every team in the league had squared up its bills at last night's gathering and that each in turn will receive a sizeable refund from the circuit treasury in the very near future.

Henry Weiss, chairman of the trophy committee, announced at last night's gathering that all recipients of trophies at the recent circuit banquet are to appear at the Lake House, Saylorsburg, on Sunday, with their trophies. Graydon Praetorius, president of the Saylorsburg entry in the Pocono Mountains League, will sponsor a banquet for all trophy winners at 4 p. m. on that date.

Date

It was also announced that the constitution and by-laws committee will meet at the Lake Harmony Hotel on Monday, January 11.

The committee is composed of Clinton Getz, league president; Harry Janson, first vice president; Clarence Smith, second vice president; John Wernett, secretary; Warner, and Walter Stem, umpire-in-chief.

Getz was in charge of last night's meeting.

Mr. and Mrs. William Cassati, owners of Bartonsville Hotel, prepared a lunch for those gathered at the meeting.

Teams represented were Saylorsburg, Kunkletown, West End A. C., Bushkill, Reeders, Tannersville, Analomink, Lake Harmony, Pocono Lake and Barrett.

Stroudsburg High To Feature Three Basketball Tilts

Life of Riley

By JIM RILEY
Sports Editor

Last night's banquet for the East Stroudsburg High school football team was one of those refreshing things that remain in one's memory for a long time. It was light in nature and there were plenty of laughs for all present. The banquet was made possible by the residents of East Stroudsburg and among the guests were the school's cheer leaders, a very nice gesture indeed. Everyone apparently had a good time, especially the players who could eat to their heart's content. There was second and third helpings of ham for everyone interested.

The people of East Stroudsburg have treated their football team in fine fashion this season, of which everyone is proud. But the Mountaineers of Stroudsburg have received only one banquet, that put on by the school board. East Stroudsburg won seven games and lost three. Stroudsburg on the other hand won seven tussles, lost two and tied one. The records are almost identical, but the Cavaliers have fared much better than the Mountaineers, thanks to their thoughtful supporters. The big difference appears to be that East Stroudsburg won the Thanksgiving Day struggle and not Stroudsburg.

It certainly would be nice if an organization or group of people were to honor the Stroudsburg gridders with some sort of an affair right after the holidays. East Stroudsburg has had two banquets in behalf of its football squad and 33 members of the varsity grid machine were guests at the recent pro football game between the Eagles and Browns. Roger Roan, star forward on the Barrett High school basketball team, is currently vacationing in Florida—lucky guy.

Palmerton High contacted some 40 basketball teams to fill open dates in its present schedule, but reportedly received only a few favorable answers. Bill Wilhelm, current track coach and former basketball mentor at Palmerton, will launch his 25th track campaign with the Bombers in the spring. The only Blue Mountain League basketball game to be played during the Christmas holidays is the one between the Stroudsburg Poconos and Hackettstown, at Hackettstown, N. J., next Monday. Pro basketball fans in the area are increasing in number, all because of Rev. Ernest T. Campbell, of the Stroudsburg Presbyterian Church. He's the expert on pro cagers in this locality.

Bangor High school's basketball team may see the Lafayette-Moravian College court tussle on Saturday, January 2. The Slaters are anxious to watch Joe Heard, former teammate, do his stuff for Moravian. Joe is the brother of John Heard, Bangor High coach. The younger Heard has started the past two ball games for Moravian and apparently is improving as the present season progresses. He's only a freshman. Speaking of freshmen brings to mind the fact that Bill Bailey helped spark St. Paul College, Virginia, to its initial football win since 1948 during the past campaign.

Bailey, playing first string fullback as a first year student, also helped lead St. Paul to its initial CIAA grid victory in 13 years. The CIAA is made up of several colleges, including Morgan and Lincoln, the latter a well known Pennsylvania school. St. Paul finished the recent campaign with three wins and seven defeats and had a scheduled battle with Lincoln snowed off the books. Bailey is a former Stroudsburg High football and basketball star.

What pair of coaches are still waiting for two other coaches to buy a steak dinner and all the trimmings? According to reports the first two mentors have been waiting a month for the treat, but still no signs of action. At least one basketball coach in the area was upset over the manner in which "face-guarding" was called by an official in a recent outing. The coach claims that "face-guarding" is the act of disregarding the ball entirely, and fixing one's entire attention on a man without the ball. The mentor claims this rule went out the window sometime between 1930 and 1934.

The area is flooded with college men who formerly took part in athletics in this region and are now home for their Christmas-New Year's vacation. Several shots that appeared in the basket, only to pop out again, reportedly was the difference between victory and defeat for East Stroudsburg High against Wilson Borough last Friday. Jim Werkheiser, former baseball and basketball star at Pocono High and a diamond standout at East Stroudsburg State Teachers College, is currently very active in choral work with the Army in Europe. Jim was also a star infielder for Pocono A.C. of the Blue Mountain League.

Coach Dick Forster, director of the East Stroudsburg High basgetball team and assistant grid boss, and family will spend Christmas at their former home, Newark, N.J. Dick will be back in time to carry out a regular slated practice session on Saturday.

Former Stars To Appear In Two Games

Clowning and serious basketball will be featured by turns at a giant tripleheader court attraction at Stroudsburg High school tonight, as stars of the present and past play in a special benefit attraction, with all proceeds going to the Varsity "S" Club.

Tonight's basketball show is one of the largest of its kind to ever be presented in Monroe County. The initial contest will get underway at 7:30 p.m.

The lid lifter will feature the Alumni women against girls currently enrolled at Stroudsburg High. The second battle will send the Old Timers, to be known as the Downtown Coaches, against the Stroudsburg High faculty.

Needless to say no official time has been set for the first two games, but pre-game reports indicated that they would try to stretch each quarter to five minutes.

The headline attraction on the bargain bill will feature the Alumni against the Stroudsburg High varsity.

Lineups

Coach John Kupice will probably stick with the same lineup that has carried the bulk of the load thus far this season. The Mountaineers will open with Dave Nevil and Don Diebler at the forward posts, while Dick Little operates at center. Captain Karl Weingartner and Don Garaventi will handle the guard positions.

The Alumni will feature many of the stars who carried the Stroudsburg High banner in recent court campaigns.

Action in the first two games is almost guaranteed to bring forth laughter from the most grouchy of people.

Tickets are still available for the affair, at one dollar for adults and 35 cents for students. The tickets may be purchased at Buck's Soda Mart and DeVivo's Shoe Repair and at Stroudsburg High.

Proceeds from the program will be used by the Varsity "S" Club to partially defray the cost of the annual spring athletic banquet.

Square dancing is scheduled to follow the last game tonight—and anyone wishing to remain for the dancing is welcome.

LT. COL. BANKS is shown presenting M/Sgt. Andrew J. Dippre, East Stroudsburg, with a softball trophy in Japan recently.

Dippre Wins Trophy In Army Softball

M/Sgt. Andrew J. Dippre, former student at East Stroudsburg High school, recently was honored as the best softball player in the entire 82nd Cavalry Division.

The trophy was won when Dippre was stationed in Georgia, but the award took place recently in Japan, where Dippre is currently stationed. The trophy was presented by Lt. Col. Banks during divisional ceremonies. Several lesser awards were passed out to other players at the same time.

Relatives

Dippre is the husband of Mrs. Ann Dippre, 92 Lackawanna Ave., and the son of Mr. and Mrs. Andrew P. Dippre, 24 S. Kistler St., East Stroudsburg.

The former East Stroudsburg student is a right handed pitcher and bats from the left side of the plate.

Dippre reportedly played with several baseball and softball teams in Monroe County before entering the service.

Colts Acquire Purdue End

Baltimore (AP) — The Baltimore Colts announced last night that Bernie Flowers, All-America end at Perdue in 1952 who jumped to Canadian pro football, has agreed to play for Baltimore in the National Football League next season.

The announcement was made after the 23-year-old Flowers had conferred here with Don Kellett, president of the Colts, on contract terms. Kellett said he expected to sign him next week.

Confirmation

Flowers confirmed the agreement and said he planned to sign his contract "after talking it over with my family and lawyer."

Flowers was an all-league end at Ottawa in the Canadian Football League in 1953, catching nine touchdown passes to become the loop's seventh highest scorer. He also palyed defensive halfback. His home is in Erie, Pa.

New Post For Pony Loop Head

Buffalo, N.Y. (AP) — Vincent M. McNamara, president of the Pony Baseball League and president of the class "D" Baseball Leagues of America, yesterday was appointed city recreation director.

Promotion

He was named by Mayor-elect Steven Pankow to succeed Randolph A. Mineo in the $7,500-a-year post. McNamara had been assistant director.

West Virginia In Two Drills

Biloxi, Miss., (AP)—West Virginia University's football team went through two spirited practice sessions yesterday, although a soup-like fog grounded passing.

The Mountaineers preparing for their Sugar Bowl clash with Georgia Tech New Year's Day, ran through lengthy ground attack drills against a defensive unit wearing Georgia Tech jerseys.

Warning

Coach Art Lewis, who brought West Virginia to the front as a Southern Conference football power, said each player must "go all out" if the Mountaineers are to beat the speedy Tech team in the New Orleans football classic.

Coolbaugh Plays Host To Greene-Dreher Cage Machine; TTHS Tangles With Alumni Quintet

Two members of the Monroe County Basketball League swing into action tonight, each on its home court.

In each case the preliminary game gets under way at 7:15 p. m., and the main event approximately one hour later.

Probably the number one game in the trio of outings will pit Coolbaugh and Greene-Dreher-Sterling against each other, on the former's court. Coolbaugh apparently is one of the powers in the Monroe County League, while the Stags of Greene-Dreher are annually one of the top dogs in the Wayne County Conference.

Both teams will swing into action tonight with only one black mark on its schedule. The Stags have been defeated by Pocono, while Coolbaugh suffered its one reversal at the hands of Moscow.

Greene-Dreher has won five games, while Coolbaugh has made three trips to the winner's circle.

The other contest on the agenda tonight will pit Tobyhanna Township High against its Alumni, at Pocono Pines.

TTHS is searching for its initial win of the season, to go with four setbacks, but the scholastic five will be up against many of the cagers who led TTHS to four straight Monroe County League championships in the past four years.

Other Monroe County League teams are idle tonight. Barrett and Chestnuthill tangled with their respective Alumni teams last night, while Polk meets its Alumni tomorrow night and Pocono doesn't play again until after the Christmas holidays.

The actual Monroe County League season opens with a full schedule on Friday, January 8.

Waymart Returns To Thick Of Basketball Title Fight

Newfoundland—Waymart knocked Lake Township out of a first place tie in both divisions of the Wayne County Basketball Conference by shellacking the Lakers 61-37 at Waymart Friday night, and Hawley, registering a 81-61 win over Preston, remained unbeaten and took over the leading role exclusively.

By virtue of its victory, Waymart moved right back into contention for both division crowns, standing third in the North and second in the South, as all action is suspended in the loop until January 5.

Big Guns

The Warriors' brother-combination, Daryl and Clive Gustin, came through with 16 points each to pace the Pat Walsh-coached outfit while Wade Keen added 10. Heater was high for the Lakers with 10 markers.

Hawley led all the way to top Preston. Four of the Buckhorns were in double figures with Joe Gellatt high with 21. Top scoring honors for the game, however, went to Preston's Jerry Matarse, who socked in a neat 34 operating from a guard position.

In the other game, Honesdale nipped Pleasant Mount, 55-53, to score its first WCC win.

The standings:

North	W.	L.	Pct.
Hawley	4	0	1.000
Lake Township	3	1	.750
Waymart	2	1	.667
Preston	1	2	.333
Pleasant Mount	1	3	.250
Honesdale	1	3	.250
Damascus	0	2	.000
South	**W.**	**L.**	**Pct.**
Hawley	1	0	1.000
Waymart	2	1	.667
Lake Township	1	1	.500
Greene-Dreher	0	0	.000
Moscow	0	0	.000
Honesdale	0	2	.000

Tropical Park Suspends Rider

Miami, Fla., (AP)—Jockey Norman Mercier was held responsible by the Tropical Park stewards yesterday for causing Royal Battle to fall with apprentice Darrell Harrier during the running of the Coral Gables Purse on Saturday.

Hat Box

Mercier, who handled Hat Box in the event, was suspended 10 racing days, effective December 24 through January 4.

Harrier was reported resting well at Coral Gables Hospital and his condition is not as serious as first reported on Saturday.

Tuesday Night Loop To Roll

Tuesday Night League keglers clash at the George N. Kemp American Legion Post alleys today. Schedule follows:

Alleys one and two—West End vs. American Diaper Service.

Alleys three and four—Odd Fellows vs. Biggs' Restaurant.

Backfield Coach Quits

New York (AP) — Allie Sherman, backfield coach of the New York Giants football team, said yesterday he had rejected an offer to stay with the National Football League club and was considering several other propositions.

Yankees Add To List Of Night Contests

New York (AP) — The New York Yankees yesterday joined the trend to more night baseball with the announcement they will play 16 night games in 1954—two more than usual.

The club also broke tradition by scheduling two of the night games on Saturdays.

Experiment

General Manager George Weiss said an experiment the past season with one Saturday night contest had met with favorable response.

The Yankees usually confine their home night play to Tuesdays and Fridays.

Three Matches Slated

Three matches are on the agenda of the East Stroudsburg Ladies' League at Harmon's Recreation today, at 6:45 p.m.

Alleys one and two—Square Bar vs. Ballantines.

Alleys three and four—Eagles vs. Brock's.

Alleys five and six—Courtland Beverage vs. Twin County Distributor.

Secret Drills For U. S. Davis Cuppers

Melbourne (AP) — It is "secret practice" starting today for Uncle Sam's Davis Cup tennis team.

Captain Billy Talbert said his athletes would not work out at Kooyong where the challenge round with Australia will be played next week but would practice at another and secluded site. He declined to identify the place.

Help

The Americans are to be joined in practice by Dinny Pails, Australian professional, and Ted Schroeder, former U.S. Davis Cup player.

"The trip to Brisbane got us away from all the fuss and fanfare and did a lot for our temperament and confidence," Talbert said. "We don't want to risk losing it."

Attendance Battle In Making

Milwaukee, (AP)—A new inter-league rivalry for baseball fans seems in the cards.

The attendance battle between Baltimore's Orioles of the American League and Milwaukee's Braves of the National may come close to equalling interest in the World Series and All-Star games by next fall.

Figures

The Braves set a National League mark of 1,826,397 this Summer in a 36,000-seat capacity stadium designed expressly for major league baseball. Baltimore hopes to beat it with the transplanted Browns from St. Louis in a stadium built originally for football.

"We wish them luck," says General Manager John Quinn of the Braves, "but they better be ready to hit 2,000,000."

Your Horoscope Today

By FRANCIS DRAKE

TUESDAY, DECEMBER 22, 1953

March 21 to April 20 (Aries)—The difference in results now will depend on how you see, plan and evaluate possibilities. Success usually follows a careful formula, but comes unexpectedly at times. Gain through intelligent consistency.

April 21 to May 20 (Taurus)—Step out and do things; make some mistakes if you must, but find out what makes things click, what makes makes success, failure. You will be better informed than those who wait or are over-conservative.

May 21 to June 21 (Gemini)—Today's rays are generous in outlook. Forge ahead to earn your share; it's there for you. Romance, family, personal affairs have high rating now.

June 22 to July 23 (Cancer)—Some unfriendly aspects. Especially aim to avoid that which borders on the risky or uncertain. However there must be action to expect results; so have faith, make your effort and trust in God.

July 24 to August 22 (Leo)—A slightly elastic outlook. Those of you who study, plan and deserve, can advance. You who are easily led, or drift, look again; things can happen that you won't like. Help yourself, be responsible.

August 23 to September 23 (Virgo)—Mixed vibrations for most endeavors. You will have to take and make the best of it. Remember my advice: "Stars may tell but do not compel." Take certain chances, sensibly.

September 24 to October 23 (Libra)—God gave each one of us a free will, but how we use it is our own responsibility. Scrutinize self as well as others, and don't rush. Better to be slow but sure.

October 24 to November 22 (Scorpio)—Steer clear of the "cinch" schemes that promise easy, effortless success. Use the best methods you know and don't gove up without really hard and sufficient effort. Reward always worth it.

November 23 to December 22 (Sagittarius)—A fairly good outlook for well-handled and well planned programs, business, trading, banking. Sound investments could bring returns eventually. Avoid speculative ventures.

December 23 to January 21 (Capricorn)—First things today: seek to learn, analyze and re-illuminate all situations. Remain in your own environment. You can make more progress there than far afield.

January 22 to February 20 (Aquarius)—A "faint heart" will not accomplish much today. It will take masterful hands and sterling efforts to match some of the exacting, exciting conditions facing us. You can win if you will.

February 21 to March 20 (Pisces)—You may have to hustle harder, have less time for recreation, but reward will be well worth while. Meet today's demands fearlessly, keep pace with events and don't take first rejections as final.

YOU BORN TODAY are jovial, friendly, self-reliant, enterprising characters. You have philosophical minds, sober temperament; are steadfast, hold friends through your magnetism, though you may have a tendency to brusqueness, blunt speech. Curb these traits carefully; they can drive away those you really want to like you. You are inherently loyal, and detest dishonesty, bickering. Seek higher education, follow your religion always.

38 Business Places To Close Dec. 26

Thirty-eight merchants and business men in Stroudsburg are sponsoring an advertisement elsewhere in this issue that they will close their stores and business operations on Saturday, December 26, the day after Christmas.

Advertising a similar plan is the Monroe County Clearing House Association, consisting of the four banks in the Stroudsburgs as well as the Stroudsburg Security Trust Company's branch in Barrett Township. Banks are open only a half day Saturdays.

Monroe County Court House offices will also be closed Saturday, in addition to the traditional Christmas closing Friday. These offices are also open only a half day on Saturdays.

Unlisted in the advertisement are other business establishments which have decided to close down their operations this Saturday.

Choirs Plan Annual Service At Water Gap

Delaware Water Gap — Annual candlelight service by the senior and junior choirs of the Presbyterian Church will be held here at 8 p.m. today under the direction of James Anthony III. Rev. Luther Markin will present readings.

Mr. and Mrs. Walter Bryfogle and Mr. and Mrs. Herbert Baker arranged decorations for this service and also the matins and pageant at the vespers Sunday.

At the morning worship the senior choir sang, with Mrs. Isabel Hauser as soloist. Marianne Drake was junior soloist. Mrs. Luther Markin and Mrs. H. W. Brodhead arranged the window decorations. Mrs. H. J. LaBar's Sunday School class brought the tree which was donated by Mr. and Mrs. H. B. Croasdale.

Girl Loses Finger Tip In Safe Door

A four-year-old Stroudsburg girl had the tip of her left forefinger partially amputated Saturday at the General Hospital after her hand was caught in a safe door at her father's business establishment.

The child is listed as Elizabeth Ann Hintze, 55 Brown St. She was one of five persons treated in the dispensary.

Two of the patients suffered cuts self-inflicted accidently by hunting knives.

Anthony Horlacher, 14, of 148 Ridgeway St., East Stroudsburg, cut his left index finger, and Isaac Martin, 36, of Oak St., East Stroudsburg cut his left hand.

Four-year-old Grover Hawley, RD2, suffered multiple cuts of the face, head and hands in an auto accident near Saylorsburg.

Peg Hauser, Delaware Water Gap, suffered bruises of the scalp when she bumped her head on a low ceiling while descending steps.

Larry Lee Hill was the name chosen for the six pound one ounce son born Tuesday, December 8 at the General Hospital in East Stroudsburg to Mr. and Mrs. George Hill, Saylorsburg. Mrs. Hill was the former Joyce Halstead, daughter of Mr. and Mrs. Clair Halstead, Saylorsburg.

Callers at the home of Mr. and Mrs. J. E. Serfass this week were: Mrs. Eugene Smith, East Stroudsburg, Mrs. Thelma Darr, Mrs. Betty Andre, Mrs. Lela Heller, Mrs. Mary Ejdys, Mrs. Anna Serfass, Stroudsburg, Mrs. J. H. Newhart, daughter Beatrice, son Russell, Stockertown, Mr. and Mrs. William Knecht, Mrs. William Butts, Bangor, Mrs. George Simms,

Pvt. James H. Butz

Pvt. Butz Ends Course At Pickett

Pvt. James H. Butz, son of Mr. and Mrs. Harris Butz, Tannersville, completed basic training recently at the Medical Replacement Training Center, Camp Pickett, Va. and is now home on furlough.

At MRTC, the Army's basic training school for medical enlisted men, he has received eight weeks of basic infantry training and eight weeks of medical training.

The infantry training covered subjects given to all new soldiers. Medical subjects studied included: anatomy, physiology, military sanitation, method of evacuation, emergency medical treatment, administration of medicines, ward management, hypodermic injection, and operating room technique.

Mr. and Mrs. P. Clair Meixsell, Col. and Mrs. Harry Serfass, Rev. and Mrs. Adan Bohner, Kunkletown.

Mr. and Mrs. Thomas Trach were Sunday guests of Mr. and Mrs. J. Stotz Singer, Bethlehem.

Latin Club Holds Panel Discussion

About 25 members of the Latin Club, the Collegium Latinum of East Stroudsburg Senior High School, held their meeting at the home of the adviser, Mrs. Eugene Martin, at 8 p.m. on Dec. 20.

Frank Ciofalo served as chairman of a panel discussion in which the following took part: Eleanor DeNike Heffner, who is majoring in Latin at Drew University; Harry Caulfield, who is taking Latin in pursuing his pre-med course at Harvard, and Constance Beers, who is majoring in music in the Yale University School of Music.

In their discussion, the panel members touched upon high school preparation, college requirements, scholarships, and college board examinations. A question and answer period followed the discussion. Caulfield and Miss Beers were members of last year's group.

After the panel, games were played under the direction of the program chairman, Sidney Heller and refreshments were served with Betsy Peeney as chairman. Other members of the committees were Elizabeth Kinerim, Constance Werkheiser, Eleanor Decker, Audrey Treible, Harold White and John Wiggins.

The officers of the Collegium Latinum are Ciofalo, consul, and Miss Quinlan, scriba.

Car Collides With Bus On Route 611

Arlington Heights — About $200 damages resulted at 6:35 a.m. yesterday when a car collided with the rear of a Delaware Valley Transit Co. bus on Route 611 near here. There were no injuries.

State police of Stroudsburg listed the auto operator as Martin L. McConnell, 30, of Pittston, and the bus driver as Leo A. Smith, 40, of 204 Smith St., East Stroudsburg.

Police said McConnell was following several other cars, all passing the bus, and in attempting to swing to his left, struck the left rear portion of the bus. Both car and bus were damaged an estimated $100 each.

Jamestown Cabinets Sold By Archibald

Whether you plan to build a new home or to modernize your present kitchen, you will profit by selecting Jamestown White Steel cabinets, sinks and tops.

The Jamestown White Steel line, referred to as the "aristocrat of steel kitchen cabinets," is sold and installed by the H. C. Archibald Co., 406 Main St., Stroudsburg.

Jamestown cabinets are reputed to be the "best on the market" for design, workmanship and quality.

Homeowners choosing Jamestown cabinets for their home have a large selection of standard and featured cabinets and accessories from which to choose. Stainless steel sinks and tops are "tailor-made" to fit particular conditions and space.

In addition to the standard white enamel finish, H. C. Archibald Co. also offers the Jamestown line in a choice of four popular colors: apricot, aqua, green and yellow.

In Pidgin English "grass" may mean grass, beard, feathers, fur or hair.

Color Guide Helps Select Right Shades

Next month, after the mad whirl of the holidays have past, you may want to do a little painting around the house.

Here's a tip in that regard from the folks at the Paint Service Center, the "Progressive Store for Color, Style and Service," across from the Sherman Theater.

If you want walls that are simply beautiful—yet practical because they're washable—then start enjoying the easiest decorating in the world with Super Kem-Tone.

After it is thoroughly dried, tests show Super Kem-Tone will withstand repeated washings with usual household cleaners without losing its beauty. Dust, grime, grease, even crayon marks wash right off its tight, rubber-tough surface.

Ordinary flat wall paints are as slow and old-fashioned as the horse and buggy. Today . . . right now . . . enjoy the easiest decorating in the world with Super Kem-Tone, the amazing new wall paint that dries so quickly you get a colorful "new" room in a day. It's so easy to wash because dirt can't penetrate its tough, tight surface. Choose from hundreds of the most beautiful, most fashionable colors you ever dreamed about . . . and for your woodwork, matching colors in Kem-Glo.

See the Super Kem-Tone Album at the Paint Service Center.

Payments Of $4 Million Recommended

Scranton (AP) — A special master recommended yesterday that the Bethlehem Steel Co. pay $4,073,124 to past and present stockholders of the Williamsport Wire Rope Co.

This recommendation by Albert H. Alston covers approximately two-thirds of the six million dollar cash settlement in Bethlehem's disputed 1937 purchase of the wire rope firm.

If yesterday's finding is upheld by U.S. District Judge Albert L. Watson—and that is deemed likely—lawyers representing the stockholders stand to collect about $1,800,000 in legal fees.

Charles R. Bidelspacher Jr., of Williamsport and four associates began working on the case in 1945, eight years after the wire rope firm was sold for $3,300,000. They were to collect—only if they won the case.

Judge Watson set aside the sale a year ago, and Bethlehem made the settlement offer which was accepted by the attorneys representing the protesting stockholders.

Aston's recommendations call for payment of $2,516,339 to holders of 6,004 shares of common stock and $1,556,784 to holders of 7,966 shares of preferred.

It is understood that preferred stockholders who retained possession of their securities would receive $247 a share. Those who sold their holdings to Bethlehem will get about $45 less a share.

Common stockholders, under the recommendation, would get $443 a share.

Aston pointed out that most of the stockholders are residents of the Williamsport area who had invested their life savings in the wire rope firm.

Still pending are recommendations for disposal of claims for 1,000 shares of preferred and 1,986 shares of common.

Biggest payments, under the recommendations, go to:

George S. Munson and family, of Philadelphia, $629,925; George W. Hartke, Buffalo, N.Y., $640,000; estate of Robert Gilmore, former president of Wire Rope, $469,350; estate of Henry McCormack Cochran, Williamsport, $290,850.

The judge probably will set a date for next month for objections to the recommendations, though none is expected. Payments probably will be made in February.

It is estimated that 400,000 people in the United States now have active tuberculosis. About 150,000 of these are unknown to health authorities. People can have TB in its early stages without knowing they are ill.

New Rule Permits Registrars To Copy Death Certificates

Harrisburg, (AP)—A new plan under which local registrars will be permitted to make copies of death certificates goes into operation in Pennsylvania next month.

By speeding up issuance of death certificates, the new program is expected to prove a boon to obtaining quick action on documents needed to collect insurance, Social Security benefits, settling estates and transferring automobile titles.

"This is a new idea which should meet wide general public approval," said Dr. Albert E. Bailey, director of the Bureau of Statistics and Records.

"Funeral directors, in particular, will see their duties lessened in behalf of clients."

At present, death certificates are sent immediately to the state Capitol at Harrisburg, thus delaying the issuance of copies.

Operation of the new plan will begin in Philadelphia, Pittsburgh, Erie, Scranton, Wilkes-Barre, Reading and Allentown. It will be applied later in other communities.

All local registrars must be briefed by state officials on the new procedure. Since all cannot be visited at one time, only the selected cities will inaugurate the plan at the beginning.

Local registrars number some 500 in the state. They are part-time Health Department appointees who record births and deaths on a fee basis.

Under the new plan the registrar will be given a supply of death certificate forms for copying purposes only. As in the past, he will make an official record of the death.

But instead of immediately forwarding it to Harrisburg, he will retain it until the fifth day of the month following the death.

During this period—ranging from 5 to 36 days—funeral directors will be able to obtain any number of required copies for the family of the deceased.

Registrars will be paid $1 for issuing each certificate. That's the same amount charged by the state Vital Statistics Bureau.

Programs At Ramsey Today

All Ramsey School Christmas programs will be presented today, according to Roger A. Dunning, Stroudsburg elementary school principal.

All parents and friends of pupils in the Ramsey school are invited to attend the special programs throughout the day, Dunning said.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 2. The result is your keynumber. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Smrz Attends Meeting Of Plant Heads

Representing Line Material Co., N. Burson St., East Stroudsburg, at the annual three-day plant managers meeting held from Dec. 16 through 18 at the Milwaukee home office was G. L. Smrz, Dreher Ave., Stroudsburg.

Major topic for discussion was production planning for 1954 headed by John Van Vleet, vice president in charge of manufacturing.

Conferees represent the electrical firm's plants in Olean, N. Y.; East Stroudsburg, Pa.; Zanesville, Ohio; Birmingham, Ala.; Sherman, Texas; North Kansas City, Mo.; Barton, Wis.; two plants in South Milwaukee, Wis.—Central and Kyle Products, and Illinois Electric Porcelain Co.; Macomb, Ill., a subsidiary of McGraw Electric Co.

Midnight Candlelight Service Scheduled Christmas Eve In St. John's Church Here

The Festival of our Lord's Nativity will be ushered in at a midnight candlelight service in St. John's* Lutheran Church on Thursday night beginning at 11.

Each year this service attracts a large throng to keep the holy night vigil in the church. The service features special music along with the singing of familiar Christmas carols by the congregation.

The pastor, Rev. Dr. P. N. Wholsen will bring the Christmas message on the theme "Light at Night."

Richard Lindroth, choirmaster at St. John's, announced that the service will be preceded by a 15-minute recital by Richard Manheim, organist. He will play "Carol Song," "Saviour of the Heathen" and "Coventry Carol."

The service will open with the singing of "Holy Night" by Frances Hartzell Meredith, local soprano. The processional in which congregation will unite is "O Come All Ye Faithful."

During the service the Senior Choir will sing "Peace on Earth" and "Bethlehem," while the chancel choir will sing "Angels O'er The Fields Were Flying" and Mrs. Meredith will sing "Jesu Bambino."

The church has been adorned with Christmas decorations. Altar flowers will be placed by Mrs. John B. Van Why as a memorial to her mother, Mrs. A. F. Everitt, while a chancel basket of flowers will be placed by Mrs. Arthur E. Kitzman and Anna Sorenson as a memorial to their parents, Mr. and Mrs. Edwin Frable.

Robert Kitchen will serve as acolyte, while Calvin Butts, A. E. Kitzman, A. W. Munson and William Heckman will serve as ushers.

The service will conclude at 12:15 a.m. The public is invited to attend. The special offering will be used to meet the indebtedness of the church.

In 1952, the United States for the first time had fewer trucks in use than the rest of the world combined.
